ACCLAIM™ BAY / BOW WINDOW

★★★★½ 8,452 Ratings

Acclaim™ Bay and bow windows (also called projection windows) add architectural interest while maximizing room space. Bay windows have three sides and are available in four projection angles. Bow windows form a gentle arc of four, five, or six windows. Bay and bow windows capture dramatic views and enhance your home's curb appeal. They are an excellent choice for opening up a room and increasing the light.

WHY CHOOSE ACCLAIM™ BAY OR BOW?

- **EXPANDED VIEW** - Depending on the design, projection windows can add up to double the field of vision over a standard picture window.
- **NATURAL LIGHT** - Extra glass area allows more light into the room. Configurations that have operable sashes, such as a picture window flanked by two casements, provide extra light and maximum ventilation.
- **COMFORT** - R-9 or R-21 foam insulation, TyVek™ Weatherization, flashing, tape, and paper, and vented soffit panels providing air circulation to the exterior frame keep you comfortable and provide weathertight performance.
- **CONVENIENCE** - Projection windows expand a room's usable space without altering the footprint. Use it as extra seating, for additional storage, as a reading nook, or more.
- **VERSATILITY** - Projection windows can be used in most large window openings. The angles and flat planes of a bay are often found on modern or contemporary homes; the graceful curve of the semi-circular outer bow is a Victorian Hallmark. But with grille, hardware, and color options, as well as 31 different covering colors, copper, wood shakes, and shingles options, they can boost curb appeal and be designed to fit most any home style.

5 ★★★★★

LESLIE R FROM MAPLE GROVE, MN *May 16, 2024*

Chad, Zach and Brady were very professional. Chad kept me up to speed on what they would do each day and at the end of the day let me know what to expect the next day. When he saw there was an issue with one of the window frames he pointed it out to me right away, gave me a couple options and let his manager know what was wrong. He did a great job on the entire project.

5 ★★★★★

DEB P *March 1, 2024*

The project timeline (from placing the order to installation) was longer than I wanted and the price was almost prohibitive. I ended up going with Andersen because I did want good windows that I could count on for many years and your guarantee for the whole project was the deciding factor.
