Top Ivy League-Trained MD Exposes the Scary Link Between…

SEX and CANCER in People over 60

- This "Salt" Works Better than Metformin for Diabetes?
- The Truth about Those Silver Fillings in Your Mouth…
- Cold Sores Linked To Alzheimer's?
- Common Pill Is Making Men Weak and Impotent…
- Mystery Symptoms? It Could Be Lyme Disease

Hi. My name is **Dr. Glenn Rothfeld**.

*Have you ever watched an Ivy League MD commit **career suicide**?*

Because when I show you the **6 outrageous truths U.S. doctors never tell their senior patients… because they don't know about them...**

The medical community is going to call for **my head** on a silver platter...

Especially when I expose…

The terrifying link between sex and *CANCER* in people over 60.

Before you have sex even one more time, this is something you **need** to know…

Or how a weird **"SALT" works better than Metformin for fighting diabetes**?!

Impossible? I will show you the incredible story in a moment.

Oh, they're going to be spitting mad when they find out I spilled the beans on that one…

Or the scary truth about those **silver fillings you have in your mouth**. Sorry to say, they're probably not silver – *but they could packed with **poison***.

Or how **cold sores are directly linked to Alzheimer's disease**. ***What?*** I know, that one is really scary news.

But if **you've had even one cold sore in your life**, *you need to hear this…*

Or how an extremely **common over-the-counter pill**, *which millions of people popped this morning…*

Drains the **testosterone** right out of older men… leading to limp muscles and a limp… *well, you get the picture*.

Or how **mystery symptoms**… like headaches, feeling run down, or joint pain…

could actually be Lyme disease…

And, in a minute, I'll expose the truth behind every one of these 6 secrets your doctor may not know about…

*And I'll show you **exactly** the information you need…*

In case you're wondering why I'm risking this today…

Well, my expertise was good enough for **Harvard** to ask me to join their medical team…

And I've written **9 medical books** that are considered standard texts for doctors…

But a lot of my colleagues still call me a **renegade**. Or a **troublemaker**. *Or worse.*

Truth is, I prefer to think of myself as a **patriot**.

I believe every American has the right to know the **whole truth** about their health…

No matter the consequences.

Also, **I'm 69 years old**. I've been at the top of my profession for nearly **40 years**.

And, forgive my French, but **I'm long past giving a damn** about whether or not some stuffy doctors want to buy me a drink at the next medical conference...

So if the elites want to take down this page, *they can certainly try*.

But you'll already know the truth.

Let's do this right now – **let's expose all 6**.

In a moment I'll show you the new link between **sex and cancer** for people over the age of 60… (you need to know this)

Plus all the other deadly secrets doctors **NEVER** tell their senior patients…

But I want to start with one that impacts millions of Americans **right now**…

And it's one of medicine's most shameful oversights…

If you or someone you love has ever worried about diabetes…

Would it make you angry to know that a strange "SALT" was shown to be *just as effective at fighting diabetes as the #1 diabetes drug?*

What?! Oh, it's true.

Specifically, a compound from Asia called **Chinen salt**.

And in numerous scientific studies, this Asian wonder has **shown** it can perform **BETTER than the drug Metformin** against Type 2 diabetes…

And I bet **your doctor** has never breathed a word about it… *am I right?*

That's exactly why I made this special report today – **to expose the truth.**

So let me tell you everything now…

Chinen salt is harvested from an ancient Chinese plant called *Coptis chinensis*, which has been traditionally used to treat diabetes **for thousands of years**.

And modern science is now recognizing Chinen salt as one of the most powerful treatments for managing and treating **Type 2 diabetes**.

In fact, there are more than 2,000 scientific studies on this diabetes destroyer…

But **here's the BIG one** that diabetes drug companies prayed you'd never see…

Because in an international study published in the prestigious medical journal *Metabolism*…

Chinen salt performed BETTER than the diabetes drug Metformin.

For starters, in the 3-month trial, Chinen salt was just as effective as Metformin for helping to **lower A1c and fasting glucose levels in people with diabetes**.

That's right – a **safe, natural salt** is as good as the drug Metformin, *but without the side effects…*

But it got BETTER…

Because Chinen salt also helped reduce fasting blood insulin levels by 28%.

And, again, that was after ***just 90 days****!*

It's obvious **how impressive those results are** – *but it still didn't stop there…*

The diabetics who took Chinen salt also got an **added benefit** that was not seen in the Metformin group.

This all-natural Asian salt helped significantly LOWER bad cholesterol and triglyceride levels.

And another study on diabetics **confirmed those results**.

After **just 2 months on Chinen salt**…

- Glucose (blood sugar) levels **plummeted 26%...**
- Triglyceride (fat in your blood) levels **fell 36%...**
- And LDL cholesterol levels **dropped 21%...**

*Again, that's from taking Chinen salt **just for a couple months**.*

But maybe you're asking, HOW exactly how does Chinen salt **work**?

Scientists have learned Chinen salt works by **"activating"** something called AMP-activated protein kinase (AMPK).

Basically, **AMPK regulates your metabolism**.

And for diabetics, **activating your AMPK is essential for keeping your body healthy**. It…

1. **Tells your cells to take in more glucose**.
2. Helps improve insulin sensitivity, which means your body is producing **the correct amount of insulin again.**
3. **Helps reduce SUGAR production** in the liver.

What this means is, Chinen salt **tells the body to use insulin normally**. Meaning

It helps FIGHT the symptoms of diabetes.

