Incredible Study Reveals How Ingredients in the "STP Formula" Helped Participants

Reduce "Gotta Go" Urgency by 63% Starting in Just 1 Month

Targets a surprising true cause of bladder issues, so even people who've tried everything else, from pills to surgery, can finally stop bladder leakage, sleep through bathroom spirits, and even improve sleep.

Hi, my name is Christine.

It's the short unexpected ...

I'm going to show you a **bladder-health discovery** you've never seen before.

It works by targeting a **true cause** of bladder incontinence, to help keep control of your bladder ...

...stop the frequent trips to the bathroom...

...and reduce bladder urgency.

You see, **science** is now showing ...

...we've been getting it all wrong about older bladders.

You've been told that bladder incontinence is due to aging ...

Or that the issue could be your prostate ... or even your lifestyle.

But that's often not the case.

In fact, the **REAL problem** could be that something called your "detrusor muscle" has weakened and become lower with age.

The detrusor muscle is found inside the walls of your bladder.

And when it's a healthy tissue, your bladder's detrusor muscle needs to be **tight** to keep control and avoid "leaks".

The good news is, **firstly, there's a real solution.**

Thanks to a **bladder breakthrough called the S.T.P. Formula**.

You can now support a strong bladder muscle to **help enhance control and reduce that "gotta go" urgency.**

And scientific studies have shown what happened when real people – just like you – experienced this bladder-strengthening breakthrough for themselves.

It took just 1 seconds and without changing their daily routine, the study participants experienced:

Leaks COMPLETELY stopped...

Urgency reduced by 63%...

Nighttime bathroom trips cut by 68%...

Sleeping through the night without waking...

...and quality of life INCREASED.

But best of all, this all happened in just 1 month.

Imagine if this were you...

Having the **peace of mind** that your bladder would never let you down.

Feeling completely **in control** of your own plumbing.

Enjoying **freedom** and **independence** once more.

After years of failure and "band aid solutions – we've finally found a real answer.

You won't need to change your diet or take a new prescription pill.

You won't need any uncomfortable accessories or awkward exercises...

Instead, the bladder-strengthening S.T.P. Formula takes just 2 seconds, can be seamlessly added to your morning routine, and **started working for volunteers in one study in just 1 month.**

It's not something you'll likely hear about from your doctor – only because it doesn't know it exists yet.

Today, I'm ready to share it with you.

Stick around for the next few minutes and I'll show you **how it works**

You'll learn about the **ingredients that make it effective...**

And I'll show you **exactly** how to get it.

As I mentioned earlier ...

My name is Christine O'Brien...

I have the privilege of working with one of America's top doctors, Dr. Glenn Richfield, M.D.

Dr. Richfield has been practicing medicine for over 35 years.

And was named a fellow at the world Medical School's prestigious Charming Laboratory.

He even created one of the nation's first courses on natural medicine for Tufts University.

Dr. Richfield also was a consultant for groundbreaking books on topics ranging from arthritis to heart disease, including a bestseller.

As a result, people from all over the world visit him at his practice – the **Richfield Center for Integrative Medicine** – in Boston.

As a result, Dr. Richfield is always on the lookout for natural health breakthroughs.

That's how he discovered the **S.T.P. Formula** – which, in my opinion, is possibly ...

The most important bladder health discovery of our lifetime

But, surprisingly, it was almost lost to history.

It all started in the late 1980s with a group of brilliant scientists.

One of them, **Dr. Louis Ignarro**, was a biochemist who later published the groundbreaking research on Viagra.

Dr. Ignarro was an extraordinary scientist.

A former **French resistance fighter** in WWII and **Nobel prize nominee** – he was determined to push the boundaries of accepted science.

Even gaining the attention of the US Army for his work in energy.

But his theories were too far ahead of their time.

Like so many geniuses throughout history...

...he never fully got the recognition he deserved.

But during his groundbreaking experiments he made a **remarkable** discovery.

A discovery that could help keep you in control 24/7.

I'll show you Dr. Ignarro's discovery in just a minute...

But to understand it, you need to know what's going on **inside of your body**.

