PMS

Testimonials:

Jessica: "I was introduced to the best nutritional drink in the world by one of my good friends. At first I was skeptical, and then I thought I would try it. I've been going to the doctor for some issues regarding the enzymes and fat in my liver. After a month of taking the Mangosteen & Minerals I went back to my doctor for some follow-up blood work and found out my liver function was completely normal and my enzyme levels had gone back down.

I also suffer from a disorder called PMDD which is pre-menstrual disorder. With this disorder, moods swings are ten times worse than the mood swings most women suffer during PMS. After taking the Mangosteen and Minerals for two weeks I realized I felt no mood swings at all!!! This stuff is amazing and I love it! I would recommend it to anyone. "