If you have ever worried about diabetes, **you need to know what a game-changer this is**…

And, if you're worried about salt and your blood pressure, no need to…

Chinen salt won't raise your blood pressure. **It's not that kind of salt**.

*Actually, it's been shown to help **LOWER blood pressure**.*

And it is all-natural and comes straight from Mother Nature, **with hundreds of years of trusted use.**

With such clear evidence, you don't need to be a doctor or scientist to see that **Chinen salt is essential to fighting against diabetes**.

After all, some of the possible **side effects of Metformin** include muscle pain, difficulty breathing, **and heart problems**…

You've gotta be kidding me… *and that is mainstream medicine's **BEST** option*?!

So why are drug companies continuing to push dangerous diabetes drugs that **NEVER** cure diabetes…?

I think you can guess… it comes down to **dollars**.

A lot of dollars… **$55,000,000,000** actually.

Yes, that's $55 BILLION… that's how much worldwide diabetes drug revenue Big Pharma will rake in this year.

You can understand why the Pharmaceutical companies will **NEVER** admit there's a better way.

But that's ok – **because now YOU know**.

In a moment I'll show you everything you need to know about **the diabetes-fighting, blood-sugar-lowering Chinen salt**.

And that's just the **start** of what I want to show you today.

The **truth** is you *can fight* prostate cancer, pancreatic cancer, *breast cancer and glaucoma…*

…autoimmune diseases like Crohn's and MS, and **arthritis**…

…even **Alzheimer's** and *advanced heart disease*.

Yes, with the **true medical miracles** you're going to learn all about today… **you can fight them all**.

I'm exposing **the 6 secrets many doctors don't know**…

I'm also sharing my private **disease-fighting secrets for American seniors**…

For nearly 40 years, I've helped professional athletes, celebrities and thousands of real Americans just like you… conquer the true underlying causes of diseases like diabetes, chronic pain, dementia, and cancer.

I've been honored that some of America's top universities and scientists have recognized this **new, better kind of medicine**…

I was named a fellow at **Harvard University's** prestigious Channing Laboratory.

And I developed one of America's first courses on alternative health for the **world-class Tufts University School of Medicine.**

I've even authored **9 acclaimed medical texts**.

But it's **my 10th book** that has the medical world BUZZING… *and some Big Pharma fat cats shaking in their Italian loafers.*

This **new book** is definitely not going to win me any friends in certain corporate circles…

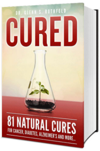
Because now, for the first time ever, I've compiled **every single one of my world-recognized disease treatments** into a complete 500-plus page book called ***Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More…***

Cured is truly my life's work.

It's a guidebook of health miracles… ones that your doctor **simply does NOT know.**

And I want to send you a copy of my new book today… **FREE**.

That's no mistake.



I want to drop my new book… *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More* in the mail to you today – free.

So, finally, you can be prepared to face diabetes in the future.

All you need is to go to page 235 in your own copy of ***Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More…***

And it gets even bigger…

Because I told you scientists have discovered **a scary link between SEX and CANCER in people over 60**…

No one is talking about this publicly… and that's an **outrage**.

If you're sexually active, you need to get the truth today.

Fact is, **cancer is perhaps the most misunderstood disease in American medicine.**

And I'll tell you more about the new link between sex and cancer in a moment…

*But first I want to blow the whistle on something **even bigger**…*

MUCH bigger.

You see, there's **HUGE news about cancer in men** that almost no one knows yet. *Get this…*

Is prostate cancer now CURABLE?

There's been major progress, thanks to a scientific breakthrough called **Protocol QC4**, which, in an in vitro laboratory test, **killed prostate cancer cells almost completely in just 24 hours**.

The fact is, "modern medicine" **doesn't have a single good answer for prostate cancer**.

And this much is true: If you're a red-blooded American male, it's the one cancer that seems almost **unavoidable**.

After all, it's the most commonly diagnosed cancer in men. *And terrifyingly…*

Almost **3 million American men have prostate cancer right now** *(even if they don't know it yet)*.

Prostate cancer is a devastating disease… it steals your strength, your manhood, your ability to have sex…

In fact, it's the second leading **cancer killer of men**, after lung cancer.

And it will affect nearly **80% of men** at some point in their lives.

Resulting in several tens of thousands of deaths a year...

If only all doctors knew about the incredible **advancement** in prostate cancer treatment I'm about to share with you.

Starting now, you NEED to know about the 24-hour Protocol QC4.

And if you're worried about facing prostate cancer down the road, you **REALLY** need to hear this great news…

I'll share everything you need to know in a moment. Including how to get the information for yourself… **FREE**.

But I want to share even more good news…

You see, even if you are dealing with the annoying nightly bathroom trips, plus the embarrassment and worry that comes from a **severely swollen prostate**…

…the free Protocol QC4 secret I'm about to share **contains the information you need**.

Now, these are some pretty bold claims and you want to see **proof**… as you should.

So let me **show the details** to you right now…

…and I'll also explain EXACTLY why **your doctor** has never mentioned it to you before.

Let me start by telling you about a landmark study done a few years ago at the State University of New York in Buffalo…

…when the potential of a new prostate cancer treatment – **the Protocol QC4** – was first discovered.

The scientists conducting the in vitro study were stunned to find that…

This new protocol killed the prostate cancer cells!

In their lab testing, prostate tumor cells were completely **defenseless against this new therapy**.

When Protocol QC4 finds a cancer cell, it shows **NO MERCY**…

The cancerous cells' membranes **degrade**.

Then the cell nucleus **falls apart**.

