## Peripheral Neuropathy

### Testimonials:

**Jackie:** "Hi, I'm Jackie. I have had peripheral neuropathy for 5 years. This problem had rendered me unable to leave the house after 2pm due to pain and muscle cramping, which would increase as my day continued. It caused such balance problems that I was using a cane. There have even been times I have had to use crutches or a wheelchair. I had to give up my business in the health care industry, which became too hard for me to continue, since it involved traveling and trainingskills.

After taking 2 oz of the Mangosteen and Minerals for 6 weeks I began experiencing a mental awakening. I became more balanced and completely pain free. The Mangosteen and Minerals product has honestly given me back my life!!!"