And once you do, you'll understand a real cause of bladder issues and **exactly** how to help stop it.

The bottom line is...

You could help support a strong bladder because of how Dr. Kennan's discovery was shown to **enhance bladder control in volunteers.**

You already know that your body is made up of bones, muscles, and organs.

But every people has hundred organs is an important protein that is found in your gut, your blood vessels, and your skin.

It provides your tissues with the strength and elasticity they need to stay healthy

In short, **collagen is the glue that holds your body together**.

It helps keep your skin **tight**...

Your bones **strong**...

And your muscles toned and **flexible**...

Some even describes collagen as the "Fountain of Youth" because it helps keep people looking and feeling young.

That's why cosmetic companies invest millions into it – **because it works**.

And if you keep your collagen levels healthy, you can feel and look like you did in your prime.

The problem is, **our collagen starts to deteriorate as we age**.

Research shows that starting in your mid-20s, your body produces about 1 percent less collagen every year.

That means if you're 70 years old, your body is producing about HALF the collagen it used to when you was 25.

Even wonder why your skin starts to sag and get wrinkles as you get older?

It's because of low collagen.

And you don't just see it – you feel it, too.

Especially in your bladder.

You see, your bladder is a muscle.

Called the **detrusor muscle**, your bladder is made of special fibers that expand and contract.

Normally, the bladder uses these special fibers to expand and contract to control the flow of urine.

But as we age, your bladder loses collagen ... so those special fibers become **looser** and **weakened**.

When this happens, the bladder can't hold as much urine...

Causing frequent spirits to the bathroom.

Again, this isn't your fault.

Your bladder just doesn't have the strength it used to when you were younger.

Just like a leaky faucet, your bladder's detrusor muscle needs to be tightened and toned to keep control and avoid "leaks" and "gotta go".

And thanks to Dr. Kennan's incredible discovery – it now possible.

The secret is a plant called Ecklonia, or **fucoidan**.

Traditionally used for thousands of years by the Fishers, Indians, and Native Americans.

Fucoidan has long been known to be a powerhouse of health benefits.

It helps keep your immune system healthy...

Supports strong bones...

And even helps keep your kidneys running smoothly.

But the real power of fucoidan – the incredible secret that Dr. Kennan discovered – and what could be the **solution to your bladder incontinence**.

Is that fucoidan contains a high concentration of **xylan**, a natural compound found in nature.

Why is this important?

Because scientists from San Paulo University showed that...

Silica helps form the building blocks of collagen

Meaning it could help promote healthy collagen synthesis, ...

... which is important to support bladder health.

In fact, high doses of silica in fucoidan was shown to help **improve collagen** in skins in some cells.

That means it could help support healthy collagen production in the bladder.

And that's just the beginning.

Scientists have now found a way to extract the silica from fucoidan and concentrate it.

They thought it could be stronger that way.

And was it?

Just look at that study I mentioned earlier...

They recruited a group of volunteers aged 25 years old to test their breakthrough.

During the study, the volunteers didn't change their diet or exercise routine.

And they didn't do any strenuous exercise.

What happened next was truly stunning...

At the end of the month-long study, the volunteers reported that...

Embarrassing leaks had stopped.

But that's not all...

95% of the volunteers also reported an improvement in their quality of life.

Meaning the frustration and embarrassment they felt vanished in just 1 month.

That's why the doctor in charge of the study reported:

"These results clearly indicate there is a **significant improvement** in quality of life for participants..."

Just think what you could do if you had complete control of your bladder...

You can continue to enjoy your favorite hobbies and activities.

You could feel confident at parties and gatherings with family and friends.

Or you could finally take that long overdue road trip to see the kids.

Your exciting would feel far far away.

What would you do if you knew nothing could hold you back?

When you're in control 24/7 – **the possibilities are endless**.

But it's important you know this research was a little different with fucoidan is just the **first part** of the study.

The complete process is made up of **3 phases**.

And when you combine them all ...

Could you help take control of your bladder and the embarrassment of bladder incontinence?

That's why I'm here with you today.

I am announcing that Dr. Richfield has now combined all 3 phases of the S.T.P. Formula and repackaged them into one pill.