Finally, **the entire cancer cell shrinks and dies**.

In fact, almost all of **the in vitro tumor cells DIED *within the first 24 hours***.

And here's the best part: Unlike with chemotherapy or radiation, all the normal, healthy cells were ignored by the protocol's anti-cancer agent.

In fact, the scientists in the Buffalo study were so amazed at how well Protocol QC4 works, they did their tests a **second** time.

Same results. **Cancer cells died… healthy cells thrived.**

This was HUGE.

So they did the testing a THIRD time, just to be sure…

Same exact results.

There's just no doubt –**Protocol QC4 is the real thing**.

It's the kind of breakthrough that has the potential to change – and save – the lives of *thousands* of American men this year alone.

But maybe you're asking: "What exactly **is** Protocol QC4 – *and how does it work*?"

Well, Protocol QC4 is all natural, *but it comes from kind of a strange place*.

Scientists discovered it in something called a "**bioflavanoid**" – which is a substance found throughout nature.

Among other things, it's what gives flowering plants their bright yellow and orange colors.

Protocol QC4 was first discovered when scientists created **a specialized extract** of this bioflavanoid substance.

And it seems to work by **shutting off a specific protein**… called Protein 90… that prostate cancer cells NEED to survive.

Without this Protein 90, the tumor cells almost immediately go into a state of **apoptosis**… which is a scientific way of saying **they start to actually "commit suicide."**

Tumors simply wither and die…

There's more.

In fact, some people are now thinking that the natural substance in Protocol QC4 is **SO powerful…**

It almost seems like a gift from our Creator

That's because scientists have discovered that **Protocol QC4 may target and kill cancer cells in at least 3 more ways:**

1. **It shuts off glucose to cancer cells** – the fuel they need to grow and multiply.
2. **It interferes in the growth phase of the cancer cell** – called the G1 phase – which a cell needs to go through before it can multiply into more cancer cells.
3. It also causes your body to release something called cytochrome c – which is a specialized protein that **tells the cancer cell that it's "time" to turn off and die**.

That's right, **it may actually trick cancer cells into killing themselves**…

How incredible is that?

As the research continues, we're learning that **Protocol QC4 is an absolute cancer cell assassin**… **but leaves your healthy cells safe and undamaged**.

That got scientists wondering…

Would Protocol QC4 work on other cancers as well?

The research is still relatively new, but the results are suggesting… **YES!**

In another in vitro study at the National Institute of Oncology, the Protocol QC4 was tested on human **leukemia cells**.

And the Protocol worked like magic… **fighting the leukemia cells in just 60 minutes**.

And that's still just the start…

- A university study in New York showed **Protocol QC4 fights carcinoma cells of the head and neck**…
- A study at prestigious Catholic University in Rome showed the Protocol **worked against breast cancer cells and stops new tumors**…
- Another study at the same university showed that the Protocol **stopped the spread of colon cancer cells**…
- Another study at the University of Missouri showed the same thing for **oral cancer**…

Are you beginning to see just how powerful Protocol QC4 is?

And what it would mean to know the full details on this life-saving therapy?

You could finally have the information you need to feel confident against the threat of cancer, once and for all.

And I'm going to share it all with you today…

And if you're wondering why…

I'm fed up with our corporate system of medicine that prizes **profits** *far more than American lives.*

That ends today.

Until now, I've **never** sought the limelight. Far from it.

After all, the big pharmaceutical companies practically control TV advertising… **they spent $3 billion on it last year**, so if you see a "TV doctor" you can bet he's on the take.

Instead I've focused on building my 2 successful clinics in small-town America – where I've spent more than 35 years quietly doing the "unthinkable"…

Battling "INCURABLE" diseases.

Protocol QC4 could put an end to prostate cancer… *and many other cancers too*?

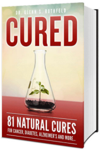
Only time will tell, but you don't need to wait to learn all about it.

And that's exactly why I'm going to ship you **your own copy** of *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More* today…

with my sincere compliments.

Details on how to get it in a moment.

Cured is a true guidebook to a life without disease… and with new, better health.



And on page 3, you'll get exactly what you need to know about Protocol QC4…

…including my **#1 recommended source** for the "flower extract" that fights prostate, breast, colon and oral cancer cells.

*But that's still just the **beginning** of what I have for you.*

I'm sick of seeing other doctors load patients up with pills and drugs that **ruin their health and empty their pockets**.

Take Alzheimer's drugs for example...

They're so bad that 2 doctors from the Ivy League's Dartmouth College, recently petitioned the FDA…

*…demanding our government **tell the TRUTH about Alzheimer's drugs**:*

That they just don't work.

But today I have **great news**, *thanks to pioneering science I've recently learned...*

My Molecule G breakthrough can now, finally… FIGHT Alzheimer's memory loss!

This is one of the most important announcements I've made in my career…

Starting today… **you can ease any fear of losing your identity or your family to Alzheimer's disease**.

Because there's nothing more frightening than **starting to lose your memory**.

Sure, it starts off small…

But it doesn't stop, does it?

First, it's losing your keys… then it's having to ask for the same information twice… then it's forgetting an appointment and only remembering it later…

And that sneaking sense of fear is REAL…

Because science is now finding a clear connection between those early symptoms *and Alzheimer's disease*.

Even more scary – they're now saying that **"mild" memory problems might actually be the very first stage of Alzheimer's disease.**

That's **NOT** how it has to be. **Not for YOU**. *Not now*.

Because now you'll have breakthrough information on **Molecule G**.

