**MEMORANDUM IN SUPPORT OF MOTION FOR PRELIMINARY APPROVAL OF
CLASS ACTION SETTLEMENT**

Plaintiff, Amber Teufel (“Plaintiff”), submits this Memorandum in support of her Unopposed Motion for Preliminary Approval of Class Action Settlement, for entry of the [Proposed] Order Granting Preliminary Approval of Class Action Settlement. The terms of the proposed settlement (“Settlement”) are fully set forth in the Stipulation of Class Action Settlement attached as Exhibit A. (“Stipulation”).

I. INTRODUCTION

Without objection by Karlin Foods Corporation (“Defendant”), Plaintiff respectfully requests that the Court grant preliminary approval of the proposed Settlement of this action in which Plaintiff alleges that the Product labeling was false and misleading.³

Karlin is a food company engaged in the business of marketing and distributing to retailers various food products, among them cornstarch. Karlin at all relevant times sold cornstarch to Wal Mart Stores, Inc., which sold it at retail under the brand name: “Great Value™ All Natural Cornstarch.” On August 22, 2014, Plaintiff filed a putative class action, alleging that the “All Natural” statement on the Product is false, deceptive, misleading, and sold pursuant to an unfair business practice. Karlin vigorously disputes the claims and specifically avers that no state or federal regulation or agency prohibits the Product from being labeled as “all natural,” despite the presence of genetically modified organisms in the Product.

³ All capitalized terms not defined herein shall have the same meanings set forth in the Stipulation. Although Defendant agrees the Court should approve this Settlement, it continues to deny Plaintiff’s allegations.

The Parties have engaged in formal discovery as well as informal and voluntary exchange of information, including written discovery, document production, and the deposition of Plaintiff. On February 19, 2015, Teufel and Karlin participated in a full-day mediation session with Rodney A. Max, Esq., but were unable to reach an agreement at that time. Since then, the Parties have continued to engage in extensive settlement negotiations, including through consultation with the mediator. At all times, the Parties' negotiations were adversarial, non-collusive, and at arms' length. Ultimately, the Parties reached a settlement in principle, which was memorialized in the Stipulated Settlement Agreement signed May 1, 2015, and attached hereto as **Exhibit A**.

Plaintiff's objective in this Action was to end Defendant's alleged false labeling and advertising practices regarding the Product's "All Natural" statement, despite the fact that the same allegedly contain artificial, synthetic, and/or genetically modified ingredients in it. Plaintiff alleged that Defendant improperly labeled the subject Product by virtue of the above-referenced labeling, in violation of state consumer protection statutes and common law.

The proposed Settlement compensates Class Members by providing Class Members both with injunctive relief and monetary relief for damages incurred.

If approved, the injunctive relief component requires Defendant to ensure that its Product is no longer being falsely represented to the public as being "All Natural," as alleged by Plaintiff.

If approved, the monetary relief Defendant will provide is substantial and reasonable under the circumstances. Specifically, Defendant will provide claimants who do not provide proof of purchase of the Product a cash refund in the amount of up to \$2.00, representing a \$1.00 full refund compensation for up to two (2) purchases of the Product. Additionally, claimants who provide proof of purchase may seek compensation up to \$8.00 for Products purchased, representing a \$1.00 full refund compensation for up to eight (8) purchases of the Product. To satisfy these claims,

Defendant has agreed to provide a guaranteed cash benefit payout available exclusively to pay class member claims in an amount up to \$515,000.00.

Furthermore, Defendant will pay all costs of noticing the Class, the costs of claims administration, Plaintiffs' Counsel's attorneys' fees and expenses, and the Class Representative's incentive award, in an amount up to \$310,000.00. These amounts will be paid in addition to, and separate and apart from the guaranteed cash benefit. Thus, the total amount of settlement funds which Karlin is committed to pay to cover all costs associated with the Settlement is an amount up to \$825,000.00

Class Notice advising potential Class Members of their settlement benefits and their rights will be effectuated pursuant to several methods. Specifically, the claims administrator shall cause a website and a toll-free number to be created for Notice purposes. Such resources will provide Class members with critical settlement information, including the opt-out date. Additionally, the claims administrator will provide Notice to the Class via digital publication, not later than twenty-one (21) calendar days after entry of the Preliminary Approval Order, or such other date as the Court may order. All methods of providing Notice to Class shall comport with all requirements of due process.

The proposed Class for which the Parties request certification for purposes of the Settlement is:

All Persons who, for personal or household use, purchased in the United States from August 22, 2010 to the present, Wal Mart's Great Value™ All Natural Cornstarch, which was distributed by Karlin Foods Corporation and sold exclusively at Wal-Mart Stores⁴. Excluded from the Settlement Class are: (a) all Persons who purchased or acquired the Product for resale; (b) Karlin Foods Corporation and Wal-Mart Stores, Inc. and its employees,

4. Product means Wal Mart's Great Value™ All Natural Cornstarch, distributed by Karlin Foods Corporation and sold exclusively at Wal-Mart Stores, Inc.

principals, affiliated entities, legal representatives, successors and assigns; (c) any Person who files a valid, timely Request for Exclusion; (d) federal, state, and local governments (including all agencies and subdivisions thereof, but excluding employees thereof) and (e) the judges to whom this Action is assigned and any members of their immediate families

In addition, Plaintiff moves the Court to designate Plaintiff as Class Representative in this matter and, furthermore, to appoint Eggnatz, Lopatin & Pascucci, LLP as Class Counsel.

At the preliminary approval stage the Court need only “make a preliminary determination of the fairness, reasonableness and adequacy of the settlement” so that notice of the Settlement may be given to the Class and a fairness hearing may be scheduled to make a final determination regarding the fairness of the Settlement. *See* 4 Herbert B. Newberg & Alba Conte, *Newberg on Class Actions*, § 11.25 (4th ed. 2002); David F. Herr, *Annotated Manual for Complex Litigation* (“*Manual*”) § 21.632 (4th ed. 2008). In so doing, the Court reviews the Settlement to determine if it “is ‘within the range of possible approval’ or, in other words [if] there is a ‘probable cause’ to notify the class of the proposed settlement.” *Fresco v. Auto Data Direct, Inc.*, No. 03-61063, 2007 U.S. Dist. LEXIS 37863, at *11-12 (S.D. Fla. May 11, 2007) (internal citations omitted); *Bennett v. Behring Corp.*, 737 F.2d 982, 986 (11th Cir. 1984) (A proposed settlement must be “fair, adequate and reasonable and [not] the product of collusion between the parties”).

Based on evaluation of the facts and governing legal principles, and her recognition of the risks inherent in continued litigation of this Action, Plaintiff submits that the proposed Settlement Agreement is in the best interests of the Settlement Class. Accordingly, Plaintiff hereby moves for preliminary approval of the Settlement.

As set forth in further detail below, the proposed Settlement plainly meets the standard for preliminary approval. Thus, Plaintiff moves the Court to enter the [Proposed] Order Granting Preliminary Approval of Class Action Settlement that, among other things: (1) preliminarily

approves the terms of the Settlement; (2) approves the form, method and plan of Class Notice; (3) certifies the Class for settlement purposes; and (4) schedules a Final Approval Hearing and related dates at which the request for final approval of the proposed Settlement and entry of the Final Judgment and Order will be considered. *See* Proposed Order, attached hereto as **Exhibit B**.

