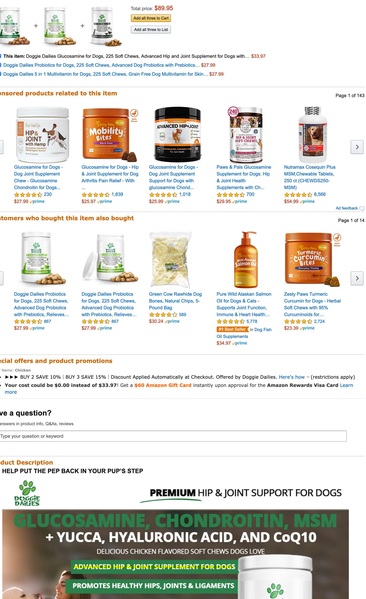
Product Description

HELP PUT THE PEP BACK IN YOUR PUP'S STEP



WHAT WE'RE ALL ABOUT

To say we are passionate about dogs would be an understatement. We are dog lovers and proud doggie parents. We believe that when you get a dog they become a member of your family and as their human counterparts, it is our responsibility to provide them with a happy and healthy life. It is that belief coupled with the pride we take in delivering effective, high-quality supplements that make Doggie Dailies truly special.

OUR MISSION

You care about what you feed your dog and so do we! In 1991, we set out on a mission to produce safe and effective, premium-quality supplements that dog owners everywhere can feel confident giving their dogs. Years later, we have thousands of reviews, stories, and emails from happy customers who can't believe how much our products have helped their pups. We love what we do and we're excited to continue our mission in providing doggie parents everywhere with uncompromising, high-quality products they can trust.

WHAT IS DOGGIE DAILIES ADVANCED HIP AND JOINT SUPPLEMENT?

Doggie Dailies is a safe and effective hip and joint soft chew your dog will love. Our glucosamine dog treats are specially formulated to help promote healthy joints, improve mobility, and ease discomfort. A daily dose of Doggie Dailies soft chews can help improve your dog's mobility and overall joint health.

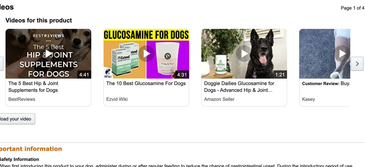
WHAT DOES IT DO?

- Promotes healthy hips, joints, and ligaments
- Supports healthy cartilage
- Helps increase mobility and natural energy levels
- Helps ease discomfort
- Delivers vital vitamins, minerals, essential enzymes and nutrients

WHAT SETS DOGGIE DAILIES APART?

We've been producing premium dog supplements in the U.S. since 1991. Our experience over the past 29 years has allowed us to perfect a formula that has helped thousands of doggie parents improve their pup's joint health. Our formula is palm oil free and **contains the perfect balance of six powerful active ingredients known to support dog joint health.**

IMPROVING YOUR DOG'S JOINT HEALTH IS IMPORTANT - OUR SOFT CHEWS MAKE THAT EASY



MORE THAN JUST GLUCOSAMINE AND CHONDROITIN FOR DOGS

GLUCOSAMINE: Glucosamine is a natural chemical compound in your dog's body. It has natural anti-inflammatory properties and plays a vital role in building and maintaining healthy joints

CHONDROITIN: Chondroitin is a vital component for healthy growth and maintenance of cartilage. It helps attract fluid into the connective tissue surrounding the joint. This provides additional shock absorption and lubrication which helps ease pain and discomfort

MSM: MSM (methylsulfonylmethane) is a natural sulfur compound that acts as a powerful anti-inflammatory. It helps improve joint flexibility and reduce pain and inflammation

HYALURONIC ACID: Hyaluronic Acid is an important component of joint fluid. It increases the joint fluid's thickness which provides additional cushioning for the joint.

COENZYME Q10: CoQ10 is one of the most important nutrients for older pets. It is a naturally occurring antioxidant abundant in young dogs, but your dog's ability to produce it decreases as they age. CoQ10 supports the heart and kidneys and increases natural energy levels. It is also known to help maintain some symptoms of arthritis

YUCCA SCHIDIGERA: Yucca Schidigera is a medicinal plant native to the South-Western United States and Northern Mexico. Yucca was used in Native American herbal medicine as a cure for dandruff, headaches, and arthritis. It has powerful anti-inflammatory effects. Studies show that adding Yucca to your dog's diet can help support joint health

Important information

Safety Information
When first introducing this product to your dog, administer during or after regular feeding to reduce the chance of gastrointestinal upset. During the introductory period of use, dogs may experience loose stools, diarrhea, nausea or vomiting. If side effects occur discontinue use immediately. If symptoms persist, consult with your veterinarian immediately. Dosage may be divided throughout the day during the introductory period to allow dogs to acclimate to the product. Consult your veterinarian before taking this product if your dog is on a high fiber diet. Not intended for dogs who are pregnant or may be nursing. Discontinue use if your dog experiences side effects. Product contains chickenjerky. We recommend consulting your veterinarian prior to using this product.

Seller Warranty Description
Your satisfaction is our #1 priority! If you are not happy with our product for any reason, we will happily provide you with a full refund, no questions asked.

Question: How much glucosamine hydrochloride and sodium chondroitin sulfate in mg does this product have per tablet?

Answer: Reading from the back of the container, the ingredients are as follows: 100 mg Glucosamine; 100 mg MSM; 50 mg Chondroitin;50 mg Yucca Schidigera; 1- mg Co-EnzymeQ10; and 10 mg Hyaluronic Acid. I know you didn't ask for all the ingredients, but I would have found this info helpful, so I thought perhaps you might, too.

Question: This supplement has a strong flavor? tastes like chicken? bacon? my dog is very picky and doesn't eat any supplement without a strong flavor, thanks.

Answer: Doggie Dailies is chicken flavored, and also includes chicken liver. Most dogs eat Doggie Dailies happily. Should your dog resist Doggie Dailies initially, often times it is helpful to crumble the nuggets over their food. Typically most dogs will become used to the flavor this way and will take the chews on their ow… see more

Question: Is this product veterinarian recommended?

Answer: My vet recommended my old dog take veterinary Glucosamine/Chondroitin which this is. They didn't recommend this brand specifically but it seemed like a good one to try both product ingredient and price wise. My dog is taking quite a few other pills so I wanted something he might take alone as a treat. He loves these.

Question: All the active ingredients described above are in 1 chew.I have to give my dog 1000 mg glucosamine/day.Not clear in the description.

Answer: Thank you for your question. Each chew contains: 100 mg of glucosamine, 100 mg of MSM, 50 mg of Chondroitin, 50 mg of Yucca Schidigera, 10 mg of Co-Enzyme Q10, and 10 mg of Hyaluronic Acid. Our suggested dosage is done by the weight of your dog. We suggest: 0-15 lbs -1 chew per day; 15-30 lbs - 2 chews per day; 30-4… see more
