My absolute favourite Italian coffee
This is my favourite Italian coffee - the the cheapest coffee, but well worth it. It's similar in many ways to LAVAZZA, which I also love, but ILLY is smoother, and has none of the harshness or blandness common in coffees drunk in the US.

My Favorite
A very fine medium to light Italian roast. No bitter taste, very smooth. You get only ten pods per box instead of 12 and pay more than typical, but I feel it's worth it. I will also try illy's "Intenso" roast for a fuller body taste.

A little Italy in N. America
I discovered this coffee brand while on a trip to Italy. While this Kcup is delicious, and a glorious reminder of that wonderful trip, nothing can take the place of drinking illy in Italy. Until I go again, this is my daily coffee. Great Job for what it is though.

WHY #5?

100% of our K-Cup® pods are made from recyclable* polypropylene plastic, otherwise known as #5 plastic. #5 plastic is now widely accepted in curbside recycling systems across North America, although many systems that accept polypropylene do not necessarily accept K-Cup® pods.