II. HISTORY OF THE LITIGATION

On August 22, 2014, Plaintiff filed a putative class action in the United States District Court for the Southern District of Florida, alleging that the “All Natural” statement on the Product is false, deceptive, misleading, and sold pursuant to an unfair business practice. Plaintiff is a Florida consumer who purchased the Product for personal and household use. Defendant distributes the Product to Wal-Mart Stores, Inc., and it is sold under Wal-Mart’s private label “Great Value.” The Product is only sold at Wal-Mart stores. Approximately 11.5 million units of the Product were sold nationwide throughout the Class Period, at a retail purchase price of approximately \$0.99. Plaintiff asserted three (3) causes of action: Violation of the Florida Deceptive and Unfair Trade Practices Act (Count I), Negligent Misrepresentation (Count II), and Unjust Enrichment (Count III). *See* Pltf.’s Compl., ECF No. 1)

The Parties have engaged in formal discovery as well as informal and voluntary exchanges of information, including written discovery, document production, and the deposition of Plaintiff. Prior to undergoing additional and extensive and costly discovery and protracted litigation, the Parties agreed to attend a mediation in an attempt to reach an early resolution of the Action. Prior to the mediation, however, Plaintiff insisted that Defendant respond to targeted discovery requests and provide confidential and sensitive financial information to Plaintiff necessary for Plaintiff to engage in meaningful settlement discussions. Likewise, Defendant required that Plaintiff appear for deposition in advance of any mediation. The Parties complied.

On February 19, 2015, Teufel and Karlin participated in a full-day mediation session with Rodney A. Max, Esq., but were unable to reach an agreement at that time. Since then, the Parties have continued to engage in extensive settlement negotiations, including through consultation with the mediator. At all times, the Parties' negotiations were adversarial, non-collusive, and at arms' length. Ultimately, the Parties reached a settlement in principle, which was memorialized in the Stipulation of Settlement Agreement signed May 1, 2015, and attached hereto as Exhibit A.

III. SETTLEMENT TERMS

A. The Injunctive Relief Component

The Stipulation of Settlement calls for Defendant to provide prospective relief relating to the Product, including revising its advertising and marketing statements. Within sixty (60) calendar days after entry of the Final Judgment and Order Approving Settlement the injunctive relief component requires Defendant to ensure that the Product is no longer being falsely represented to the public as being "All Natural," as alleged by Plaintiff. Specifically, Defendant shall cease using the "All Natural" statement in connection with the sale of the Product. If Defendant chooses to resume using the "All Natural" statement it shall obtain certification from its suppliers to verify that their ingredients are not synthetic, artificial or derived from genetically modified and/or bioengineered sources.

B. The Monetary Relief Component

Defendant has agreed to provide compensation to Claimants, without proof of purchase, \$1.00 per purchase of claimed Products, up to \$2.00, for damages incurred from purchasing the Product during the Class Period. Additionally, Defendant has agreed to provide compensation to Claimants, who have proofs of purchase, \$1.00 per purchase, up to a maximum of \$8.00.

Defendant has guaranteed that it will satisfy all valid Claims made, up to a cap on cash payments to the Settlement Class in the amount of Five Hundred Fifteen Thousand and No/100 Dollars (\$515,000.00). However, if the total of Approved Claims exceed this guaranteed cap, the claims administrator will pay a pro rata reduction of the amount due each Settlement Class Member such that the aforementioned amount will satisfy all Approved Claims.

C. Class Claims Administration, Attorney's Fees, and the Proposed Notice Plan

The Settlement provides that Defendant shall pay for the costs of Class Notice and claims administration, including any third-party costs to secure performance of the settlement obligations, up to a maximum of one hundred fifty thousand and no/100 dollars (\$150,000.00). Defendant also agrees not to oppose Class Counsels' application for reasonable attorneys' fees, expenses and costs in an amount not to exceed \$155,000.00, which shall be paid upon final settlement approval by the Court. The Settlement also provides for a \$5,000.00 class representative service award to Plaintiff.

No later than twenty-one (21) calendar days after entry of the Preliminary Approval Order or such other date as the Court may order, the claims administrator shall cause Notice to be delivered to the Class pursuant to the Notice Plan. The Plan entails three parts: (1) creation of a Settlement Website; (2) creation of a Settlement toll-free number; and (3) publication.

The long-form Notice shall be posted to the Settlement Website and will inform Claimants about pertinent Settlement terms and criteria, including opt-out dates and impact of Settlement on existing litigation, arbitration, or other proceedings.

The Parties have specifically set forth the mechanisms for Class Members to object and opt-out of the Settlement, upon the Notice Plan being effectuated.

IV. THE PROPOSED SETTLEMENT MEETS THE CRITERIA FOR PRELIMINARY APPROVAL

A. The Standard for Preliminary Approval

Rule 23(e) of the Federal Rules of Civil Procedure requires judicial approval of any settlement agreement in a class action. *See* Fed. R. Civ. P. 23(e). This involves “a two-step process: preliminary approval and a subsequent fairness hearing.” *Smith v. WM. Wrigley Jr. Co.*, No. 09-60646-CIV, 2010 WL 2401149, at *2 (S.D. Fla. June 15, 2010) (citing Manual for Complex Litigation (“MCL”)). First, the parties submit the proposed settlement to the court for preliminary approval. *Id.* If the court grants preliminary approval, the second step of the process ensues; notice is given to the class members of a final fairness hearing, at which time class members and the settling parties may be heard with respect to final court approval. *Id.* at *7.

The approval of a proposed class action settlement is a matter within the broad discretion of the trial court and will not be overturned unless the district court “clearly abused its discretion in approving the settlement.” *Young v. Katz*, 447 F.2d 431, 432 (5th Cir. 1971);⁵ *see also In re U.S. Oil & Gas Litig.*, 967 F.2d 489, 493 (11th Cir. 1992). In making the determination, the Court should evaluate the settlement’s fairness in its entirety. *Bennett*, 737 F.2d at 986.

Settlements of class actions prior to trial are strongly favored. *In re Corrugated Container Antitrust Litig.*, 643 F.2d 195, 207 (5th Cir. 1981). The preliminary approval step requires the Court to “make a preliminary determination on the fairness, reasonableness, and adequacy of the settlement terms.” *Manual*, § 21.632, at 321. At this stage, the Court need only conduct a *prima facie* review of the relief and notice provided by the Stipulation to determine whether notice should

5. Decisions by the former Fifth Circuit issued before October 1, 1981 are binding as precedent in the Eleventh Circuit. *See Slater v. Energy Services Group Intern., Inc.*, No. 09-13794, 2011 WL 782023, *6, n.3 (March 8, 2011 11th Cir. 2011) (citing *Bonner v. City of Prichard*, 661 F.2d 1206, 1207 (11th Cir. 1981) (*en banc*)).

be sent to the Class Members. *Id.* “In determining whether to approve a proposed settlement, the cardinal rule is that the District Court must find that the settlement is fair, adequate and reasonable and is not the product of collusion between the parties.” *Cotton v. Hinton*, 559 F.2d 1326, 1330 (5th Cir. 1977); *see also Access Now, Inc. v. Claire’s Stores, Inc.*, No. 00-14017-CIV, 2002 WL 1162422, *1 (S.D. Fla. May 7, 2002). This is a minimal threshold:

In performing this balancing task, the trial court is entitled to rely upon the judgment of experienced counsel for the parties. Indeed, the trial judge, absent fraud, collusion, or the like, should be hesitant to substitute its own judgment for that of counsel.

In addition to examining the merits of a proposed settlement and ascertaining the views of counsel, the Court should consider other factors.

Practical considerations may be taken into account. It is often said that litigants should be encouraged to determine their respective rights between themselves. Particularly in class action suits, there is an overriding public interest in favor of settlement. It is common knowledge that class action suits have a well-deserved reputation as being most complex. The requirement that counsel for the class be experienced attests to the complexity of the class action.

Cotton, 558 F.2d at 1330-31 (internal citations omitted); *see also Ass’n for Disabled Ams. Inc. v. Amoco Oil Co.*, 21 F.R.D. 457, 466-67 (S. D. Fla. 2002).

The proposed Settlement satisfies the standard for preliminary approval.

