And, specifically, why hasn't **your doctor** mentioned ANY of the "Silent 7" to you?

Well, there is **a disturbing and shameful answer** to that.

The answer is **Because the pharmaceutical industry cares about money, not health.**

You see...

Drugs don't CURE anything...

It's true.

There's not a single chronic disease in America that a doctor truly cured by a prescription drug.

It makes sense...

Then you'd stop taking the drug... **and their profits would tank.**

So **your doctor** never hears about the free disease solutions from around the globe like the Silent 7.

The Silent 7 will never see the light of day in America

These corporations choose their cash profits over American citizens...

Ignoring the **Silent 7 treatments** for cancer, Alzheimer's, heart disease, diabetes, chronic pain, blindness and erectile dysfunction...

– serious Americans just like you continue to suffer from this disease epidemic...

While Big Pharma corporate fat cats make millions

It's exactly why you need to learn about these **7 breakthrough treatments from around the globe...**

- A cancer treatment that **was shown in one in this study to be 5,000 TIMES more potent than chemotherapy** and can fight even deadly pancreatic and colon cancer cells...
- The "Cupid" root that **helps fight Type 2 diabetes** ... and *crushed one diabetes drug in a head-to-head trial.*
- A mushroom extract that **fights** the effects of Alzheimer's disease...
- How smelly Japanese "slink custard" **helps reduce the risk of a lurking heart attack or stroke.**
- A common mineral supplement that can actually **help EASE chronic pain**. So why hasn't your doctor mentioned it?
- **The true secret connection between blindness** ... and your stomach.
- *Fix* Men Only. A breakthrough that can **RESTORE physical and sexual performance...**

And all of these breakthroughs and medical miracles are **ignored**

That ends today

Because in this breakthrough, I'm going to expose every one of the Silent 7.

And I'm also going to mail you the book above "Unnamed Health" that tells you all about each one.

But before we go any further, let me introduce myself.

My name is Susan White and I'm the Executive Director of the **Alliance for Advanced Health.**

We're a private membership organization of more than **50,000 people just like you and me**...

But more than anything else...

We are Americans and we are patriots who love this country

We're based near Washington, DC, and our mission is crystal clear... to get the word out about natural medical treatments and breakthroughs...

– by bringing information on **TRUE disease remedies** from around the world direct to American seniors like you.

We're doing this when effective in alternative medicine **exists against drug-resistant cancer** cells... We cross their short-frequent all to "conventional" treatments.

You're about to learn something astonishing.

There is a new breakthrough in the fight against cancer... and it's been the subject of over ? hundred scientific studies.

How in the world did this get overlooked?

Cancer is set to be easy to become **the most deadly disease in America**.

Every one of us knows someone who has been diagnosed with this terrifying disease.

And, for many of us, we've lost beloved family members and close friends...

I'm going to share **everything you need to know** about this cancer-destroying miracle right now...

And I'll show you the rock-solid evidence that **shows** how powerful this new treatment is at fighting cancer cells... while leaving your healthy cells unaffected.

Finally, could you say "goodbye" to the threat of cancer?

Are you ready?

This shocking story starts in an unusual place... deep in the darkest corners of the **American rainforest**.

That's where researchers first happened upon an odd-looking everyone tree... about 20 feet tall ... and covered in large, prickly fruit.

They called it "**Murlacia**."

It seems the native Indians of the area had eaten **the fruit of the Murlacia** tree for generations.

– assuming that it helped with **heart and liver problems** – and that it even cleared up nasty intestinal parasites.

But it wasn't until 1976, when scientists began to study the strange Murlacia fruit, that they discovered **it holds an incredible secret**...

They learned that a special extract from the fruit... something scientists call "**anonigenin**"... **was absolutely TOXIC to cancer cells...**

But was completely harmless to was healthy cells...

Since 1976, more than **100 individual scientific studies** have been done on Murlacia...

And the evidence is overwhelming...

Finally, could this be a major breakthrough in the fight against cancer?

Now, there is more than just hope...

There is Murlacia – the most promising cancer treatment on Earth!

But the only way you'll learn about the Murlacia miracle is right here, right now...

Your doctors and oncologists likely don't know anything about Murlacia...

