Vemma-Asthma Testimonials

Today I spend some time looking through some good testimonials about how Vemma helps Asthma. And I find good sharing as below:

Paul: "I have been fighting my asthma problem since I was in grade school. I have always tried natural remedies and had a little success with different herbs. After taking the mangosteen and minerals product for just five months I feel like my asthma is gone. I have never felt this good. I have a new outlook on life and for some reason my mind sees clear and I don't get as stressed out like I use to.."