B. The Proposed Settlement Was the Result of Serious, Informed, and Non-Collusive Arm’s Length Negotiations

The requirement that a settlement be fair is designed to protect against collusion among the parties. Typically, “[t]here is a presumption of fairness when a proposed class settlement, which was negotiated at arm’s-length by counsel for the class, is present to the Court for approval.” *Newberg*, § 11.41; *see also In re Employee Benefit Plans Sec. Litig.*, No. 3-92-708, 1993 WL

330595, *5 (D. Minn. June 2, 1993) (“[t]he court is entitled to rely on the judgment of experienced counsel in its evaluation of the merits of a class action settlement”).

Here, the Parties did not reach a Settlement until after a substantial investigation, exchange of information, months of negotiation, a mediation, and continued post-mediation negotiations. Indeed, the Settlement required the assistance of an experienced mediator, Rodney A. Max. Mr. Max’s services only proved successful as a result of continued telephonic sessions following a full-day of in-person mediation at his offices. By this time, Plaintiff and her counsel, who have significant experience in prosecuting complex consumer class actions, such as the instant case, had a “clear view of the strengths and weaknesses” of their case and were in a strong position to make an informed decision regarding the reasonableness of a potential settlement. *See In re Warner Commc’ns Sec. Litig*, 618 F. Supp. 735, 745 (S.D.N.Y. 1985); *see also Manchaca v. Chater*, 927 F. Supp. 962, 967 (E.D. Tex. 1996).

The fact that the Parties received the above-referenced assistance from an experienced mediator is one factor which evidences that the Settlement is not collusive. *See, e.g., Adams v. Inter-Con Sec. Sys., Inc.*, No. C-06-5428 MHP, 2007 WL 3225466, *3 (N.D. Cal. Oct. 30, 2007) (“The assistance of an experienced mediator in the settlement process confirms that the settlement is non-collusive”); *In re Indep. Energy Holdings PLC*, No. 00 Civ. 6689(SAS), 2003 WL 22244676, *4 (S.D.N.Y. Sept. 29, 2003) (“the fact that the settlement was reached after exhaustive arm’s length negotiations, with the assistance of a private mediator experienced in complex litigation, is further proof that it is fair and reasonable”). Further, the nature of the subsequent negotiations between the Parties, the experience of Class Counsel, and the fair result reached are illustrative of the arm’s-length negotiations that led to the Settlement.

C. The Proposed Settlement Is Fair to Both the Plaintiff and Class Members

In considering whether a Settlement Agreement is fair, reasonable and adequate upon preliminary review courts should consider the following factors:

(1) the likelihood of success at trial; (2) the range of possible recovery; (3) the point on or below the range of possible recovery at which a settlement is fair, adequate and reasonable; (4) the complexity, expense and duration of litigation; (5) the substance and amount of opposition to the settlement; and (6) the stage of proceedings at which the settlement was achieved.

See W.M. Wrigley, 2010 WL 2401149 at *2 (citing *Bennet v. Behrman Corp.*, 737 F.2d 982, 986 (11th Cir. 1984)). Consideration of the aforementioned criteria reveals that the proposed settlement of this case is fair, adequate and reasonable and, therefore, comports with the requirements of Rule 23(e).

The proposed Settlement is fair because it provides Class Members with the ability to claim full reimbursement for up to \$2.00 for purchasing the Product without providing any proof of purchase. Furthermore, the Settlement also allows for Class Members to receive up to \$8.00 for purchases of the Product with proof of purchase. Thus, Class Members without proof of purchase are eligible to receive a full refund of their purchase price, up to 2 purchases, and Class Members with proof of purchase are eligible to receive a full refund of their purchase price, up to 8 purchases. Moreover, all Class Members, and future purchasers of the Product, receive the benefits of the injunctive relief to which Defendant has agreed.

Additionally, to account for the willingness of the Plaintiff stepping forward to represent the consumers and to compensate her for their time and effort, the Settlement provides for a modest service award in the amount of \$5,000 for the named plaintiff — well within the range of incentive awards commonly approved by the courts. *See Fresco v. Auto. Directions, Inc.*, No. 03-61063, 2009 U.S. Dist. LEXIS 125233, *24, 25 (S.D. Fla. Jan. 16, 2009) (approving \$15,000 incentive

awards for class representatives who actively participated in litigation); *Pinto v. Princess Cruise Lines*, 513 F. Supp.2d 1334, 1344 (S.D. Fla. 2007) (approving \$7,500 incentive awards).

D. The Terms of the Settlement Compel Preliminary Approval

The Settlement meets the standards for preliminary approval. *Cotton*, 559 F.2d 1326. Plaintiff and Plaintiff's counsel are confident in the strength of their case, but are also practical in their awareness of the various defenses available to Defendant, and the risks inherent in litigation. Further, protracted litigation carries risks that would necessarily have substantially delayed and endangered the class members' recovery. The Settlement provides economic benefits to Class Members without the risk and delays of continued litigation, trial, and appeal. The expense, complexity, and duration of litigation are significant factors considered in evaluating the reasonableness of a settlement. Litigating this class action through trial would undoubtedly be time-consuming and expensive. As with most class actions, this action is complex. *Cotton*, 559 F.2d at 1331 ("class action suits have a well-deserved reputation as being most complex"). Determining whether Defendant engaged in unfair methods of competition, unconscionable acts and practices, and unfair and deceptive acts and practices; and whether Defendant materially misrepresented the true qualities or naturalness of the Product, would require extensive analysis by experts for both Parties. At a minimum, absent settlement, litigation would likely continue for years before the Plaintiff or the Class might see a recovery. That a settlement would eliminate the delay and expenses strongly weighs in favor of approval. *See Milstein v. Huck*, 600 F. Supp. 254, 267 (E.D.N.Y. 1984).

At its essence, this Settlement provides guaranteed substantial injunctive and financial relief to the Settlement Class without further delay. Accordingly, there can be no doubt that the settlement relief afforded pursuant to the Settlement Agreement is a fair and reasonable recovery

in light of the challenging and unpredictable path of litigation Plaintiff would have faced absent a settlement

By reaching this Settlement, the Parties will avoid protracted litigation and will establish a means for prompt resolution of Class Members' claims against Defendant. These avenues of relief provided meaningful benefits to Class Members. Given the alternative of long and complex litigation before this Court, the risks involved in such litigation, and the possibility of further appellate litigation, the availability of prompt relief under the Settlement is highly beneficial to the Class. Absent settlement, this litigation would likely continue for years before Plaintiff or the Settlement Class Members would see any recovery. Thus, by reaching the Settlement the Parties will avoid broader discovery, the attorneys' fees, costs, and judicial resources associated with litigating this case through trial, and will establish a means for a prompt resolution of the claims against Defendant. The Settlement establishes a mechanism by which all Settlement Class Members may obtain a benefit, where full-blown litigation could result in the Settlement Class not realizing any benefit.

Although the Settlement in this case occurred without extensive motion practice, the Settlement Agreement is the result of arm's-length negotiations between experienced attorneys who are familiar with class action litigation and with the legal and factual issues of this case. With the issue of class certification approaching, and prior to expending substantial resources on lengthy discovery, briefing, and retention of experts, the Parties on their own volition engaged the services of Rodney A. Max, Esq., an experienced and skilled mediator, who, after an all-day mediation and post-mediation negotiations assisted the Parties to the point of memorializing a Settlement Agreement. *See Perez v. Asurion Corp.*, 501 F. Supp. 2d 1360, 1384 (S.D. Fla. 2007) (concluding that class settlement was not collusive in part because it was overseen by "an

experienced and well-respected mediator”).

During the Mediation, the Parties took into account the strengths and weaknesses of the Action, the risks involved with further litigation, and the likely recovery after trial and on appeal. Based on the discussions during the Mediation, Plaintiff’s Counsel determined that continued litigation was unlikely to result in any greater recovery than reached in the Settlement. Such facts demonstrate that the Settlement was not the product of collusion. *See Lipuma v. American Express Co.*, 406 F. Supp. 2d 1298, 1319 (S.D. Fla. 2005) (approving class settlement that was “the result of informed, arms-length negotiations by experienced class counsel”).