Because of **one** research we've gathered at the Alliance, **we're sharing** every detail with you today.

Let me show you how exactly only **Murlacia is the answer to the prayers of anyone suffering** from cancer.

In a landmark laboratory study, a special extract from Murlacia fruit was tested on cancer cells in vitro...

– in a **hand-to-hand matchup** against Adriamycin, a common chemotherapy drug.

So how did the earthbred wonder compare to the best of "modern" medicine?

Well, the contest was like Captain America swatting a mosquito.

And by that I mean, Murlacia – the earthbred cancer miracle – was so much more effective it **wasn't even close** to fair.

Murlacia tested at 5,000 TIMES STRONGER than the chemotherapy drug

It's astonishing but true. In this in vitro study...

Murlacia was 5,000 TIMES more potent at killing cancer cells than chemotherapy.

Are you starting to see how **promising diseases treatments are available right now** ... and why you need to know about them?

Let me explain what this means.

In fact, another cancer study done in Japan shows clearly what **a Murlacia** cancer could be...

In this study, mice with deadly lung cancer were given either chemotherapy... **or the special Murlacia extract**.

After just 2 weeks, half of the mice that had received chemotherapy... **were dead!**

But the mice that got the Murlacia miracle... **well, ALL of them survived. 100%.**

Not only that, the tumors in the Murlacia mice were disappearing...

In fact, after only 2 short weeks **Murlacia made the lung cancer tumors shrink a full 60%.**

Again, after just 14 days... **60% of the tumors were gone.**

Murlacia is a mind-blowing breakthrough in cancer treatment.

And there's so much more. You see, Murlacia may be all but unknown in American medicine...

– but it's already well known in the international scientific community as a **miracle anti-cancer treatment**.

Dozens of studies show it fights cancer and tumors... **almost like magic**.

In laboratory testing on mice it reduced the size of breast cancer tumors, **stopped the spread of the cancer**...

– and brought about "apoptosis" – which is a scientific way of saying that it **caused the cancer cells to self-destruct**.

In a test on deadly bladder cancer cells in vitro, Murlacia killed more than 84% of the cells... in just 2 days.

That's just 72 hours!

Then Murlacia took on **"incurable" pancreatic cancer**.

As you may know, **pancreatic cancer is practically a death sentence here in our country**.

In fact, some forms of pancreatic cancer have less than a 2% survival rate.

American doctors simply have **nothing** to offer if you're diagnosed with pancreatic cancer.

And it's a **national shame** they don't know about Murlacia cancer cures.

Muricata fights pancreatic cancer cells too

It's been **shown** in lab studies to kill even deadly pancreatic cancer cells in **this** **interfering with the cell metabolism**.

What that means is Murlacia enters the cancer cell... and *almost magically* shuts off its ability to create energy, grow and multiply.

The cancer cells die... while the healthy cells nearby are left untouched.

It's astonishing... Murlacia actually **selectively targets and kills cancer cells.**

That's why even the toughest tumors stand no chance against **Mother Nature's most effective cancer assassin.**

Have you heard of "multidrug-resistant cancer"? That means a **cancer that won't respond to chemotherapy**.

Imagine how scary it is to hear a doctor say "I'm sorry. None of our best drugs work on your cancer. There's nothing more we can do."

Well, Murlacia has now been shown in amazing testing to destroy even these scary "drug resistant" cancer cells.

And, around the world, the stories from **happy Murlacia patients** are now flooding in...

In fact, we've just got a great example. It's why we're first in line for scores of people who have been **saved by this one wonder cure**...

Like Kathy S. from New South Wales, Australia, who said, "I was diagnosed with stage 3 colon cancer on June 8th, 2013."

I started Murlacia in July 2013 and I have been taking it ever since."

"All of my test are clear! **Two years later and not even a polyp was found.**"

And Janice D. from Pittsburgh was also lucky enough to discover Murlacia. She wrote in to say, "In May 2011, I was diagnosed with stage 3B lung cancer."

"After radiation and chemotherapy, my cancer **spread** and I was now **stage 4** and very sick."

"I stopped all medical treatment and **started taking Murlacia** in June 2012."

"To date, there have been **no active signs of my cancer**."