And my incredible Molecule G solution can help save your memory… *stop Alzheimer's in its tracks*… And even FIGHT memory loss.

It's worked for hundreds of patients.

And the incredible part is… it's just so **easy** when you know about Molecule G.

Think of Molecule G as **your brain's security guard**.

You see, G is produced **naturally** in your body.

Scientists have known about it for some time, actually.

But as you get older, **your body makes a lot less of it**.

By age 40, you're making **30% less G**.

By 65, you're only making **half as much as you used to**…

And that's a **big problem for your brain**.

Because Molecule G is an insanely powerful **"antioxidant"**… which means it does something vital inside your body…

Molecule G actually **binds** to the bad molecules we take in all the time by breathing in toxic fumes and that are even absorbed through our skin….

These are things like **environmental toxins** from pesticides, lawn fertilizers, plastic wrap, Tupperware, dry-cleaned clothing, and fluoride in water…

And also what scientists call "**free radicals**."

*They're **impossible** to avoid.*

And they're really bad news for our brains, because scientists are now finding out that **these toxins are directly linked to Alzheimer's disease**.

The toxins and free radicals lead to abnormal protein deposits in our brains, called **amyloid plaque**.

Now, in a younger, healthy person, Molecule G grabs these toxins and free radicals and **"escorts" them out of our body**… *like a bouncer at a bar tossing out an obnoxious drunk.*

In fact, Molecule G is the most **common** antioxidant in your brain, which shows how important it is.

But as you get older, well, there's not as much Molecule G around. **And it stops protecting your brain.**

So the bad stuff gets out of control and turns into **plaque that damages your brain**…

*…and that ends up as **Alzheimer's disease**.*

In fact, studies have now shown that both people with **mild cognitive impairment** – the earliest stages of memory loss…

…and people with Alzheimer's all have a lot less Molecule G in their brains.

And other studies have shown an even more **clear connection**…

Lower levels of Molecule G may actually be what CAUSES Alzheimer's to start.

Ok, but the solution seems easy, right?

Just start taking some extra Molecule G and you'll stop Alzheimer's in its tracks. *Easy peesy*.

And, actually, some companies do sell Molecule G tablets you can take.

I could even tell you where to get them. But I'd be wasting your money.

Taking Molecule G **orally** just doesn't work.

It changes in your digestive tract and *never gets to your brain…*

Some doctors do give Molecule G intravenously and, yes, that can work. That is, if you want to spend a lot of money and time **hooked up to an IV**.

Today, I have the full story on an easier… and much less expensive way… to **create** Molecule G … and help stop deadly plaque before it becomes Alzheimer's.

I've got all the details on a new natural treatment… **to help your body produce MORE Molecule G on its own**.

Just like it did when you were 25.

And it couldn't be **simpler**…

Because there's a substance – **called N-acetyl-L-cysteine** – we've now learned is a "precursor" to Molecule G in your body.

What that means is, when your body senses this N-acetyl stuff… let's call it **NAC**… it automatically turns it into Molecule G.

So you start making G, just like you used to…

…and G races to your brain, where it grabs the nasty plaque and toxins, *and helps escort them harmlessly away from trouble.*

Basically, Molecule G is like a cleaning service for your brain!

So **NAC turns into Molecule G**… and G then helps scrub away the dangerous plaque that can turn into Alzheimer's.

So your memory, your wits, and your intelligence… **can stay strong**.

But does it really work?

In studies on mice, which are used because their brains react almost exactly like human brains… some of the world's top scientists are getting some **truly amazing results**.

When mice with **high levels of amyloid plaque** – the stuff that causes Alzheimer's in humans – are given NAC, it creates the "brain guardian" Molecule G.

And when the amount of G in the brain increases, **it helps clean up the dangerous plaque** that can lead to Alzheimer's.

These studies show it **dramatically improved both memory and the ability to learn** in the mice.

But I get it, you're not a mouse.

So does it work the same way on **people**? *Well, you've got to hear about this.*

In a landmark study at the University of New Mexico, a double-blind study of 43 patients with Alzheimer's **confirmed** it…

It works on our brains too!

The study split the group up into people who got NAC, and people who got a placebo.

And, wouldn't you know it, the Alzheimer's patients **who got NAC** tested better on the MMSE exam… the standard memory test for people with memory impairment.

That's not all, they also tested better on something called a "letter fluency test" – a challenging test of **how well they can remember words and ideas**.

So that means… **their brain function was IMPROVED**.

Their MEMORIES got better. Their BRAINS got better. *And this was after just a few months of treatment!*

Another study looked at 14 people with **early-stage Alzheimer's**. In that test, NAC was given along with some vitamins.

Again, the Alzheimer's patients who got the NAC and vitamin formula **tested significantly better for memory and other mental abilities.**

Today, there's finally a way to fight Alzheimer's memory loss… and, incredibly, **starting in just weeks**.

All you have to do is **take NAC in the right dose and at the right time**.

What would this mean to you and your family… to know that **you have an extra defense against the threat of Alzheimer's?**

With the Molecule G treatment in your pocket, you can look forward to all the years ahead of you…

…knowing you have information you need to keep your brain and your memories… **completely protected**.

And if you or someone you know is **experiencing memory loss right now**, well, this is the most important information you could ever learn.

Now, the Molecule G treatment is simple to understand…

But **you have to know the exact details on how to make it work for you.**

And it's all right there on **page 71 of your new guidebook** to saving your memory, your wits and your mind.

Finally, you'll have the information you need to **erase Alzheimer's from your future**… *and the future of your wife or loved ones*.

