OUR STORY

"As the first true lifestyle sports nutrition brand, our goal was to bring the excitement, to bring the fun back to an otherwise stagnant category. Fast forward to today, GHOST has become one of the most recognizable brands on shelf and we're bringing that same authenticity, transparency and energy to the ready to drink space. It's been an unbelievable ride so far...but we're just getting started"

GHOST® FULL DISCLOSURE LABEL

All GHOST® products feature a 100% transparent label that fully discloses the dose of each active ingredient. Zero proprietary blends means you know what you're getting in each and every scoop.

NATURAL CAFFEINE

Clean, natural energy. GHOST® Energy contains 200mg of Natural Caffeine from coffee bean, which has been found anecdotally to deliver a smooth, feel good energy with less jitters and no crash when compared to other forms of Caffeine.

CARNIPURE® L-CARNITINE

Carnipure® is a high-quality form of L-Carnitine. L-Carnitine is one of the most commonly used ingredients in energy drinks due to its role in converting fatty acids into energy.*

ALPHA-GPC

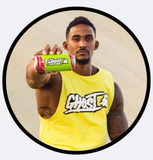
Alpha-GPC is a natural nootropic that delivers some serious cognitive benefits. Having a ton of energy is great, but being able to channel that energy and actually focus while attacking your day is just as important.*

NEUROFACTOR™

NeuroFactor™ is an all-natural patented extract of the whole fruit (including the bean) of the coffee plant that has been clinically studied to boost brain and cognitive function in ways your morning cup of coffee can only dream of.*

ASTRAGIN®

AstraGin® works to help improve your body's ability to absorb a wide range of key nutrients...In other words, AstraGin® ensures you're getting the maximum benefit from everything we've packed into GHOST® Energy.*

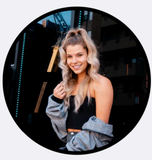


"The fact that there is only 5 calories, zero sugar, vegan friendly and gluten free all in one is what's my favorite about it. This drink is for anyone and you don't feel guilty drinking it."

Darnell Guy
Fitness Influencer/Personal Trainer

"Since drinking GHOST® Energy I won't start my stream without one. Not only does it taste amazing, but the focus and energy it gives you is amazing for the grind. I need a portable fridge in my setup, because if someone in the house drinks my last can I'm going to cry!"

Royal Waithe
Content Creator



"I LOVE how light and subtle the taste of GHOST® Energy is, but it packs a PUNCH. I get through my workouts and day with focus, energy and no crash. The flavors are awesome and way different than any other energy drink out there in the best way possible."