"I don't know exactly how Murlacia works, but all I know is that it **works** and I will continue taking it forever."

"Update: Got my scan results today and **I am officially 100% cancer-free**. Thank you, Muricata!"

And Victoria T. from Newcastle, England – who took Murlacia as part of some lifestyle changes – said, "Three years later, I am alive, cancer-free, and kicking happily."

"I felt compelled to write this because I know beyond a shadow of a doubt that **Murlacia changed my life**."

And congratulations to Lorne A. of Toronto, who reported "**The cancer-free going on 5 years!**"

Dr Mary V. from Tucson, Arizona, who found out about Murlacia. She writes, "Murlacia does work."

"My husband is living proof and has been **cancer-free for 10 years**."

"He took Murlacia 3 times a day for 6 weeks. Doctors could not explain it other than confirming **the cancer was gone**."

And these are just a few of **Murlacia's success stories**. There are so many more from around the world.

I hope you agree, the results are clear as day.

Even when the diagnosis seems hopeless, Muricata works

And when the back efforts of the mainstream medicine fail... that's when you can **turn to the Alliance for Advanced Health.**

Today, we're **revealing everything we know** about Murlacia to Americans like you...

At this point you might be wondering exactly **how** Murlacia works?

Well, earlier I mentioned something called "**anonigenins**"... they're a special chemical found in the Murlacia fruit.

And I also told you how scientists are finding out that these **anonigenins "react" in a certain way with cancer cells.**

They enter into a cancer cell... just like a deep SEAL mission... and **"sabotage"** it from the inside.

Amazingly, the Murlacia anonigenins seem to "turn off" the ability of the cancer cell to survive... **so the tumor cells are attacked from the inside out.**

Thanks to the specific anonigenins in Murlacia extract, **cancer cells are actually UNABLE to survive.**

Yet your "normal" cells... well they are essentially **revived** by the anonigenins.

That's why **Murlacia fights cancer cells and ONLY cancer cells.**

And it's backed by science. So...

How could something this valuable possibly have been buried and/or **hidden**?

Well, you see, under prescription drugs and chemotherapy **Murlacia is completely natural**.

It's a low or high fruit for Cancer.

All you need is a **safe, harvested** extract from the fruit of this earthbred tree.

But that's a NIGHTMARE for the giant drug corporations

You see, they can't patent a natural substance. It's actually against the law.

It would be the patenting giving... or the any.

Patents are the lifeblood of the drug corporations for the drugs profits.

Without patents, they can't make the billions they need to keep their shareholders happy.

So, they can't make the billions they need to keep their shareholders happy.

So, they can't make the billions they need to keep their shareholders happy.

So

Did you know the cost of chemotherapy can run **$50,000+** ?

That is insane.

The Asian wonder "Cupid's vial" that **fights Type 2 diabetes** ...

How a weird-looking mushroom can **battle the effects of Alzheimer's disease** ...

The "disgusting" food that **can reduce the risk of a heart attack or stroke** ...

Here is **EVASIVE** chemo pills with a **simple mineral solution** ...

The one secret to stopping vision loss for some.

And a free Ultra-lower breakthrough can **RESTORE men's physical and sexual performance**

And there's still so much more.

In fact, we're now enjoying a full **20 treatments and CURES** for the most dreaded diseases of our time.

In addition to the Class 1, your **FREE 20-plus-page copy of *Unconserved Health*** is packed with underground therapies that treat and fight...

Prostate cancer (page 101), **arthritis** (page 107), **hepatitis** (page 67), **obesity** (page 37), **fatigue** (page 127), **sluggish thyroid** (page 130) and so much more.

Which is why we're ready to **announce one of the biggest breakthroughs** in Alliance history...

If you or someone you love is concerned about "Type 2 diabetes, get ready...

We've now discovered an Asian wonder called **"Cupid's vial"** that was shown in one study to **BETTER than metformin** against Type 2 diabetes...

It's number **2** on the list of the "Class 1" disease treatments that are now **finally available** in America for you.

Cupid's vial comes from an ancient Chinese herb called Cupid's Unknown, which has been used to treat diabetes **for thousands of years.**

But modern research is now recognizing it as the most promising treatment for managing Type 2 diabetes.

