INCREASE MENTAL ACUITY AND

IMPROVE YOUR LIFE

With age, lack of sleep, and exposure to toxins (environmental, alcohol, smoking, etc.) comes a decrease in brain function. These events kill brain cells and slow cell signaling, causing memory to decline and focus to become hazy.

Cellusyn Neuro-HD prevents reduced brain function from dominating your life. Natural compounds such as choline, theanine, and Alpha GPC support neurotransmitter release and strengthen brain cell signals. Neuro-HD supports a sharper memory, greater focus and concentration, higher alertness, and improved mood for daily, effective cognition support.

The Proven Neuro-HD Formula

1. Acetylcholine Complex

Alphasize Alpha GPC

Alpha GPC is a compound that increases memory, focus, and concentration by raising acetylcholine levels. Acetylcholine is a neurotransmitter that strengthens cell signaling within the brain, allowing your thoughts to form quicker and clearer.

SerinAid Phosphatidyl Serine

SerinAid is a patented source of phosphatidylserine, a phospholipid membrane component that strengthens cell walls and plays a key role in cell cycle signaling. SerinAid has been shown in studies to significantly improve cognitive parameters such as focus and concentration.

Huperzine A 1%

Purified from Chinese club moss, Huperzine A is used as a nootropic for memory and learning enhancement as well as age-related memory impairment. Huperzine A causes an increase in the levels of acetylcholine, one of the chemicals that our nerves use to communicate in the brain, muscles, and other areas.

Dimethylaminoethanol (DMAE)

DMAE is an amino acid found in the small parts of the brain and is a crucial substance that functions as a building block for acetylcholine. As such, DMAE plays an important role in the conduction and functioning of signals in the brain and the nervous system.

Choline Bitartrate

Choline is a water-soluble essential nutrient that is incorporated into the neurotransmitter, acetylcholine. Intake of choline increases release of brain acetylcholine, increasing memory, intelligence, and mood.

2. Brain Blood Flow Enhancer

Vinpocetine

This periwinkle plant extract has been shown to enhance blood-flow to the cerebral cortex and provide neuroprotective effects. It is a commonly used nootropic for memory improvement and cerebral metabolism.

3. Stress & Mood Support

Bacopin (50% Bacosides A & B)

Bacopa monnieri has been found to enhance cognition in humans. Studies have found that bacopa monnieri speeds visual information processing, learning rate, and memory consolidation as well as decreasing anxiety.

L-Theanine

Theanine, a component found in tea leaves, is similar in structure to glutamate. Theanine can pass

through the blood-brain barrier to provide a cerebroprotective effect, preventing neuronal cell death for greater memory and cognition.

L-Tyrosine

This amino acid is a precursor for noradrenaline and dopamine, two important compounds that enhance mood and reduce stress – key events for greater cognition. Tyrosine reduces stress-induced memory deficits, protecting against decline in cognitive task performance as a result of psychosocial and physical stress.

Supplement Facts		
Serving Size: 2 Capsules		
Servings Per Container: 30		
Amount Per Serving		% DV
Vitamin B6 (as Pyridoxine HCL)	15mg	750%
Vitamin B12 (as Cyanocobalamin)	20mcg	333%
AlphaSize® Alpha GPC (50% Choline)	200mg	*
L-Tyrosine	200mg	*
SerinAid®	200mg	*
L-Theanine	100mg	*
Bacopin® (Bacopa Monnieri) (50% Bacosides A & B)	100mg	*
Resveratrol	50mg	*
Choline Bitartrate	25mg	*
DMAE Bitartrate	25mg	*
Inositol	25mg	*
Huperzine A (1%)	5mg	*
Vinpocetine	5mg	*
Boron (as Boron Citrate)	3mg	*

* Daily Value not established

Other Ingredients: Gelatin, Magnesium Stearate

90-DAY HASSLE-FREE

100% MONEY BACK GUARANTEE

You're protected by our 90 Day Money Back Guarantee. If you are unsatisfied – IN ANY WAY – simply contact our friendly customer service support within 90 days of the purchase date for a full refund (minus S&H). The guarantee is good for one used bottle and all unused bottles in resalable condition. We wouldn't offer a guarantee like this unless we were absolutely confident that you'll be amazed by the results. What do you have to lose? **GET STARTED TODAY!**

FREQUENTLY ASKED QUESTIONS

Have questions about Neuro-HD?

Here you can find answers to our most frequently asked questions.

Does Neuro-HD cause side effects?

Neuro-HD is not known to cause any negative side effects when used as directed. Always read the label and follow the directions provided. Avoid taking too close to bedtime to avoid difficulty and sleeping.

How do I take Neuro-HD?

As a dietary supplement, take 2 capsules with 8 ounces of water approximately 30 minutes before breakfast and/or lunch. For maximum cognitive support, take 2 capsules with 8 ounces of water approximately 30 minutes before mental activity with a minimum of 4 hours apart from previous serving. Do not exceed 4 capsules in a 24-hour period.

Who should take Neuro-HD?

Neuro-HD is an excellent option for all healthy adults over the age of 18 who want to increase cognition. Those who struggle with short-term memory, long-term memory, focus, concentration, alertness, and mood can greatly benefit from Neuro-HD.

? How long will one bottle last?

Each bottle contains 60 capsules of 30 servings. When taken as directed, this amount can last up to one month.

? Is Neuro-HD safe for everyone to take?

Consult your doctor before use if you are pregnant or nursing. Keep out of reach of children. Do not exceed recommended use. Improper use will not improve results. Discontinue use 2 weeks prior to surgery.
