Energy and Concentration

"I'm Sue, from Las Vegas. I started taking Vemma about 6 months ago. I love the taste and take it everyday. My better half didn't start taking it until about 4 months ago. Well, let me tell you, he can't do without it.

He works for McCarran Airport and gets up all hrs of the morning, 3, 4 or 5 am. The one thing he makes sure before leaving the house is that he's taken his Vemma. He swears by it. He says that he has more energy, he's more alert

and can concentrate much better.

He even feels like he gets a much better nights rest! His daily diet of fruits and veggies wasn't there, but taking Vemma has helped him get the minerals and vitamins that he's been missing. We both agreed now that we will tell all our family & friends about this unbelievable drink and what it has done for us! Thank you so much."* **Sue, Nevada.**

Shoulder Discomfort

" After a severe shoulder injury, I was experiencing constant discomfort, and couldn't sleep at night. I took Vemma for a few days, the discomfort eased considerably and I was able to sleep properly at last*. After a week, I felt great! I love these products."* **Melody, California**

Digestion Challenges

" I have been using Vemma for the past six weeks and I cannot tell you all the positive changes it has done for my health. For years I have had a challenge with digestion. Since I started taking Vemma, I've noticed a difference and can eat whatever I want. As a bonus I noticed my energy level has increased beyond what I could imagine". I will never be without this supplement."* **Joyce, Missouri**

Joint Discomfort

" After a traumatic motorbike accident, doctors said I would be in a wheelchair by 50 due to the injuries my body suffered. By taking the Vemma, I have more energy and I am able to be more physically active than I have been in years. I am even able to enjoy scuba diving and dancing." * **Julianne, Gold Coast**

Seasonal Health Challenges

"I used to get several colds or the flu every year, now that I'm taking Vemma I feel great all year round. I don't miss out on music gigs anymore."* **John van Zyl, Gold Coast**

*Individual results vary. You should not stop taking any medication without first consulting your healthcare provider.