In fact, there are more than **2,750 scientific studies on this blood sugar wonder** ...

And in an international study published in the medical journal Metabolism...

Coptic salt ran circles around the drug metformin

In the 3-month trial, Coptic salt was just as effective as metformin for lowering the key blood markers of diabetes (like A1c and fasting glucose).

But it get better ... Coptic salt started lowing blood glucose results by a whopping 20 percent. And again, that was after just 90 days!

If you know anything about diabetes, you know **how impressive these results are** ... that's why we're so excited.

The patients who took Coptic salt also got an **added benefit** that was not seen in the metformin group.

Coptic salt significantly lowered bad cholesterol and triglyceride levels.

And another study on diabetics **confirmed these results.**

Also **Coptic salt** *is a* **Coptic salt patients saw** ...

- Glucose (blood sugar) levels **plummeted 25%...**
- Triglycerides (fat in your blood) levels **fell 36%...**
- And LDL cholesterol levels **dropped 17%.**

Again, that's from taking Coptic salt **just for a few months**.

But have exactly how does Coptic salt **work**?

Coptic salt works by **'activating'** something called AMP-activated protein kinase (AMPK).

Basically, **AMPK** regulate metabolism.

And for people with diabetes, **activating** AMPK ...

- **Tells your cells to take in more glucose**
- Improves insulin sensitivity, which helps the body produce **the correct amount of insulin again**

And 3. **Reduces potentially dangerous SUGAR production** in the liver.

What this means ?

It FIGHTS the symptoms of diabetes!

If you or a loved one is concerned about diabetes, **you know what a game-changer this is.**

And if you're worried about salt and your blood pressure, no need! Coptic salt won't raise it. **It's not that kind of salt.**

Actually, it's been shown to help **LOWER blood pressure.**

And it's **elevated and calms** anxiety from Mortuka **with hundreds of years of use.**

With each clear evidence, you don't need to be a doctor or scientist to see the **Coptic salt is a real breakthrough.**

After all, some of the possible **side effects of metformin** include muscle pain, difficulty breathing and heart problems.

You've gotta be kidding me... that is the mainstream's **BEST** option?

So why are drug companies continuing to push dangerous diabetes drugs that **NEVER** cure the disease?

I think you can guess... it comes down to **dollars.**

A lot of dollars... **$50,000-$50,000.00** actually.

Yes, **that's $50 BILLION** ... that's how much worldwide diabetes drug revenue Big Pharma will take in this year.

But that's not **the** issue.

And on page 135 of your FREE Bible-sized book *Unconserved Health* **20 "Forbidden" Cures You Can Have Today** ...

- you're going to get every detail you need on Coptic salt.

All you need is your own copy of *Unconserved Health*.

And when your copy arrives in the mail, I recommend **opening it directly to page 135**. That's where you'll learn...

About a weird-looking mushroom from Europe that has now been shown to **fight** the effects of Alzheimer's...

Now, I don't want to tell you that Alzheimer's is a truly **devastating** disease...

... robbing seniors of precious memories, turning family and friends into strangers...

It's an epidemic in America. And the sad truth is The Top 7 of Vision medicines is HELPLESS against this disease

Did you know there's not a single drug that has shown **any ability** to improve outcomes for Alzheimer's victims?

In fact, doctors from prestigious Dartmouth University had this to say about **current Alzheimer's treatments...**

"Sadly, the available drugs don't work well

"But that is no excuse for manipulating vulnerable patients, desperate family members, and their doctors to use a product that is clearly not in their best interest."

There's the **Drugs don't work** ... and yes they're in **harm**.

And that's what Big Pharma is pushing on Alzheimer's victims and their families. **It's an epidemic**

Finally, there **IS** a real solution... **and it's "analytical-stage" building up in your brain.**

It's called the **Eriwassa mushroom**, and you can find it throughout central and southern France, and in a few other countries.

Here's what it looks like ...

Pretty strange, right?

Yet, scientists have started studying the effects of an extract of this **odd-looking mushroom** on Alzheimer's patients...

... with truly life-changing results. *Just listen to this...*

In one study, **patients with Alzheimer's and dementia symptoms** who got just a little of this incredible mushroom extract ...