V. THE CLASS SHOULD BE CONDITIONALLY CERTIFIED

The Eleventh Circuit recognizes the strong public policy favoring the pretrial settlement of class action lawsuits. *See In re U.S. Oil & Gas Litig.*, 967 F.2d 489, 493 (11th Cir. 1992); *Cotton*, 559 F.2d at 1331. This is especially true, as recognized by courts from around the country, of nationwide settlements, such as this. *Hanlon v. Chrysler Corp.*, 150 F.3d 1011 (9th Cir. 1998) (certifying nationwide settlement class); *In re Prudential Ins. Co. of Am. Sales Practices Litig.*, 148 F.3d 283, 314—315 (3d Cir. 1998) (nationwide settlement classes are commonly certified). When presented with a proposed settlement, a court must determine whether the proposed settlement class satisfied the requirements for class certification under Rule 23, *Federal Rules of Civil Procedure*. *Id.* But in assessing those certification requirements, a court may properly consider that there will be no trial. *Amchem Prods., Inc. v. Windsor*, 521 U.S. 591, 620 (1997) (“Confronted with a request for settlement-only class certification, a district court need not inquire whether the case, if tried, would present intractable management problems . . . for the proposal is that there be no trial”).

A. The Settlement Class Satisfies Federal Rule of Civil Procedure 23(a)

Rule 23(a), *Federal Rules of Civil Procedure*, enumerates four prerequisites for class certification: (1) numerosity; (2) commonality; (3) typicality; and (4) adequacy. Each of the requirements is met by the Settlement Class.

1. Numerosity

Rule 23(a)(1) requires that “the class is so numerous that joinder of all members is impractical.” FED. R. CIV. P. 23(a). The Product is popular nationally with hundreds of thousands of customers; thus, the numerosity requirement is met.

2. Commonality

The commonality requirement is met if there is at least one question of law or fact common to the members of the Class. FED. R. CIV. P. 23(a)(2). The commonality requirement is a “relatively light burden” that “does not that all questions of law and fact raised by the dispute be common.” *Vega v. T-Mobile USA, Inc.*, 564 F.3d 1256, 1268 (11th Cir. 2009) (citations omitted). Rather, it “simply requires that there be at least one issue whose resolution will affect all or a significant number of the putative class members.” *Fitzpatrick*, 263 F.R.D. at 696 (citing *Williams v. Mohawk Indus., Inc.*, 568 F.3d 1350, 1355 (11th Cir. 2009)). Commonality is satisfied where questions of law refer to standardized conduct by the defendant toward members of the proposed class. *In re Amerifirst Sec. Litig.*, 139 F.R.D. 423, 428 (S.D. Fla. 1991).

Here, the case involves the labeling of Defendant’s Product. The uniform “All Natural” labeling is similar such that Defendant’s conduct should be considered standardized. Further, because the Plaintiff and the Class Members as a whole allegedly were deceived as a result of the similar language in substantially the same manner, *i.e.*, by purchasing the Product, it is clear that the commonality requirement has been met.

3. Typicality

The Rule 23(a) typicality requirement ensures that the class representative has the same interests as the class. That is, “typicality measures whether a sufficient nexus exists between the claims of the named representatives and those of the class at large.” *Busby v. JRHBW Realty, Inc.*, 513 F.3d 1314 (11th Cir. 2008). The typicality requirement, like commonality, is not demanding. *See In re Disposable Contact Lens Antitrust Litig.*, 170 F.R.D. 524, 532 (M.D. Fla. 1996). Similarly, typicality does not require that all putative class members share identical claims. Rather, all that is required is that the claims of the named plaintiff have the same essential characteristics as the class at large. “[A] strong similarity of legal theories will satisfy the typicality requirement despite substantial factual differences.” *Appleyard v. Wallace*, 754 F.2d 955, 958 (11th Cir. 1985).

Here, the Plaintiff and Class Members’ claims arise from the same course of conduct (Defendant’s misleading Product labels), which allegedly led to the Plaintiff’s and Class Members’ purchases of the Product, and the resultant economic injury they allege to have suffered.

4. Adequacy of Representation

Finally, Rule 23(a) requires a showing that the representative party will fairly and adequately protect the interests of the class. The requirement has two components: (1) the proposed representative has interest in common with, and not antagonistic to, the interests of the class; and (2) the plaintiff’s attorneys are qualified, experienced, and generally able to conduct the litigation. *Kirkpatrick v. J.C. Bradford & Co.*, 827 F.2d 718 (11th Cir. 1987).

Adequacy is plainly met in this case. The proposed Class Representative is not antagonistic to the claims of the Class Members, and Plaintiff’s counsel are experienced in complex class actions, similar to this one. A declaration of proposed class counsel is attached as **Exhibit C**.

B. The Settlement Class Should Be Preliminarily Approved Under the Federal Rule of Civil Procedure 23(b)(3)

In addition to the requirements set forth in Rule 23(a), *Federal Rules of Civil Procedure*, in the context of the proposed Settlement, the Parties do not dispute that Plaintiff also satisfies the requirements set forth in Rule 23(b)(3), *Federal Rules of Civil Procedure*, which requires that common questions of law or fact predominate over individual questions, and that class action treatment is superior to other available methods of adjudication. As set forth below, the Action meets Rule 23(b)(3), *Federal Rules of Civil Procedure*'s, requirements. Accordingly, this Court should conditionally certify the Class proposed by the Parties.

1. Common Questions Predominate Over Individual Issues

Common questions of law or fact predominate over individual questions when the issues in the class action are subject to generalized proof that applies to the case as a whole. *Rutstein v. Avis Rent-A-Car Sys.*, 211 F.3d 1228, 1233 (11th Cir. 2000); *Amchem*, 521 U.S. at 625 (“Predominance is a test readily met in certain cases alleging consumer or securities fraud”). Thus, in deciding whether common questions predominate under Rule 23(b)(3), the focus is generally on whether there are common liability issues that may be resolved on a class-wide basis. *See, e.g., Klay v. Humana*, 382 F.3d 1241, 1269 (11th Cir. 2004). “[I]t is not necessary that all questions of fact or law be common, but only that some questions are common and that they predominate over individual questions.” *Busby*, 513 F.3d at 1354.

Predominance exists here. The central issue for every Class Member is whether Defendant's claims that the Product was “All Natural” was likely to deceive a reasonable consumer. Under these circumstances, the requirements of Rule 23(b)(3) are present. *See Weiner*, 255 F.R.D. at 669 (predominance satisfied when alleged misrepresentation of product's health benefits were displayed on every package).

2. A Class Action Is the Superior Method to Settle This Controversy

Rule 23(b)(3), *Federal Rules of Civil Procedure*, lists four factors that the Court should consider when taking into account whether a class action is superior to other methods of adjudicating this action: (A) the class members' interests in individually controlling the prosecution or defense of separate actions; (B) the extent and nature of any litigation concerning the controversy already commenced by or against class members; (C) the desirability or undesirability of concentrating the litigation of the claims in a particular forum; and (D) the likely difficulties in managing a class action. FED. R. CIV. P. 23(b)(3)(A)-(D). "[T]he improbability that large numbers of class members would possess the initiative to litigate individually" further compels a finding of superiority. *Fabricant v. Sears Roebuck*, 202 F.R.D. 310, 318 (S.D. Fla. 2001); *Amchem*, 521 U.S. at 617 (same); *Phillips Petroleum Co. v. Shutts*, 472 U.S. 797, 809 (1985) (same).

An assessment of the Rule 23(b)(3) "superiority" factors show that a class action is the preferred procedure in this case. The amount of damages suffered by the vast majority of Class Members is not large. *Weiner*, 255 F.R.D. at 671. It is neither economically feasible, nor judicially efficient, for the hundreds of thousands of Class Members to pursue their claims against Defendant on an individual basis. *Deposit Guaranty Nat'l Bank v. Roper*, 445 U.S. 326, 338—39 (1980). Additionally, the difficulties of managing a class action are vitiated by the fact of this Settlement. When "[c]onfronted with a request for settlement-only class certification, a district court need not inquire whether the case, if tried, would present intractable management problems . . . for the proposal is that there be no trial." *Amchem*, 521 U.S. at 620.

