This brand I hadn't tried before, when I received it I was so excited to try. Ummmm!! Super delicious, strong just like. It works well with my Keurig. The packaging looks attractive. I would buy again

**Smooth, Bold, and My New Go-To!**
Chock Full o'Nuts Midtown Manhattan is hands down one of the best coffees I've tried. It's bold and full of flavor but still super smooth — no bitterness at all. It's got that rich, classic NYC coffee vibe that hits just right every morning. Smells amazing while brewing and tastes even better. If you like strong coffee that's easy to sip, this one's a must!

**Coffee**
This coffee has a really good flavor. It is strong enough for me and not to weak like other brands I have tried. The pods work well in my Keurig and will be buying some soon.

**Great Tasting!**
I had never used this coffee before and I am so happy I did. This has such a nice smooth taste. The aroma is so great that I cannot wait for it to get finished brewing when I smell it. Being pods makes it simple to make and the packaging is nice. High quality and great value product that I highly recommend!

**Gourmet at a Non-Gourmet Price**
I love this little box — every time I open my "personal drawer" at work, I see these pods and think, "Ooh, good coffee! Not that junk my employer puts out for us!" This coffee is a big step up from bargain coffee brands, but I see their price is almost the same. The taste was rich and smooth, made a little more perfect for my taste with a dash of half and half. I'd highly recommend. And, no, it doesn't taste like nuts!

**Flavorful and bold coffee**
This Chock Full o'Nuts Midtown Manhattan k-cup is full of flavor. It tastes nutty and bold. It does have a nice strong aroma and it does have a bold caffeinated flavor! It is an easy to use although you have to throw away the plastic k-cup. I would definitely repurchase and recommend.