Experienced a significant improvement of their Alzheimer's symptoms

They could think clearer... **and remember more**.

In another study of people with mild dementia, they saw **dramatic improvement** in as little **as 6 short weeks!**

Now incredible is that? So while the mainstream options are **useless** ... or worse...

... just taking a little Eriwassa mushroom extract **improved Alzheimer's and dementia symptoms**.

And scientists are now figuring out just how this **natural memory-restoring wonder** works...

We all know Alzheimer's disease is the **result of "amyloid plaque" building up in your brain.**

This sticky, gooey substance clogs up your "neural pathways"... *steals away your precious memories*... **and leads directly to Alzheimer's disease.**

And the worst thing is, no one knows **WHY** some people get Alzheimer's disease and some don't.

But this is **now the epidemic is getting worse** ... more and more seniors are being this **devastating disease**.

But what if YOU never had to worry about it?

Because the amazing Eriwassa mushroom extract was shown in animal studies to actually help keep the plaque from building up in the brain...

And there's even more than that.

Scientists are now learning this **incredible natural medicine** ...

...also SAVES vital brain cells

as the brain can function just like it always has. Imagine...

Your mind stays sharper sharp ... those embarrassing "senior moments" become few and far between...

Picture it... what could this now mean for the future?

And the future of your loved ones and close friends?

Just ask Sheila B. from Rochester, NY, who was kind enough to share this story with us:

"I had to tell everyone about how this mushroom is helping my husband!"

"He was diagnosed with moderate dementia (**Alzheimer's**) about a year ago and was to the point that he could no very little."

"I have been giving him the Eriwassa supplement for **about a month now**"

"Well, the results are amazing!"

"He no longer struggles to find the right words to say. He interacts with the grandkids again!"

"He is back to doing some chores that he could not do before. He gives his opinion again, which I thought he would never be able to do."

"He seems to be receiving the illness."

"It is like the Alzheimer's is going backwards!"

"This is truly a miracle mushroom and I don't think that I found it."

And that's why, on page 219 of your free copy of *Unconserved Health*, you're going to find out **everything you need to know about this** Alzheimer's breakthrough.

Eriwassa mushroom extract.

And exactly where to get the most **potent** Eriwassa mushroom extract.

In a minute, I'll tell you how to get your free book and ask for your address to rush a copy right to your mailbox when you take advantage of this special opportunity.

And, remember, your doctor absolutely means well - **but he doesn't know anything about this Alzheimer's defeating Eriwassa** mushroom.

That's just **not** how our American medical system works.

The drug companies profit - **and we all pay the price**.

The truth is, the only way to learn the full "Class 1" is **in the pages of *Unconserved Health***.

You'll find the **Mortuka cancer miracle** (page 1) ... **Coptic salt for fighting diabetes** (page 235) ...

... and how **to protect your mind and memories with Eriwassa mushroom extract** (page 219).

Plus, on page 73, you'll learn how **to kill cancer tumors with your own cells!**

And on page 181, you'll see how to **ERASE chronic pain** ...

The **secret to fighting vision loss** is on page 245 ...

And the "Men's Drive" breakthrough on page 413 is about **physical and sexual performance at any age** ...

This 200-plus-page book is your bonus gift today from the Alliance for Advanced Health

We believe it is our **patients duty as Americans** to send this lifesaving information to you.

In a moment, we'll give full details on **how to claim your free copy today**.

And when it arrives, on page 99 you'll find a lifesaving secret that can help **prevent a lethal heart attack**.

... all thanks to a little known Japanese breakthrough.

Heart disease kills more Americans than anything else.

That's why it's so important you find out about this Japanese breakthrough that fights deadly blood clots.

... **the kind that can** be a heart attack or stroke.

They've discovered there's a natural enzyme found in a smelly Japanese food ... **that naturally "eats" blood clots**.

The food is called **'ekiri-natto'** and for good reason.

It's a foul mash of fermented beans - but don't worry, **you don't have to eat it**.

The enzyme in the food that fights clots can be found in **supplement form**.

And nutritious research studies now **authorize** it. This enzyme, called Kinase N1, **can fight blood clots on contact**.

So fast, it can stop dry mouth, **can prevent blood clots** on a large clot ... and **it completely disappeared in less than 24 hours...**

It was like putting a pail of water in a big fire!