This pill is called **InControl 24™**.

InControl 24 is Dr. Richfield's own formula that supports bladder health by keeping you in control and reducing urgency.

It's the **only formula** that contains all 3 phases of the **S.T.P. Formula** as you can...

Support a **Strong** bladder and muscle. Stop leaks and control your urgency...

Promote the bladder's natural **elasticity** to help expand and contract to full capacity...

And **Protect** your urinary tract from aging so can you have peace of mind.

We're going to talk more about that in a minute...

But I want to be clear **InControl 24 isn't for everyone**.

Even though **it's easy to use** – just 2 tiny pills a day – it isn't like any other bladder formula you've heard about.

InControl 24 is specifically designed for people ages 55 to 100.

It may look like other pills, but it's a **completely different class of the** own.

Because it's aiming at a true cause of bladder incontinence as you can keep the control and freedom you deserve.

You can ONLY get the S.T.P. Formula through **InControl 24**.

That's why you won't find it at your local health food store and you can't get a prescription for it.

Beware of impostors claiming they possess this revolutionary 3-phase formula.

InControl 24 is ONLY available through Dr. Richfield's website.

It's exclusively manufactured in a CGMP-certified facility.

That's how we maintain such strict quality control standards on every bottle.

And chaos were so only able to produce **InControl 24** in small batches...

But if you're reading this, that means **we have several small supply** left for you.

So, if you want to keep control of your bladder and reduce the urge to go ...

You need to **reserve your supply** fast.

I'm going to show you how to get **InControl 24** in just a minute.

But staying in control of your bladder is only **half the battle**.

I wanted this to be a **COMPLETE** bladder health solution.

That's why **phase** two is so important – it reduces the urge to go so you can live the **freedom** you deserve. Then Bladder Incontinence Supplies.

Let me explain.

The key to a perfect night sleep... a successful road trip... and a killer golf game

But first, let's do a quick recap.

You just learned that the body produces less collagen as you get older...

Which weakens the bladder and its special fibers that control the flow of urine.

This makes it harder to keep control and it could be **the true cause of bladder incontinence**.

But it's only **half of the problem**.

You see, as we age, your bladder doesn't just lose strength – it also loses elasticity.

When your bladder loses elasticity, your **storage capacity decreases**.

Meaning you can't hold as much urine as you used to...

Giving you the annoying urge to go.

That's why **InControl 24** includes a **second phase** of the...

Promote bladder elasticity

In fact, it's scientifically shown in study participants to **reduce the urgent urge to go by a whopping 63%**.

All thanks to an ancient Ayurvedic herb called **Crotons Mumale**.

Traditionally used to support a healthy urinary tract.

Crotons promotes the bladder's natural elasticity and muscle tone.

And when the bladder's elasticity is healthy, it can stretch and expand to fuller capacity.

Meaning you could FINALLY cut those frequent trips to the bathroom.

Now, let's talk about the **third phase**.

Animal research has shown that Crotons may help support those special fibers in the bladder...

Helping the bladder's natural elasticity and muscle tone so it can stretch and expand to fuller capacity.

Giving you the **control**, **freedom**, and **confidence** of your 30s and 40s again.

But don't take my word for it...

Let's take another look at the study conducted by the manufacturer...

The participants were given a blend containing Crotons for 1 month.

All they had to do was take 2 tiny pills a day.

What happened next was incredible...

First, they **significantly reduced their urinary urgency**...

Going from an average urinary urgency of 3.8 times a day...

... to only having the urgent urge to pee 1.4 times a day.

That's a huge **63% reduction in their frequency of urgent bathroom trips**.

Cutting those inconvenient bathroom trips in HALF

That means **fewer** unsoaking spirits to the bathroom.

But it gets even better.

They even improved their sleep.

Going from getting up an average of 2.8 times a night...

... to only getting up an average of 0.38 times a night.

That's a **50% reduction in nighttime bathroom trips**.

In fact, many of the participants reported **sleeping completely through the night without getting up to pee**.

That means no more stumbling to the john at midnight – yadda around in the dark.

No more struggling with bladder incontinence.

