Smooth and delicious!
When trying new coffee pods, I don't really expect anything spectacular. That being said, this coffee was simply delightful! It was very smooth and had a nice, warm floaty morning feel to it. I don't know if that makes sense for a coffee, but it definitely put the flavor on my repeat radar.

Shockingly delicious
Hello I received the IHOP buttery syrup Keurig cups complimentary from Influenster and to be honest at first this coffee didn't sound very appealing to me but after brewing a cup and smelling it I couldn't wait to try it because it smelled so good I paired it with a coconut cream and it tasted absolutely amazing

Convenient & Flavorful
I was so surprised when I made my first cup of coffee with this buttery syrup IHOP coffee flavor ! The aroma that enters the air when brewing a fresh cup of coffee is absolutely amazing and then you get that first sip of your freshly brewed cup and your tastebuds are conquered. This coffee is perfect for a pick me up in the mornings or even just a mid day treat to yourself. The convenience, taste, smell and quality over-exceeded my expectations. I would definitely recommend this flavor to any and everyone. You definitely do not want to miss out on trying this. Just one time trying this flavor IHOP coffee and you will obsessed just like I am. I cannot wait to make my coffee every morning now.

Honest review
The flavor it tasted like syrup and the packaging was OK. It's a packaging. The aroma smelled good and I think I won't buy it again even if it's cheap. I'm not a person that likes sweet coffee!!