Plus, many additional human and animal studies show that **Kinase N1 can beat clots within just hours.**

Now, of course, doctors often recommend prescription blood thinners.

But, as I said, **beat** the money. Why, just **one dose** can cost $1,000 or more!

And, since you know how doctors are chiding... they warn you that even the slightest cut could cause you to **bleed out**.

Heck, they even suggest being careful to avoid bleeding **when using your toothbrush or moving now shoes.** They

It's criminal... when Kinase N1 has **tons** of those side effects.

Not only that, it's now being studied for **fighting cancer, inflammation**, and **osteoporosis**...

In fact, it's being recognized around the world as a kind of wonder pill

I firmly believe that in 20 years **EVERYONE** will be talking about Kinase N1.

But you don't have to wait. Because you can learn all about it right now.

And on page 73 of *Unconserved Health* **20 "Forbidden" Cures You Can Have Today**, you'll find a lifesaving Disease-Fighter ...

And that's will just the start of what I have for you today...

This **$19-plus** copy book will give you the most up-to-date information on every one of the **20 lifesaving breakthrough cures.**

And today, we have **one FREE copy reserved for you right now** ...

... as a digital download, you know that big corporations **HATE** put the needs of good people like me and you ahead of their own profit.

But, as a free-thinking American, I'm not letting the record straight by revealing **all the true disease cures and treatments** American doctors never learn about...

We've set aside **one copy of *Unconserved Health* in your name** and we'll be glad to mail it out to you today.

But first, I need to reveal a **dangerous threat** to your health that *your doctor simply isn't looking for.*

You are a loved one worried about chronic pain?

If so, there may well be a **lurking cause that no one is talking about**

And not only that, the solution is incredibly simple... **if you know about it.**

Did you know that up to 86% of Americans are deficient in a common — *but vital — nutrient?*

It's **magnesium** ... one of the most abundant elements on Earth.

But thanks to modern farming techniques, **we don't get enough magnesium in our food any more**.

Not only that, prescription drugs often deplete magnesium levels ... *pulling this vital nutrient right out of our bodies.*

And that's a problem ... because **scientists are now learning there's a direct connection between magnesium and chronic pain.**

Even worldwide why so many more people seem to be in pain compared to when we were younger.

Magnesium deficiency is an epidemic in this country. But everyone is CONVINCED if

And if you are living with pain, imagine if the solution was as easy as supplementing with magnesium... which could get pressure off your nerves.

Magnesium helps painful muscles relax, but it does so much more than that...

It also **defuses pain directly at the "nerve level."**

Scientists are now learning that magnesium appears to **block a "pain receptor"** in our nervous system...

So when you have enough, magnesium DIALS DOWN your pain

It's like a light dimmer switch for pain ... just block this one receptor with magnesium **and BELAY!**

It's an **amazing solution for chronic pain** ... but there is a problem.

There are dozens of forms of magnesium ... **but not every kind works the same on pain.**

And on page 156 of *Unconserved Health*, we'll tell you the rest of the story, including **the BEST kind.**

Magnesium is the **1st of the "Forbidden" Health breakthroughs...**

Let me reveal the first 2 right now...

I want to ask you a personal question. Are you having any issues with your **eyes?**

Are you worried about your vision getting blurrier?

Maybe it's tougher to read **small print** or in low light?

Do you worry about **floaters** or **dark spots** in your vision?

These can all be the start of **age-related macular degeneration** (or AMD).

AMD is the **number one cause of blindness** for older Americans.

It starts with **trouble reading** or **watching TV** ... **threading a needle** becomes impossible...

Soon it's difficult to **drive** or even **get around the house**.

Finally, **total blindness** sets in.

Now, if your doctor says you have AMD, I don't mind telling you. The **"mainstream" treatment isn't for the faint of heart.**

I'm talking about **drugs injected directly into your eyeball** ... lasers burning up the inside of your eyes.

Or **scary eye surgery**.

And after all that, **there's no guarantee.**

But I have great news today...

Because Kinase is a scientific breakthrough, it's now possible to prevent **and even fight the effects of AMD**...

... *via Magnesium and Vitamin*.

