[Here is a testimonial from one of our alumni:](#)

*"I just wanted to send you a quick email to thank you for helping me with finding a job in Korea. The whole experience by far has been the best. I can easily say that I feel well taken care of and happy here.*

*I love my job and my students. It's the highlight of my days. The city is also amazing with a great blend of cultural traditional and modern sights to behold. And overall, the Koreans are delighted to have foreigners here. I have never met a group of people who are as open and friendly and helpful as the Koreans. And as a foreigner, I feel very safe here too.*

*Anyways, I can write email after email raving about my experiences here but I really just wanted to say thanks for your help and I know that I wouldn't have made it without you."*