VI. THE PROPOSED CLASS NOTICE PROGRAM IS APPROPRIATE AND CLASS NOTICE SHOULD BE APPROVED

The threshold requirement concerning class certification is whether the means employed to distribute the notice was reasonably calculated to apprise the class of the pendency of the action, of the proposed settlement, and of the Class Members' rights to opt out or object. *Eisen v. Carlisle & Jacquelin*, 417 U.S. 156, 173 (1974); *Mullane v. Cent. Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950). The mechanics of the notice process are left to the discretion of the court, subject only to the broad "reasonableness" standards imposed by due process. In this Circuit, it has long been the case that a notice of settlement will be adjudged satisfactory if it reaches the parties affected and conveys the required information. *In re Nissan Motor Corp. Antitrust Litig.*, 552 F.2d 1088, 1104—05 (5th Cir. 1977) (the class members' "substantive claims must be adequately described [and] the notice must also contain information reasonably necessary to make a decision to remain a class member and be bound by the final judgment"). Courts have found that when there is no way to directly notify each member of a class, notice by reasonable means, including by publication, is acceptable. *See W.M. Wrigley*, 2010 WL 2401149, at *6.

The Proposed Class Notice – collectively, the publication, website, and toll-free number – easily satisfy these requirements. The Class Notice is written in simple terminology and includes: (1) basic information about the Action; (2) a description of the benefits provided by the Settlement; (3) an explanation of how Class Members can obtain Settlement benefits; (4) an explanation of how Class Members can exercise their right to opt-out or object to the Settlement; (5) an explanation that any claims against Defendant that could have been litigated in this Action will be released if the Class Member does not opt-out from the Settlement; (6) the names of Class Counsel and information regarding requested attorney's fees and incentive awards; (7) the Final Approval

Hearing date; (8) an explanation of eligibility for appearing at the Final Approval Hearing; (9) the Settlement Website; and (10) the toll-free Settlement Phone Number.

The contents of the proposed Class Notice are more than adequate. The Class Notice provides Class Members with sufficient information to make an informed and intelligent decision whether to participate in the Settlement. As such, it satisfies the content requirements of Rule 23. *See In re Compact Disc. Minimum Advertised Price Antitrust Litig.*, 216 F.R.D. 197, 203 (D. Me. 2003) (“notice must describe fairly, accurately and neutrally the claims and parties in the litigation, the terms of the proposed settlement, and the options available to individuals entitled to participate, including the right to exclude themselves from the class”).

Additionally, the proposed plan to disseminate the Class Notice satisfies all due process requirements. To facilitate implementation of the Class Notice and administer the claims process, the Parties request that the Court approve Heffler Claims Group as Claim Administrator to disseminate Class Notice after the Court preliminarily approves the Settlement. Heffler is a nationally recognized administrator for class action settlement and legal notice programs.

Notice to potential Settlement Class Members will be achieved through a targeted electronic media plan that will be national in scope and that will target a wide range of popular websites and ensure far-reaching effect, as well as targeted advertising through a social media campaign. The national media plan will consist of targeted advertising through Facebook, through the purchase of 4,500,000 impressions. Additionally, keyword searchers using Google AdWords will be targeted for over 300,000 impressions to unique users. Heffler will also deliver digital publication notice through PR Newswire, with an average reach of 3,000,000 unique visitors per month through over 6,000 news outlets and digital publications. Exhibits 1 and 2 to the Settlement includes copies of the publication notices as well as the long-form notice.

To facilitate the claims process, Class Notice and Claim Forms will be available through the Settlement Website maintained by the Claim Administrator, and at Class Counsel's option, on Class Counsel's website. In sum, the contents and dissemination of the proposed Class Notice constitute the best notice practicable under the circumstances and fully comply with the requirements set forth in Rule 23, *Federal Rules of Civil Procedure*.

VII. THE PROPOSED SCHEDULE OF EVENTS

In order to provide the broadest possible coverage, the Parties have agreed to publish Class Notice, which will contain the relevant dates for Class Members. The Parties' proposed schedule depends upon the Court's preliminary approval and scheduling of the Final Approval Hearing. If the Court grants the preliminary approval and sets a date for a Final Approval Hearing, the Parties can provide the Clerk with dates in accordance with the Settlement process. Notwithstanding, assuming the Court grants the preliminary approval by May 25, 2015 or earlier, the Parties propose September 14, 2015 as an appropriate date for the Final Approval Hearing. Notice to the Class would begin June 15, 2015 and would be completed no earlier than July 30, 2015 (at least 45 days of publication notice, 46 days before the Final Approval Hearing), Plaintiff will file her opening papers in support of final approval and request for attorney's fees on July 31, 2015 (45 days prior to the Final Approval Hearing), the last day for Class Members to opt-out, object or file notices of appearance would be July 30, 2015 (45 days after Notice), and the reply in support of final approval would be due August 15, 2015 (15 days after the objection/opt-out deadline and 30 days before the Final Approval Hearing).

If preliminary approval is not granted by May 25 Plaintiff will provide dates by which these other actions will occur, based upon any changes to the dates by which the Notice Plan can be implemented, or as set by the Court. Accordingly, the Parties request that the Court schedule a

Final Approval Hearing on September 14, 2015, or as soon thereafter as the Court's schedule permits.

VIII. CONCLUSION

For the reasons set forth above, Plaintiff respectfully requests, with Defendant's consent, that the Court enter the [Proposed] Order: (1) certifying the Class; (2) designating Plaintiff Teufel as Class Representative; (3) appointing Eggnatz, Lopatin & Pascucci, LLP as Class Counsel; (4) granting preliminary approval of the Settlement; (5) approving the proposed Class Notice Plan and directing that it be implemented; and (6) scheduling the Final Approval Hearing.

LOCAL RULE 7.1 (A)(3) CERTIFICATION

Pursuant to Local Rule 7.1(A)(3), counsel for Plaintiff has conferred with counsel for Defendant, who agrees with the relief requested in this Motion.

Attorneys for Defendant, Karlin Foods Corporation

EXHIBIT A

Teufel v. Karlin Foods Corporation

Motion for Preliminary Approval of Class Action Settlement

STIPULATION OF CLASS ACTION SETTLEMENT

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF FLORIDA

Case No. 1:14-cv-23100-JAL

AMBER GRACE TEUFEL, as an individual
and on behalf of all others similarly situated,

Plaintiff,

vs.

KARLIN FOODS CORPORATION, an
Illinois corporation

Defendant.

STIPULATION OF CLASS ACTION SETTLEMENT

This Stipulation of Settlement (“Stipulation”) is entered into by and among Plaintiff Amber Grace Teufel, on behalf of herself and the Settlement Class Members (“Class Representative”), and Defendant Karlin Foods Corporation (“Karlin”). Capitalized terms used herein are defined in Section II of this Stipulation or indicated in parentheses elsewhere in this Stipulation. Subject to the Court’s approval, the Parties hereby stipulate and agree that, in consideration for the promises and covenants set forth in the Stipulation and upon the entry by the Court of a Final Judgment and Order Approving Settlement and the occurrence of the Effective Date, the Action shall be settled and compromised upon the terms and conditions contained herein.

I. RECITALS

A. On August 22, 2014, Plaintiff, Amber Grace Teufel filed this Action against Karlin on behalf of herself and all Persons who purchased Great Value™ All Natural Cornstarch (the “Product”) during the Class Period. Plaintiff alleges in the Complaint that the Product

packaging was false and deceptive in that it led purchasers to believe that the Product was “All Natural,” when in fact it included genetically modified organisms (“GMO”). Plaintiff contends that Karlin’s actions are in violation of Florida Deceptive and Unfair Trade Practices Act and gives rise to claims thereunder and for negligent misrepresentation and unjust enrichment.

