Extend your body's warranty with proper nutrition

When you are 20 years old, 50 seems like an eternity away. At 20, for most people, the thought of a health challenge seems just as unlikely. Unfortunately, not everyone, is fortunate to have good health at any age. Medical research has shown that most all known diseases can be traced to poor nutrition. Also, unfortunately, we don't get the proper nutrition from the foods we eat. There are several reasons for this. Over farmed soil, which causes a loss of minerals in the soil. Chemicals use to keep the plants insect free, Over processed foods, Over 10,000 chemicals added to our processed foods. A biggy now, is the fact that a lot of us eat way too much fast food.

So, what's the answer. More food? No. Proper nutrition? YES. How do we get it, if we are the most over feed nation on the planet, yet the most under nourished? Supplementation. Ok, the vitamin industry is over a billion dollar industry. Yet, the obsorbancy rate of a vitamin pill is 11 to 20 %. So the anwer to that is liquid nutrition. The product that provides the single highest source of nutrition is called Vemma. Vemma is the first and only product to combine the high antioxidant and nutrient value of the "whole" mangosteen fruit, high antioxidant and nutrient value organic aloe vera, and high antioxidant and nutrient value of whole leaf decaffienated green tea, 12 essential vitamins, and 65 trace minerals.

What this means to you is Vemma provides the powerful ability to prevent illness and disease in the first place and to slow down the process of existing illness and disease.

So, how does it work? In the paracarp (the rind) of the whole mangosteen are the most powerful antioxidants ever discovered called "Xanthones". Of the 200 "known" antioxidants, the mangosteen contains 47. There are over 15,000 study papers written on the mangosteen antioxidants and their potency. 3 have received the bulk of the studies, Alpha mangostin, gamma magostin, and garcinone E. These antioxidants have shown amazing results. Including, but not limited too, not only stopping the replication of cancer cells, but killing

cancer cells in lab tests. Inhibiting the replication of the HIV virus and the hepatitis C virus.

The cancer tests were performed on Breast cancer, leukemia, colon cancer, prostate cancer, lung cancer, liver cancer, skin cancer, and many more. Tests have also shown these antioxidants not only prevent Alzheimers and Parkinsons, but stop cell damage that causes these diseases, and to rebuilds damaged cells in the brain to the point of Alzheimers patients regaining memory and mobility, and Parkinsons patients regaining use of limbs overcome by shaking.

These are merely a sample of what this amazing product can do. I personally know people who have had their cholesterol lowered 35 to 40 points in 2 to 3 months without medication. Blood pressure lowered and sustained, and able to completely get off of medication. A stroke victim, paralyzed on one side. Recovered completely without medication, and having the lowest blood pressure of his life. Asthma sufferer able to reduce his medication from 2 pills a day and the use of an inhaler twice a day, to 1 pill every 5 days, and rarely using his inhaler. 4 women who had suffered from severe migrains for more than 30 years, having not experienced a migraine since being on Vemma.

Arthritis sufferers unable to get out of a chair due to severe pain their knees now pain free. A lady suffering with fibromialgia, in her bed waiting to die. 3 months on vemma, able to regain her life.

The a 50 year old man suffering with Prostatitis for 30 years. 30 days on Vemma, and I quote, I'm making bubbles in the bottom of the toilet like a 20 year old. From a true sceptic to a believer in 30 days. Amazing. Acid reflux sufferers having their heartburn go away in 5 days, 10 days, and so on. And off of their medication.

This is not a "I think I feel better" supplement. The nutrients and antioxidants in vemma actually repair damaged areas of your body by rebuilding damaged cells.

We want people to take an active role to proactive health, as opposed to reactive health of symptoms and illness. Health and wellness should be a non-negotiable area for ALL of us. People want to be healthy. And that should be the mindset.

The Doctors at Vemma, had the wisdom to put Vemma into a liquid form. This means you get a 98% absorbancy rate.

The list of Anti- that Vemma can do is quite extensive. I'm not going to place them all on here, but I'm going to give you a couple of websites to

go to check it out.
