<b>My Vemma Story:</b>	<p>Tom introduced the products to me in April 2009. i did some research on the product since i had been looking for organics since 2002 when my first child was born. Most of the products i had been taking prior to Tom tasted nasty and very difficult to force myself to take everyday.</p> <p>In mid July I bought a 32oz bottle to use for myself since i had already like the tast of it. i used it for 2 weeks straight with no problem, and on those 2 oz shots a day for 2 weeks – i felt energized, like i thought i should feel. My lower back is stronger. and i stopped taking my (daily) 160mg pill of Allegra just to breathe. Being in landscaping, those last to items i mentioned are a huge deal for me. I'M STOKED about this product.</p> <p>i am 41 years old and still play in a men's flag football league on Sunday's and have no problems going to work on Mondays</p>