B. Karlin strongly denies Plaintiff’s allegations and claims. On September 15, 2014, Karlin answered the Complaint denying all allegations in the Complaint and asserting multiple affirmative defenses

C. On February 19, 2015, following preliminary fact investigation, voluntary information exchanges, and formal written and deposition discovery, the Parties engaged in a full-day, court-ordered mediation. Although the Parties did not settle at the mediation, they made sufficient progress to warrant additional post-mediation settlement discussions and communications. At all times, the Parties’ negotiations were adversarial, non-collusive, and at arms’ length. As a result of the mediation and settlement negotiations, the Parties have reached a resolution of the dispute, as set forth in this Stipulation.

D. Class Counsel have conducted a thorough investigation into the facts and law relating to the Action, and have analyzed and evaluated the merits of the Parties’ contentions. Class Counsel also have evaluated the risks, delay, and difficulties involved in establishing liability, and in the event of liability, a right to recovery in excess of that offered by this settlement and the likelihood that the Actions could be further protracted and expensive. Class Counsel are satisfied that the terms and conditions of this Stipulation are fair, reasonable, adequate, and equitable, and that a settlement of the Actions is in the best interests of the Settlement Class.

E. Karlin, to avoid the costs, disruption and distraction of further litigation, and

without admitting the truth of any allegations made in the Action, or any liability with respect thereto, has concluded that it is desirable that the claims against it be settled and dismissed on the terms reflected in this Stipulation.

For the purpose of implementing this Stipulation, and for no other purpose, Defendant stipulates to the conditional certification of the nationwide Settlement Class in this Action as set forth in the Preliminary Approval Order. If for any reason this Stipulation should fail to become effective, Defendant's stipulation to certification of the Settlement Class provided for in this Section III, or to any other class or subclass, shall be null and void, and the Parties shall return to their respective positions in this Action as those positions existed as of February 2015.

In such event, Teufel and Class Counsel may thereafter seek certification of the same or a new class or classes before this Court. Nothing in this Agreement shall be argued as support for, or admissible in, an effort to certify any class in this Court or any other court if the Court does not enter a Final Judgment and Order Approving Settlement, or the Effective Date does not occur, nor shall anything herein be admissible in any proceeding to certify this or any other classes in any other court under any circumstances. 8. Schedule the Fairness Hearing for a date approximately, but no fewer than, sixteen (16) weeks/one hundred and twelve (112) days after the date of the Court's entry of the Preliminary Approval Order; and
9. Schedule deadlines for the filing of: papers in support of final approval of the certification of the Settlement Class, the designation of Plaintiff as the representatives of the Settlement Class, the appointment of Class Counsel as counsel for the Settlement Class, and the Settlement; Class Counsel's Application for attorneys' fees and expenses; and objections to certification of the Settlement Class, to the designation of Plaintiff as the representatives of the Settlement Class, to the appointment of Class Counsel as counsel for the Settlement Class, or to the Settlement.

B. At the Fairness Hearing the Parties will jointly request the Court to enter the Final Approval Order, which: grants final approval of the certification of the Settlement Class, designates Plaintiff as the representatives of the Settlement Class, and designates Class Counsel as counsel for the Settlement Class, all as conditionally approved in the Preliminary Approval Order; grants final approval of the Settlement and this Stipulation as fair, reasonable, and adequate to the Settlement Class; provides for the release of all Released Claims and enjoins Settlement Class Members from asserting, filing, maintaining, or prosecuting any of the Released Claims; orders the dismissal with prejudice of all claims, causes of action, and counts alleged in the Action, and incorporates the releases and covenant not to sue stated in this Stipulation, with each of the Parties to bear its or his/her own costs and attorney's fees, except as provided in Section VI below; and preserves the Court's continuing jurisdiction over the administration of the Settlement and enforcement of this Stipulation.

Plaintiff, Class Counsel, and Defendant will cooperate and take all reasonable actions to accomplish the above. If the Court fails or refuses to enter either the Preliminary Approval Order and/or the Final Approval Order in the form attached as Exhibits hereto, Plaintiff, Class Counsel, and Defendant will use all reasonable efforts that are consistent with this Stipulation to cure any defect identified by the Court. If, despite such efforts, the Court does not enter the Preliminary Approval Order and/or the Final Approval Order upon terms acceptable to either or both of the Parties, the Parties will return to their prior positions in the Action, in accordance with Section III of this Stipulation.

V. SETTLEMENT CONSIDERATION AND PROCEDURES FOR PROVIDING BENEFITS TO SETTLEMENT CLASS MEMBERS

A. Injunctive Relief

Within sixty (60) calendar days after entry of the Final Judgment and Order Approving Settlement, Karlin shall ensure that its Product is no longer being falsely represented to the public as being “All Natural,” as alleged by Plaintiff. Specifically, Defendant must cease using the “All Natural” statement in connection with the sale of the Product upon execution of this Agreement. If Defendant chooses to resume using the “All Natural” statement in the future it shall first obtain certification from its suppliers to verify that their ingredients are not synthetic, artificial or derived from genetically modified and/or bioengineered sources, unless the relevant state or federal regulatory agency has specifically determined that such labeling would be appropriate under the circumstances.

B. Monetary Benefits to Settlement Class Members

In addition to all Settlement Consideration set forth in this Agreement, forty-five (45) days after the Effective Date, and in accordance with the terms of this Stipulation and its exhibits, Karlin will provide cash benefits to Settlement Class Members who timely file Claims by the Claims Deadline and who provide all required proof or documentation to the Settlement Administrator and comply with all other conditions and requirements as follows:

1. WITHOUT PROOF OF PURCHASE REQUIRED: Settlement Class Members may recover \$1.00 per purchase with a maximum of 2 units or \$2.00 without receipts or other proof of purchase by submitting a Claim Form by mail or electronically; or

2. **WITH PROOF OF PURCHASE REQUIRED:** Settlement Class Members may recover \$1.00 per purchase up to a maximum of 8 units or \$8.00 by submitting a Claim Form with receipts or other proof of purchase for each claimed purchase.

C. Guarantee and Cap. Karlin guarantees to satisfy all valid Settlement Award Claims made, with a cap on cash payments to the Settlement Class of Five Hundred Fifteen Thousand and No/100 Dollars (\$515,000.00). The actual amount paid to Settlement Class Members will depend upon the number of Approved Claims. For each claim made, the Settlement Class Member will be requested to include in the claim to the extent reasonable, the approximate date of purchases (month and year), the approximate dollar amount spent, and the locations of purchases (store, city, and state). Adequate and customary procedures and standards will be used by the Settlement Administrator to prevent the payment of fraudulent claims and to pay only legitimate claims.

If after deducting from the (i) Settlement Notice and Administrative Expenses, and (ii) the Fee Award, the total amount of Approved Claims exceeds the Settlement Funds, then each claim's award shall be proportionately reduced, such that Karlin's maximum liability under this Agreement shall not exceed \$825,000.

D. Procedures for Providing Benefits to Settlement Class Members

The Parties shall jointly ask the Court to approve Heffler as the Settlement Administrator. The Settlement Administrator shall perform the following functions in accordance with the terms of this Stipulation, the Preliminary Approval Order, and the Final Approval Order:

- a. Process requests for exclusion from the Settlement;

- b. Process objections to the Settlement;
- c. Process and verify Claim Forms for completeness, validity, accuracy, and timeliness;
- d. Before disseminating the Settlement Notice, establish the Settlement Website; and
- e. Set up and operate a toll-free automated interactive voice response system through which Settlement Class Members can access settlement information; and
- f. Disseminate Settlement Benefits to the Settlement Class.