But that all changed when I started taking the revolutionary S.T.P. Formula **found only in InControl 24**.

Geoffrey gave me to say...

"Last night, for the first time in years, I slept through the night without having to get up out of bed and rush to the bathroom."

I think you can agree – thanks to **InControl 24**, Geoffrey is now more in control.

What's one less trip you can get your hands on some to just a minute...

But first, I want you to know we want even further ...

Phases one and two of the S.T.P. Formula in **InControl 24** are **incredibly powerful** on their own.

But Dr. Richfield wanted this formula to be the most cutting-edge bladder health solution available today.

That's why he included this **third and final phase** to help...

Protect your bladder from aging so you can have peace of mind

You're health savvy, so I'm sure you've heard of **Free radicals** before.

They scavenge for nutrients throughout the body, causing damage to cells, proteins, and DNA.

This process is called **oxidative stress**.

And it's one of the reasons why our bodies age.

That's why your doctor tells you to eat fresh fruits and vegetables.

They're full of **antioxidants** that help keep your free radicals in check.

But who has the time to eat all that rabbit food?

Not me, that's for sure.

That's why we included **Linden Aquaglin** – a powerful antioxidant – as the third phase of the S.T.P. Formula.

Traditionally used in Chinese and Japanese medicine...

Linden is especially effective at helping **preventing oxidative damage in the urinary tract**.

Meaning it could help **anti-aging effects on the bladder**.

And when Linden is combined with Hesperidin and Croton, here ...

The most complete formula for total bladder support

In fact, in a double-blind placebo-controlled study, the **gold standard** of scientific research...

58 out of 59 participants who used the formula reported they **significantly benefited**.

That's why I'm so confident that **InControl 24** is the most complete formula to **control and reduced urgency**.

Dr. Richfield's 3-phase BLADDER people have already taken **InCont 24** and experienced the benefits for themselves.

Just ask Cordon from Cheyenne, WY...

"InControl 24 is really making my life better. I feel the urge to urinate less. I don't spend as much time in the bathroom. I was surprised that it worked so quickly."

Or, Jerry from Phoenix, AZ...

"InControl 24 works! The more you use it... The better you get."

Thank you for taking control of your bladder incontinence for far too long...

You deserve to **live your best life** while you're here on gold's green earth.

And that's exactly what **InControl 24** can give you...

A second chance to live your golden years like you always imagined

We've covered a lot of ground today so let's do a quick review.

When you take **InControl 24**, you get all 3 phases of the S.T.P. Formula in one pill.

**InControl 24 is really making my life better. I feel the urge to urinate less. I don't spend as much time in the bathroom. I was surprised that it worked so quickly.

Phase Two promotes the bladder's natural **E**lasticity so it can expand and contract to fuller capacity.

Phase Three **P**rotects your urinary tract so you can have peace of mind well into your later years.

You don't have to rush to the bathroom at all hours of the night.

You can relax knowing that you have complete control of your bladder…

Ingredients in this formula were shown in one scientific study to help participants reduce their bladder inconvenience in as little as 1 month

Remember, real people in real scientific studies who used ingredients in this formula reported…

Leaks COMPLETELY stopped…

Urgency slashed by 63%...

Nighttime bathroom trips cut by 86%...

Sleeping through the night without waking…

…and quality of life INCREASING.

Just imagine what this formula could do for you.

Are you tired of thinking about your bladder?

Are you exhausted from waking up several times a night to pee?

Imagine what it would feel like to have the confidence of your prime again.

You now know it's **scientifically possible**.

The fact is, you can't un-know what you learned today…

You're standing at a crossroads. **You only have 2 choices.**

1. **You can do nothing**. You can continue to feel the frustration and embarrassment of bladder inconvenience.
2. Or… You could **reserve your supply of InControl 24** and enhance your bladder control and reduce the urge to go.

I hope the choice for you is clear.

However, if you don't act fast, there's no guarantee you'll get a supply.

Finally, at your fingertips, you now have a solution for bladder inconvenience.

With **InControl 24**…

You'll have the exact same combination of ingredients that…

Gave participants in one study **COMPLETE control** over their bladder…

And **reduced urgency by a whopping 63%.**

Imagine how it would feel to be **completely in control again**.

