Sleeping Disorder

Testimonials:

David: "Hi, my name is David and I live in Redding, Ca. I have a story about the minerals and mangosteen combination that is a flat out miracle for me. I was a hard core long term drug abuser for over 25 years. Thankfully, that part of my life is behind me. However, as a result of the prolonged drug use, I was only able to sleep for two and a half maybe three hours tops and that was only if I was 100% exhausted. In addition, I would always wake up and although I really had no trouble going back to sleep it left me feeling fatigued and tired. I thought it was a condition I would have for the rest of my life. I began using the minerals and mangosteen combination approximately one month ago and within two weeks I slept five hours one night. Now it may not be a miracle to you but it's a flat out miracle to me. I'm so grateful, it has given me my life back!"

David - California

Scott: "5 weeks of using the minerals & mangosteen and my AST and ALT liver enzyme levels have dropped for the first time in 3 years. My cholesterol went down 20 points and I lost 12 pounds from a change of eating habits due to reduced cravings. I am no longer using a CPAP machine for Sleep Apnea. I also have more energy."