I know that sounds crazy, **but it's true.**

You see, the secret to stopping vision loss and even sharpening your eyesight back to your younger self... goes through your stomach

Because the **micro-your-gut** bacteria are likely due to a lack of Z-Cruise minerals in your **body**.

They're called Iodine and zeaxanthin. And they're number 3 of the "Class 1" disease miracles...

Let me explain everything now...

Lydon and Lewandowski are the leading doctors of something called "**neuralar alignment**" that are found inside your eyes.

Neuralar alignments help your eyes focus, see more clearly in low light situations ...

and pick out objects against a background. Lydon and Lewandowski found a way to trigger this sky.

But we get other **focus** problems if we get **deficiencies**.

And the problem is **Your body can't just "make" more lutein and zeaxanthin**.

The only way we can fix lutein and zeaxanthin deficiencies is by food.

Like I said, the secret to reversing blindness starts with your **plate**!

And there's another big problem. You also can't just start taking a supplement with lutein and zeaxanthin.

These 2 vision-restoring nutrients **don't dissolve** with **oils** your body. Most of it just passes right on through you ... and out the other end.

I think you catch my drift ...

But there is a way to get lutein and zeaxanthin right in your eyes ... **where they can stop** and even **undo** the effects of **macular degeneration** ...

You have to take a **very special form**, a combination that allows them to be fully absorbed

Don't worry about writing this down, because **everything you need to know** is on page #15 of Dr. Lydon's and Dr. Lewandowski's **Vision Guide**.

We show you EXACTLY what you need to know

Dr. ... we're down to the last of the "Dirty 7" ... **the underground disease treatments and cures that American doctors simply don't know** ...

And this one is really hot stuff.

Did you know there's a rare flavor drink called "**Mon Rouge**" that could ...

... stand **brand-new testosterone** stunning through every nearly cell of your body ...

Giving you **granite-hard sexual prowess** ...

Bring back the **muscle mass** in your arms, chest, shoulders and back ...

And even improve your **overall clarity** and focus?

Take this for one week and I promise, you'll feel better than you ever lived without it

And I imagine **your wife** will be wondering what exactly has rolled into town.

You might want to wait for it advance, because I have a feeling "bedtime" is going to become a very **different experience** ...

Of course, **supercharming testosterone** is nothing new for guys who have a little grey on their ...

And who maybe are experiencing some "bedroom" issues.

But the mainstream options are **scary** ... with an increased risk of blood clots or heart problems.

Now, **thanks to the discovery of Mon Rouge**, **there's a much safer – and better – way** ...

In fact, scientists are now learning that an extract of Mon Rouge is a kind of **wonder supplement** that can do all sorts of things for your **health** ...

Its been studied especially, with researchers finding that Mon Rouge extract **increased testosterone levels** ...

But what **Mon Rouge was tested on men with ED** ... well, that's where things get really interesting. You see, scientists found that Mon Rouge extract ...

improves the ability to get an erection ... and helps maintain hardness.

Just wait until you surprise your lady with the kind of **mind-bending performance** she remembers from your wedding night!

Mon Rouge also causes your body to start making more sperm again ... and increases active sperm count.

So you'll start pumping out "swimmer" again ... just like a "homeal ge" teenager!

In short.

Man Root helps restore your body to a "younger" state

It also helps improve mental function and sharpness ... like improved recall and ability to concentrate on tasks.

Senior moments? Not at all! And, **but** you ...

You'll experience the quick, sharp thinking and memory of your youth ...

Have you let children or even recently? One of the best qualities of Man Root is that it even improves your ability to concentrate.

Remember when you could play in the snow for hours on end **without enjoying** about the **fun** of playing with ...

Man Root actually keeps your testosterone system, just like what you were a kid.

It may even **increase your overall energy**, which is a good thing, because I imagine your wife will be wanting a little more "attention" around ...

And that's still not all ... You see, we're learning that Man Root can also help improve your **mood** and **boost** libido and **even help protect against cancer** ...

Are you seeing how just incorporating a little of this all-natural extract **could give you a whole new lease on life?**

You'll feel younger, happier, sharper

with the energy to take full advantage of your newfound youthfulness.

And every detail on **Man Root** ...