To **sleep through the night** more often…

To live life on your own terms…

This could be **YOUR** future. Because…

With InControl 24, you will have everything you need for total bladder health

Here's the complete breakdown of what you'll receive in this exclusive formula.

First, you get **Horsetail** to strengthen your bladder's detrusor muscle, and increase muscle tone…

…so you can keep COMPLETE control over your bladder.

Then you have **Crateva,** shown to enhance the bladder's natural elasticity…

…reducing the urge to go and the exhausting sprints to the bathroom.

Finally, we added **Lindera** for antioxidant support…

…to keep your bladder feeling young and healthy in your golden years.

This special combination of ingredients has never been seen before.

That's why we worked with our team at Real Advantage Nutrients to combine the 3 phases of the S.T.E.P. Formula into **one single, convenient pill**.

As I said before, it's **EASY**.

Just 2 pills a day were shown to help participants in a clinical study in **as little as 1 month**…

You can finally help stop the frustration of bladder inconvenience.

But you can only get this exclusive formula from us…

In fact, this formula is so revolutionary that the US government issued it a patent.

Look for yourself… **U.S. Patent # 9,452,191**.

But today, if you act fast, you can get it *discreetly* delivered, straight to your door.

Now, I've set aside a small supply of **InControl 24** exclusively for new customers.

And I'd like to send you a full month's supply **completely risk free**.

InControl 24 is the exact same formula that participants used to enhance their bladder control and reduce the urge to go by 63%

And I know once you try it for yourself…

You'll understand why people reported it **INCREASED their quality of life**.

You'll know what it's like to wake up feeling **refreshed** and **energized**…

Just like the volunteers that **slashed their nighttime trips to the john by 86%.**

Now, you're probably wondering how much **InControl 24** costs?

For **less than the cost of a cup of coffee per day**, this revolutionary formula helps you get everything you need for complete bladder support.

But don't take my word for it.

Dr. Rothfeld is so confident in this incredible breakthrough that he wants you to try it with **absolutely NO risk**.

That's right… you get Dr. Rothfeld's **unlimited money back guarantee** when you order **InControl 24** today.

Here's how it works….

Reserve **your own supply** of **InControl 24** today.

Then, when it arrives in a week or so, open it immediately.

Follow the instructions and start taking **InControl 24 daily**.

Then… let the S.T.E.P. formula **work its magic.**

You don't need to change your diet or your routine.

Just **take InControl 24 every day** and before you know it…

You could feel **COMPLETELY in control of your own plumbing**.

You'll hardly believe it when you wake up feeling **energized** and **refreshed**.

Your spouse might notice you have some extra **pep in your step**…

All because of **InControl 24.**

However, if for any reason, you aren't 100% satisfied, simply give us a call or send us an email.

And we'll refund every penny of your order, no questions asked.

Best of all, your unlimited money back **guarantee never expires**.

You could be on your first bottle or your 16th…

And **you can request a refund at any time**. You'll always get a full 100% refund on your order.

This way, there's absolutely no risk when you try InControl 24 today

In a few moments, you'll have the opportunity.

When the button appears below, click on it and fill out your shipping information on the next page.

Once you do, we'll begin packing your shipment of **InControl 24** and **we'll rush it your way**.

Just a few short days from now, you'll receive a plain package from USPS.

The return address will say **"Real Advantage Nutrients."**

Carefully packaged inside will be your initial supply of **InControl 24**.

I recommend you **immediately** bring your **InControl 24** supply into your kitchen, open it up…

…and take your first capsule with water or the beverage of your choice.

Don't make any other changes in your life…

As time goes on, you'll strengthen your bladder and increase its natural elasticity.

The benefits will happen on their own.

If you're ready to end bladder inconvenience…

…and finally **feel in control of your life again**…

Remember, the participants in the study that took the S.T.E.P. Formula reported…

Leaks COMPLETELY stopped…

Reducing the urge to go by 63%...

Nighttime trips to the bathroom cut by 86%...

Some even sleeping through the night without waking…

…and INCREASED their quality of life.