All Claims must be submitted with a Claim Form and received by the Claims Administrator or postmarked by the Claims Deadline. Claims submission shall commence not less than 30 days before Final Approval and conclude not later than 30 days after the Final Approval Hearing. The Claims Deadline shall be clearly set forth in the Class Notice, the Settlement Website, and on the Claim Form. Settlement Class Members who fail to submit a Claim Form by the Claims Deadline shall not be eligible for an Award.

The Claim Form will be available on the Settlement Website. The Claim Form will be mailed to Settlement Class Members upon request by calling or writing to the Claims Administrator. Settlement Class Members may submit their completed and signed Claim Forms to the Claims Administrator by mail or online, postmarked or submitted online, on or before the Claims Deadline.

Claim Forms must be signed by the Claimant by hand or electronically under penalty of perjury. Such Claim Form shall be approved by the Court and will be substantially in the form approved by the Court and must include the following information and/or affirmations:

- i. Settlement Class Member name, address, and telephone number and/or e-mail address;
- ii. Identification of the quantity of Product for which the Claim is made;
- iii. Affirmation that the Products were purchased in the United States during the Settlement Class Period for personal or household use, including the identity of the merchant from which the Products were purchased; and
- iv. Proof of Purchase for all Products claimed that exceed two (2).

The Settlement Administrator will review each Claim Form and ensure that each is complete, properly substantiated and, based on the substantiation, determine the benefit to be provided in accordance with the terms of this Stipulation. The Settlement Administrator shall validate the Claim Form based on the initial submission by Settlement Class Members. The Settlement Administrator's determination on the completeness, accuracy and validity of the Claim Form is final and cannot be appealed by Settlement Class Members.

Class Counsel and Karlin shall be entitled to inspect all claims deemed deficient or denied by the Settlement Administrator, and Class Counsel shall be entitled to confer with the prospective Class Member whose claim was denied. If additional information or documentation is provided by the prospective Class Member that substantiates the previously denied claim, Class Counsel may provide the information to the Settlement Administrator for a second review. The Settlement Administrator's second determination shall be final and binding.

After all claims have been processed, the Settlement Administrator will provide Karlin and Class Counsel with the approved claimants list, including the distribution calculations for each claim, and details regarding any deficient Claim Forms and all claims marked for denial.

The Settlement Administrator will maintain a database of filed claims, which will include all relevant information captured from the Claim Form. During the claims filing period, the Settlement Administrator will prepare and issue to Karlin and Class Counsel case statistics on a weekly basis. These statistics will include, but not be limited to call count, claims filed by different type, total claims filed, website statistics, and other information that the Parties request.

The Parties further agree that Heffler shall administer the dissemination of benefits specified above in paragraph V. A.1 and A.2 within the time period set forth therein.

VI. CLASS COUNSEL'S APPLICATION FOR AN AWARD OF ATTORNEYS' FEES, REIMBURSEMENT OF COSTS, AND SERVICE AWARD

A. Class Counsel will submit to the Court an application seeking a Fee Award of not more than \$160,000.00 in attorneys' fees, expenses, and costs. From which, Class Counsel will also submit to the Court an application seeking leave to pay a Class Representative Service Award to Plaintiff in an amount of not more than \$5,000.00, to compensate her for her efforts in bringing the Action and achieving the benefits of this Agreement on behalf of the Settlement Class. The Fee Award shall be paid separate and apart from the Settlement Award, and shall not take away from or otherwise reduce the monetary relief available to the Settlement Class. Neither Class Counsel nor Plaintiff will request nor will they accept any award inconsistent with these terms.

B. Karlin agrees that it will not object to the amount of Class Counsel's Application for Fee Award up to the amounts set forth in the preceding paragraph, and agrees that it will, contingent on entry of the Final Approval Order, pay the amounts approved by the Court up to the amounts set forth in the preceding paragraph within 10 business days of the Effective Date. Karlin shall make the payment to Class Counsel by depositing through a wire exchange into an

account to be identified by Class Counsel, the sum so awarded and approved by the Court. Class Counsel shall provide to Karlin in a timely manner all wiring and account information necessary to enable Karlin to make the payment within the time required.

C. Class Counsel shall provide Karlin with all necessary accounting and tax information, including W-9 forms, with reasonable advance notice to allow Karlin to make the Attorneys' Fees and Expenses award payment as set forth above.

VII. NOTICE AND DISSEMINATION TO THE SETTLEMENT CLASS, AND CLAIMS DEADLINES.

Subject to Court approval, the Parties agree that Karlin shall provide the Settlement Class with notice of the proposed settlement by the following methods:

A. Settlement Notice

The Parties agree that the Settlement Notice shall otherwise be in the manner and form agreed upon by the Parties and approved by the Court. Collectively, the Settlement Notice shall in general terms set forth and sufficiently inform the Settlement Class Members of: (1) a short, plain statement of the background of the Litigation, the Class certification, and the essential terms of this Stipulation; (2) appropriate means for obtaining additional information regarding the Stipulation and the Action; (3) appropriate information concerning the procedure for challenging or excluding themselves from the Settlement, if they should wish to do so; and (4) that any relief to Settlement Class Members is contingent on the Court's final approval of the Settlement. To facilitate the efficient administration of this Settlement, and to ensure appropriate notice regarding the Settlement, the Parties have drafted the Settlement Notice, which will be attached to the Preliminary Approval Order as **Exhibit 1**. The Parties will request the Court to approve the Settlement Notice in the Preliminary Approval Order.

B. Publication Notice

Similarly, the Settlement Administrator will cause the Publication Notice, a copy of which will be attached to the Preliminary Approval Order as **Exhibit 2**, to be published in accordance with the national media plan, attached as **Exhibit 4** to the Preliminary Approval Order, designed and configured to meet the unique requirements of this Action. The Parties agree that the Publication Notice provides to the Settlement Class and Settlement Class Members information sufficient to inform them of: the essential terms of this Stipulation; appropriate means for obtaining additional information regarding the Stipulation and the Action; and, appropriate information about the procedure for challenging or excluding themselves from the Settlement, if they should wish to do so. The Parties will request the Court to approve the Publication Notice in the Preliminary Approval Order. The Settlement Website will also identify key deadlines (e.g., the Claim Form deadline, the Request for

Exclusion deadline, Objection Deadline, the date of Final Approval Hearing), and direct Settlement Class Members on how to submit Claim Forms and include a “Frequently Asked Questions” section.

D. Toll-Free Telephone Support Line

The Settlement Administrator will establish a toll-free telephone support line that will provide Settlement Class Members with general information about the litigation and will respond to frequently asked questions about the Action and claim procedure.

E. Methods for Dissemination of Notice

As soon as practicable, but no later than twenty-one (21) days after the Court’s entry of the Preliminary Approval Order, the Settlement Administrator shall disseminate the Settlement Notice consistent with the Preliminary Approval Order by setting up the Settlement Website on the Internet and posting both the Settlement Notice and Publication Notice.

Within twenty-one (21) days after the entry of the Preliminary Approval Order, Karlin shall publish, cause to be published, or ensure that the Settlement Administrator provided for below has published, the Publication Notice pursuant to the Media Plan.

The Publication Notice shall also be posted on the Settlement Website until the Effective Date, or such later date as may be agreed to by Class Counsel and Defendant’s Counsel.

A. The Parties agree that the dissemination of the Settlement Notice and the Publication Notice in the manner specified in this Section VII satisfies the notice requirements of due process, Rule 23 of the Federal Rules of Civil Procedure, the Class Action Fairness Act of 2005, 28 U.S.C. § 1715, (“CAFA”) and any other applicable laws, and constitutes the best notice practicable under the circumstances and shall constitute due and sufficient notice to all persons entitled thereto. The Parties will jointly request the Court to approve, in the Preliminary

Approval Order, the dissemination of notice as set forth above in this Section VII. The Parties acknowledge and affirm that the Court's approval of the Notice Plan is a material term and condition of this Stipulation. CAFA requires Karlin to inform certain federal and state officials about this Settlement. *See* 28 U.S.C. § 1715.1. Under the provisions of CAFA, the Claims Administrator, on behalf of Karlin, will serve notice upon the appropriate officials within ten (10) calendar days after the Parties file the proposed Settlement with the Court. *See* 28 U.S.C. § 1715(b). Such declaration shall be provided to Defendant's Counsel and Class Counsel and filed with the Court no later than fourteen (14) days prior to the Final Approval Hearing.

