Ivar S.

"I am an investment consultant who manages portfolios for clients all over the U.S. Before I found Stansberry, I tried several other research services. Yours, hands down, is the best service available out there. I will recommend it to anyone looking for good research. Not only have YOU made my portfolio grow, but you have helped me grow my business by giving me investment ideas I am recommending to my clients."

Daniel White

"I respect your integrity and that of your editors. Nobody gets it right all the time, but your advice is top notch. That is saying a lot from me, because I am a tough customer. I would drop you like a hot potato if your standards slipped to those of most of your competitors."

Daniel Munson

"Thanks to your research, my investment income now exceeds my retirement income. My brokers want to know how I do it. I meet or beat most professional recommendations every year."

Raymond Peter

"I have doubled my wife's IRA from approx. 25-K to just over 50-K in about 18

months. Have moved one of my IRA's from less than 20K a year ago to 35-K today, and the other IRA from 25-K to 40-K in two years... And everything in all three IRAs is an S&A recommendation."

Jacob Baran

"Not only do your recommendations deliver substantial and in some cases, low-risk returns, but I have gleaned much investment knowledge and wisdom simply by reading your letters, and I feel a much wiser investor than ever before. Thank you for such great work! Keep it up!"

Rita Martinez

"So far, I'm delighted with the service. I'm gradually shifting my retirement portfolio to many of the recommendations across the spectrum of your writers' recommendations. What appeals to me most is the diversification of offerings and the depth of research that seems to go into them."

Devon Knight

"I believe it to be one of the best decisions I have ever made. The investment advice gleaned from Steve, Dan, and Porter's advisories made me a better, more knowledgeable investor. Since joining, my portfolio has grown by several hundred thousand dollars. Subscribing was a no-brainer."