In my new book *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More*… I explain why NAC works **and exactly how it can benefit you**.

You get **everything** you need, in step-by-step detail, written in plain and easy to follow language.

Plus, on page 95, you'll find something else shocking…

Are cold sores associated with Alzheimer's disease?

I'm afraid the truth may be… **YES**.

If you've ever had a cold sore – *or any other form of the herpes virus* – **this is deadly serious**.

You must know what to do.

Again, this is new information available to most doctors – but they're **not** telling seniors about it, because they don't know it.

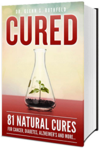
I'm not going to stand for it any longer.

That's why, on page 95 of *Cured* you'll find out **exactly what you need to know about cold sores and Alzheimer's**.

You'll receive the exact same information you'd get as a patient in my clinic – **but at no charge whatsoever.**

You pay **nothing** for your copy when you take advantage of this opportunity…

It's part of my commitment to reversing the **damage** done by our profit-focused medical system...



…and making sure *every American* has **access to the cures and treatments that actually work**.

It's my duty as an American and a patriot. I'm sure you'd do the same thing.

Friend, today is your day.

When **your complimentary copy** of *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More* arrives in your mailbox, open it immediately.

You'll see that it's over 500 pages long, with a section on **every disease or health problem** you could face in your lifetime…

…and my clear, direct details you need on **how to defeat that disease for good**.

Again, this private information is not available anywhere else.

Your doctor simply **does not know** these breakthrough treatments and cures.

And we don't sell this book individually – *and never will*.

It's available only today through this page, with my most sincere compliments.

As you hold the heavy volume in your hand, peruse the full table of contents.

You'll be amazed at the **life-saving treasures** it has for you...

Like on page 119, **where it slaughters this "sacred cow" of American medicine**…

Are you ready to feel a whole lot better? Because…

If you are currently taking statin drugs or any cholesterol medication, *you need to hear this*…

The thing is… cholesterol itself isn't bad.

It's actually a biological **WONDER**.

Let me explain… Your brain is made up mostly of **fat**, about 60% fat actually.

And much of that fat is, you guessed it, **cholesterol**.

In fact, it's well known that **cholesterol actually promotes the birth and growth of new brain cells**… and helps your brain's cells and pathways communicate better.

Is it any surprise that **25% of all the cholesterol in your body is found in your brain**?

It's **VITAL** for brain health. *The evidence is overwhelming…*

Seniors with the HIGHEST levels of cholesterol have a 70% LOWER risk of dementia.

So then, is it any surprise at all that **people who take statins to lower their cholesterol have a HIGHER risk of memory loss**?

Most top scientists already know this… and have known it for some time.

In fact, a famous biophysicist published a paper on **this exact thing** in the world-renowned journal *Proceedings of the National Academy of Sciences*.

He said…"If you **deprive cholesterol from the brain**, then you directly affect the machinery that triggers the release of neurotransmitters..."

"And neurotransmitters affect **how smart you are and how well you remember things**."

What he's saying is: **Cholesterol is really important to how well your brain works**. Simple as that.

And a researcher from the world-renowned Massachusetts Institute of Technology (MIT) recently released a *smoking-gun paper…*

…showing a clear link between statin drugs and Alzheimer's disease.

She wrote that **not having enough cholesterol** in your brain plays a "critical role in the (Alzheimer's) disease process."

She also showed how a **high-cholesterol diet improved brain function** in Alzheimer's patients…

…and that she believes **statin drug treatment is a devastating risk factor for Alzheimer's**.

In fact, when scientists autopsied the brains of older patients who had passed away…

…they found that the brain fluid in people without Alzheimer's had **500% MORE "free fats"** (like cholesterol) *than the brains of Alzheimer's patients*.

That's right… people without Alzheimer's had **500% MORE FAT** in their brains than people *with* Alzheimer's.

Another study looked at 724 people aged 85 or older over a period of more than 10 years.

It found that **those with the highest levels of cholesterol lived the longest**!

It's just as clear as day – **lowering your cholesterol levels can be BAD for your brain**.

And higher cholesterol can actually protect your brain from getting Alzheimer's disease!

But that's still just the **start** of cholesterol's benefits.

Cholesterol creates vital hormones your body needs.

If you're a man, **cholesterol MAKES testosterone** – *the stuff that makes you strong, sharp, and sexually potent…*

So if you don't have enough cholesterol, **your testosterone starts to plummet**…

And low testosterone has even been linked to **heart problems** – *the very problem we were supposed to be solving!*

This is the kind of **medical insanity** we're dealing with in America today.

And, again, top scientists have known it for a long time.

In a major study at the University of South Florida, the results were a shocking indictment of **Big Pharma GREED.**

In the researchers' own words: "Statins **failed** to substantially improve cardiac outcomes."

That means statins do almost nothing to prevent heart attacks.

But that's **not** what the drug companies tell you… *or your doctor.*

The authors of the study – which was published in 2015 in the respected journal *Expert Review of Clinical Pharmacology* – **called statins an outright "deception" of the public**.

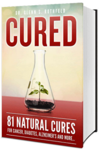
They said both the safety and the life-saving potential of statins have been **VASTLY exaggerated**…

…and absolutely **do not outweigh the very real dangers** posed by these killer drugs.

So it's time… time to stash the statins far away.

Especially when there are other ways to protect your heart… if only your doctor knew about them.

But I do.



And I'm going to give you all **my best heart-saving secrets** in your guidebook to a new life… your complimentary copy of ***Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More***…

Here's the best part: **One of these powerful "heart savers" might just change your life**… *in a whole bunch of ways.*

Let me explain…

There are now numerous studies showing that men with a higher level of testosterone have a vastly **decreased risk of heart attack**.

One study showed that just having **a higher level of testosterone equaled a 30% decrease in the risk of heart attack.**

But **replacing the testosterone** you have lost through normal aging has a whole slew of additional benefits…

Do any of these sound good to you?

- Dropping the belly fat and "man boobs" in favor of **more lean muscle**?
- A clear **increase in sexual ability, stamina and energy**?
- Stronger, denser bones?
- **Sharper thinking**… and a better mood overall?

Sounds pretty amazing, right?

That's what increasing the amount of testosterone in your body can do for you.

It's the only true "fountain of youth" for men I've ever seen in my almost four decades in medicine…

Maybe you've even seen the **"low T"** ads on TV… even the mainstream has caught on to what testosterone can mean to guys with a few extra miles on their treads.

But the pharmaceutical options have a bunch of **scary side effects** – as usual.

Like **cancer risk**, breast swelling (in men!), vomiting and hair loss… *No thanks*.

That's why I compiled the information you need to get all the benefits of youthful, high testosterone…

It's all on page 443 of your FREE 500-plus page guidebook to a younger you.

You need to get this life-changer immediately, for your heart, for your wife (**your sex drive will be through the roof**)…

And even for just embarrassing your friends on the golf course.

I'll tell you how to get your own copy of the guidebook in a minute… but I want to share one more thing with you before I go…

And this one is vitally important to **all American men**.

And it's one of **the 6 secrets that doctors don't tell their senior patients**…

Did you know that a common over-the-counter pill may be DRAINING the testosterone right out of your body?

It's a very common pain reliever – and it has a **very dirty secret** most doctors never mention…

It causes your testosterone levels to PLUMMET.

So you pop a little pill to relieve some aches and pains after golf or from working in the yard…

And you have no idea that **it's actually draining away the very stuff that makes you a man**.

It's outrageous – and I'm sure the company that makes the pill is terrified this information will become public...

That's exactly why I'm exposing their treachery on page 547 of ***Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More***.

And in just a moment I'll show you how to reserve **your own FREE copy**.

It will arrive in your mailbox or at your front door in just about a week. Maybe even sooner.

Let me ask you: **Do you or anyone you know worry about heart disease, cancer, or memory loss?**

If you do, your new copy of *Cured* is going to make you a **hero** in their eyes.

Feel free to share or photocopy the pages that will benefit them most.

I don't mind at all – I want you to **share these life-saving treatments and cures with everyone you know!**

Now, let me ask you another question… *and it's a bit personal…*

Do you ever feel bloated, sluggish, or like you have **brain fog**?

Do you ever have **diarrhea**?

Ever feel **exhausted**, *even when you've had a full night's sleep*?

If so, you might be dealing with this incredibly common but seldom diagnosed **PARASITE**.

It's the scourge of America right now… but, once again, *no one is talking about it!*

If the symptoms I described – bloating, gas, brain fog – sound familiar to you, *you could be infected right now*.

Here's the good news: It's easy to get rid of, if you know exactly what to do.

Starting on page 321 of Cured, you'll find all the must-know details on this nasty parasite.

And then on page 324 you'll find out what you need to know about treating it.

Don't panic – it's really very common.

But when you get rid of them, **you can start feeling better almost immediately.**

The bloating goes away, but the best part is you'll feel sharper, clearer...

You'll feel like you just got your memory back…

In fact, a lot of my patients who worry they are getting **dementia** *are actually just suffering from this irritating little parasite.*

When you get your book in the mail, **open to page 324.**.

You'll be so glad you did. **You could be feeling better in just days**…

With more than 80 breakthrough disease treatments in total, your guidebook will become a treasured possession in your home.

You'll keep it on the shelf right next to your Bible… and you'll refer to it often.

No matter what health problem creeps up for you or your loved ones, **you'll be covered**.

*And here's another of the **6 TRUTHS** doctors never tell their senior patients…*

Are you feeling **run down**?

Do you feel **aches and pains** in your joints?

Do you ever find that you feel easily **confused**?

And your doctor can't find a reason?

Maybe he even suggests it's "all in your head"?

Friend – you could **very well have Lyme disease**.

Even if you've **never seen a tick bite** or that "bullseye rash"…

Learn all about **Lyme disease** – and *how tricky it can be*… on page 537 of Cured.

Just open your new book to see what to do…

Then, on page 317, you'll find out my tips on **how to make your body "flu proof"!**

I mean, in 2015, the CDC admitted the flu shot was a **colossal failure**…

Read all about it in your free copy of *Cured*.

Ok, did you know there's a "hero mineral" that can help treat asthma, fibromyalgia, and muscle pain?

Oh, and it could help prevent you **from EVER having a heart attack**.

It's true. The magic mineral is right there on page 151 of **your complimentary guidebook to maximum health.**

Or… do you know a woman in your life **who's losing her hair**?

Get ready to be **her hero** when you tell her about the miracle solution I've been using for my own patients.

It works **wonders** for any lady who's worried about her thinning hair.

The **secret** is on page 387 of your free copy of *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More…*

And there's so much more.

Did you know you can **get control of Parkinson's symptoms** with just a few fun exercises? That's on page 349.

Or how a **toxic, creeping crud in your house** could be making you ill… and even causing disease?

You can even do **a simple eye test for it**.

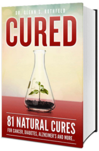
Get the facts (and the solution) starting on page 107 of your free guidebook.

Want to know what could be the real reason you're getting up at night to pee?

Science is now saying… in 80% of cases, **it's NOT your bladder or your prostate that's waking you up.**

Find out **the true culprit** behind your nighttime annoyance on page 431.

Now, this next one is really important…



Do you know anyone who is **lactose intolerant**?

I'm afraid it's a virtual ticking time bomb.

They must learn how…

Scientists are now saying there's a scary link between lactose intolerance and **diabetes**.

In fact, if you are lactose intolerant, you've got a 50-50 change of becoming diabetic… *but I'll tell you everything you need to know before it's too late.*

That urgent information is on page 221.

Or… do you have any **silver fillings in your teeth**?

The ones your dentist told you are **safe**?

Well, there's probably actually not much silver in them – **and they could be packed with POISON**.

You'll learn all about it on page 561 of your new copy of *Cured*.

And did you know you can now **fight arthritis pain and inflammation** with just a few natural herbs – without the very real danger of arthritis medications?

I tell you **exactly** how to do it on page 177.

Get ready to golf, fish, and work in the garage with **your newly pain-free hands and shoulders**…

Or that **varicose veins** may be more than just unsightly… they could actually be a WARNING SIGN of a serious vein condition?

Get the facts for your loved ones and **the 4 simple steps to getting rid of them for good**.

It's all outlined on page 393 of ***Cured***.

From **cancer** to **Crohn's**… from **glaucoma** to **stress**… from **diabetes** to **dementia**…

Your guidebook to a new life, *Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More*… gives you the secrets and tips you need to handle all of them. *And so much more…*

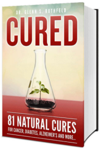
When your book arrives in its secure packaging, feel free to share the life-saving secrets inside with your wife, your family, and closest friends.



They'll thank you… and you'll **enjoy your new life without fear, and with a new outlook of hope and happiness**.

That's **my Promise** to you.

Today, I've shared secrets with you that I usually share only with my most **private circle of confidants…**

You see, *every amazing secret I told you today…*

…the **astonishing disease cures and powerful protocols** that mainstream medicine simply does not know…

…**were first released to a very small group of American citizens**.

Every month I take the results of my personal research and the specific techniques I'm using to heal patients at my clinics…

…**and I release them ONLY to a private group of concerned Americans**.

People who want the uncensored truth about medical breakthroughs that actually WORK.

This small group – my inner circle – has the information they need to live happier and healthier than other people their age.

They don't fear disease… *they don't fear dying, getting old or losing their memories*… they just live.

Like Charles E. from Marblehead, MA, who sent in this letter:

> *"Dr. Glenn Rothfeld has kept me alive and healthy. He truly practices the ART of medicine on the highest level."*

Or Jerry A. from Seattle, WA, who wrote to say:

> ***"I owe my health to Dr. Rothfeld**. He's the only doctor that truly sought the root cause of my issues. He is the most knowledgeable doctor that I've ever had."*

Or Diane H. from San Francisco who gratefully wrote:

> *"Dr. Rothfeld is an altruistic, compassionate physician who practices medicine as an ART as well as a SCIENCE. He has helped keep me healthy and **helped me avoid serious mainstream medical interventions."***

***Those letters mean so much to me**. And there are so many more examples.*

*But almost no one knows about all these amazing success stories… **because my disease-curing revelations are never released to the public.***

Many of these cures go against the big money medicine that dominates our country – and they're simply swept under the rug.

*No, there's **only one way** to ever find out about them…*

*As I said, every healing miracle… every cure for the "incurable"… every protocol that I told you about today… **was first released to my exclusive inner circle**.*

*And today, I have something to ask **you**.*

*Every year I accept a limited number of new members – a group of Americans who don't settle for anything less than the truth – **and who want to live longer, healthier, and happier lives**.*

I believe you could be one of these fortunate people.

*I want to extend to you a **personal invitation to join my private group**.*

Let me explain exactly what that means…

*Every month, I write a short newsletter only for my inner circle – **filled with my secret disease cures and treatments.***

***Cancer**… **Alzheimer's** and **dementia**… **arthritis** and **pain**… **heart disease** and **diabetes**… every month, only my most important cure and treatment details are in there.*

*My latest breakthroughs… my most powerful successes… **as part of my inner circle you get them FIRST.***

*And in most cases, years or **DECADES** before anyone in mainstream medicine ever catches wind of them.*

*If you accept my personal invitation today, **they're all yours**.*

*And I feel I must say: Your doctor very likely has your best interest at heart, but **he simply does not know about these cures.***

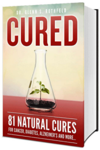
***It's not his fault** – mainstream doctors don't have the option of following anything but the "standard" protocol of prescribe, prescribe, prescribe…*

The way I practice medicine is different.

And when you subscribe to my private monthly newsletter, called "Nutrition & Healing"… you'll get every one of my new breakthroughs FIRST.

*With Nutrition & Healing you'll be part of the tiny percentage of Americans who know the whole **truth about healing disease**…*

*…and how to enjoy the kind of **youthful health** you thought was out of your reach.*



However, this exclusive offer is not for everyone.

Some people prefer mainstream thinking and, frankly, knowing the uncensored truth makes them uncomfortable.

But I don't think you're one of those people.

*You can become part of my **inner circle** when you start reading Nutrition & Healing…*

*And I'll rush you your guidebook to total health, **Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More**… **FREE**.*

*And what you'll gain is beyond reckoning… **a life where worry and disease are a distant memory.***

*Where you feel **energy** you haven't felt since your wedding night…*

*Where you're so **sharp** you trounce the grandkids at trivia…*

*And impress your friends with how **strong and physically superior** you are.*

***That's my Promise to you**. I take it extremely seriously.*

*And the only way to get all of this is through my inner circle – **by joining my Nutrition & Healing newsletter**.*

*And **by claiming your FREE gift** for trying it out, the 500-plus page Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More…*

*And I insist on one more thing… **that YOU accept no risk at all**.*

I want to make sure you're happier, healthier and more confident than ever… with ZERO regrets.

There's a very small subscription fee for getting Nutrition & Healing.

I ask only for enough to cover my expenses for writing it…

*But if you decide it's not for you –**for ANY reason at all**…*

*You can simply cancel at any time for a **full 100% refund of that small subscription fee**.*

*And the 500-plus page Cured book… with **the prostate cancer miracle** (page 3)… the new **link between sex and cancer** (page 543)…*

*…the "salt" secret for **beating diabetes** (page 235)…*

*…the only way to **fight** Alzheimer's memory loss (page 71)…*

*…plus **dozens** of other life-changing health breakthroughs…*

…is yours to keep FREE no matter what!

*Let me repeat that: My private newsletter, Nutrition & Healing, is an **astonishing value** for the inner circle secrets you'll be privy to every single month…*

*But if you don't like it for any reason at all, just cancel for a **FULL and COMPLETE 100% REFUND**.*

At any time.

*And you keep your copy of Cured: 81 Natural Cures for Cancer, Diabetes, Alzheimer's and More… free. **Even if you cancel**.*

There's not another offer like this on the planet.

*I insist that **you take no risk** – and you gain everything.*

*But there is only one catch. **I'm afraid giving Nutrition & Healing a try is the only way to get your copy of Cured.***

It will never be sold in stores.

*To get your own copy, you must reserve it here **right now**.*

Are you ready to finally experience a life free of disease and declining health?

Are you ready to laugh off fears of cancer… Alzheimer's… heart disease… pain… diabetes?

***But there are a few things I left out**… because I wanted your copy of **Cured** to be something you could share openly with your wife, kids, and neighbors.*

*And there are some health problems that **only men** really understand.*

I'm talking about certain "personal" challenges that happen as you get older. Know what I mean?

So when you RSVP for your free copy of Cured today, I'm going to send you another free gift…

A report I have written for **MEN ONLY**.

It's called **Dr. Rothfeld's Health Secrets for Men**.

I purposely kept the name discrete, and it has a plain black cover. Here's a picture of it now.

Dr. Rothfeld's
Health Secrets
for Men
Nutrition & Healing

But while the cover might be plain, the secrets it contains are anything but boring.

Like this one: Want to be the undisputed **"Master of your bedroom"** again?

Even if it's been a while… a long while.

Look, there's no shame in it… almost every man experiences some love-life mishaps when he gets older.

But it doesn't have to be that way for **you**. Nope, not anymore…

So if you're ready to amaze your wife with your **rock-solid bedroom ability**…

I have great news.

No matter how long it's been since you felt like the masculine Master of your bedroom, there's now a simple solution.

And I'm **not** talking about Viagra.

Viagra works for some men… **but only if you're willing to risk the side effects**, like sudden vision loss, chest pain, and shortness of breath.

Yikes. **No thank you**.

Especially when I've learned there's now a natural way to help get the same **"hard as hewn granite"** results… because this solution **works the same way as Viagra**, but without the scary side effects.

It's called "L-arginine" and it's something your body actually produces **naturally**.

L-arginine allows for a natural chemical reaction in your body, making something called nitric oxide (or **NO**) in your blood.

And NO relaxes the blood vessels in your penis, allowing more blood fill it up… **meaning much stronger, more solid erections**.

So even if it's been a long time since you had one of those "stand at attention" moments, **get ready to hop back in the saddle**…

Boosting nitric oxide is actually how Viagra works too – but it does it using chemicals, with those worrisome side effects.

Supplementing with L-arginine can do the same trick… and then some.

This is just another example of a natural way doing it **better**!

I do it with a **combination of 2 very special natural extracts**.

One of them is found in kind of a **weird** place: The bark of French pine trees.

But what it does for an older guy's sex life is nothing short of **incredible**...

In a recent study, 40 guys with **erectile dysfunction got this French pine tree extract**… and the **solid** results were hard to ignore – if you know what I'm getting at.

These guys actually saw a nearly **80% improvement in their ability to get and keep an erection**.

And it didn't stop there…

The next month they gave them a little more pine extract and **the improvement rocketed to over 90% stronger erections!**

That's incredible.

But I want my patients and inner circle members to get back the sexual ability they had in their 20s.

So I added details on one more super sex ingredient to my "male enhancement" protocol… Korean Red Ginseng or **KRG**.

KRG has been extensively tested, in double-blind placebo-controlled studies… showing how well **it treats and prevents the embarrassing effects of ED**.

Now imagine **combining all these details on** L-Arginine with the French pine extract and Korean Red Ginseng in one specific combination, with the **exact dosages** I've found works best for older guys with ED.

You'll have a **powerhouse sex combination** that will keep your wife breathless, your sheets a mess… and just maybe get the neighbors talking!

Every detail you need is on page 1 of your discretely packaged **Health Secrets for Men** report, your second free gift today.

But that's not all I included in this report for men...