In order to opt out, a Settlement Class Member must complete and mail to the Claims Administrator a Request for Exclusion that is postmarked no later than the Opt-Out Deadline.

2. Requests for Exclusion that are postmarked after the Opt-Out Deadline will be considered invalid and of no effect, and the Person who untimely submits a Request for Exclusion will remain a Settlement Class Member and will be bound by any Orders entered by the Court, including the Final Judgment and Order Approving Settlement and the Release contemplated thereby. Except for those Persons who have properly and timely submitted Requests for Exclusion, all Settlement Class Members will be bound by this Agreement and the Final Judgment and Order Approving Settlement, including the Release contained herein, regardless of whether they file a Claim or receive any monetary relief.

3. Any Person who timely and properly submits a Request for Exclusion shall not (a) be bound by any orders or the Final Judgment and Order Approving Settlement nor by the Release contained herein; (b) be entitled to any relief under this Agreement; (c) gain any rights by virtue of this Agreement; or (d) be entitled to object to any aspect of this Agreement.

At the Fairness Hearing, the Parties will jointly request the Court to enter the Final Approval Order, which: grants final approval of the certification of the Settlement Class, designates the Class Representative, and designates Class Counsel conditionally approved in the Preliminary Approval Order; grants final approval to the Settlement and establishes this Stipulation as fair, reasonable, and adequate to the Settlement Class; provides for the release of all Released Claims and enjoins Settlement Class Members from asserting, filing, maintaining, or prosecuting any of the Released Claims; orders the entry of judgment for Defendant on all claims, causes of action, and counts alleged in the Action, and incorporates the releases stated in this Stipulation, with each of the Parties to bear its or his own costs and attorneys' fees, except as provided in Section VI above; authorizes the payment by Karlin of Class Counsel's Fee Award in accordance with Section VI above and the terms of the Stipulation; and preserves the Court's continuing jurisdiction over the administration of the Settlement and enforcement of the Stipulation.

XI. RELEASES

A. By executing this Stipulation, the Parties acknowledge that, upon both the entry of the Final Approval Order by the Court, and the passing of the Effective Date, the Action shall be dismissed with prejudice, an order of dismissal with prejudice shall be entered, and all Released Claims shall thereby be conclusively settled, compromised, satisfied, and released as to

the Released Parties. The Final Approval Order shall provide for and effect the full and final release, by Plaintiff and all Settlement Class Members, of all Released Claims.

B. The Released Claims include all known and unknown claims, actions, and causes of action relating to the Settlement Class Members' purchase of the Product, and this Stipulation is expressly intended to cover and include all such claims, actions, and causes of action, for losses or damages of any type. Settlement Class Members hereby expressly, knowingly, and voluntarily waive any provision of any state or federal statutory or case law that provide that a general release does not extend to claims that the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by the creditor must have materially affected his or her settlement with the debtor. Settlement Class Members hereby expressly, knowingly, and voluntarily waive the provisions of Section 1542 of the California Civil Code, which provides as follows:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

Settlement Class Members expressly waive and relinquish all rights and benefits that they may have under, or that may be conferred upon them by, the provisions of Section 1542 of the California Civil Code and of all similar laws of other States, to the fullest extent that they may lawfully waive such rights or benefits pertaining to the Released Claims.

C. The Settlement Class Members hereby expressly waive and relinquish all rights and benefits that they may have under, or that may be conferred upon them by, the provisions of state and federal statutory or case law, to the fullest extent that they may lawfully waive such rights or benefits pertaining to the Released Claims. The Settlement Class Members hereby

acknowledge that they are aware that they or their attorneys may hereafter discover claims or facts in addition to or different from those which they now know or believe to exist with respect to the Released Claims, but that it is their intention to hereby fully, finally, and forever settle and release all of the Released Claims, known or unknown, suspected or unsuspected, that they have against Released Parties. In furtherance of such intention, the release herein given by the Settlement Class Members to the Released Parties shall be and remain in effect as a full and complete general release of all claims notwithstanding the discovery or existence of any such additional different claims or facts.

D. The Final Approval Order shall further provide for and effect the release of all actions, causes of action, claims, administrative claims, demands, debts, damages, costs, attorney's fees, obligations, judgments, expenses, compensation, or liabilities, in law or in equity, whether now known or unknown, contingent or absolute, that Karlin now has against Plaintiff, Settlement Class Members, Class Counsel, or Plaintiff's Counsel by reason of any act, omission, harm, matter, cause, or event whatsoever arising out of the initiation, prosecution, or settlement of the Action or the claims and defenses asserted in the Action.

Notwithstanding the above, the Court shall retain jurisdiction over the Parties and the Stipulation with respect to the future performance of the terms of the Stipulation, and to assure that all payments and other actions required of any of the Parties by the Settlement are properly made or taken.

XII. FINAL JUDGMENT AND SETTLEMENT APPROVAL

This Stipulation is subject to and conditioned upon the issuance by the Court of the Final Judgment and Order Approving Settlement that finally certifies the Settlement Class for the purposes of this settlement, grants final approval of the Stipulation, and provides the relief

specified herein, which relief shall be subject to the terms and conditions of the Stipulation and the Parties' performance of their continuing rights and obligations hereunder. Such Final Judgment and Order Approving Settlement shall be in substantially the form attached hereto as **Exhibit B.**

XIII. REPRESENTATIONS AND WARRANTIES

Each Party represents and warrants to, and agrees with, the other Party as follows:

A. Each Party has had the opportunity to receive, and has received, independent legal advice from his or its attorneys regarding the advisability of making the Settlement, the advisability of executing this Stipulation, and the legal and income tax consequences of this Stipulation, and fully understands and accepts the terms of this Stipulation.

B. Karlin represents and warrants: (1) that it has the requisite corporate power and authority to execute, deliver and perform the Stipulation and to consummate the transactions contemplated hereby; (2) that the execution, delivery and performance of the Stipulation and the consummation by it of the actions contemplated herein have been duly authorized by necessary corporate action on the part of Karlin; and (3) that the Stipulation has been duly and validly executed and delivered by Karlin and constitutes its legal, valid and binding obligation.

C. Plaintiff Amber Teufel represents and warrants that she is entering into the Stipulation on behalf of herself individually and as a proposed representative of the Settlement Class Members, of her own free will and without the receipt of any consideration other than what is provided in the Stipulation or disclosed to, and authorized by, the Court. Plaintiff represents and warrants that she has reviewed the terms of the Stipulation in consultation with Class Counsel and believes them to be fair and reasonable, and covenants that she will not file a Request for Exclusion from the Settlement Class or object to the Stipulation.

D. Plaintiff represents and warrants that no portion of any claim, right, demand, action, or cause of action against any of the Released Parties that Plaintiff has or may have arising out of the Action or pertaining to her purchase and/or use of the Product and/or the design, manufacture, testing, marketing, labeling, packaging or sale of the Product otherwise referred to in this Stipulation, and no portion of any recovery or settlement to which Plaintiff may be entitled has been assigned, transferred, or conveyed by or for Plaintiff in any manner; and no Person other than Plaintiff has any legal or equitable interest in the claims, demands, actions, or causes of action referred to in this Stipulation as those of Plaintiff herself.

E. Neither Party relies or has relied on any statement, representation, omission, inducement, or promise of the other party (or any officer, agent, employee, representative, or attorney for any other party) in executing this Stipulation, or entering the Settlement provided for herein, except as expressly stated in this Stipulation.

XIV. NO ADMISSIONS OF FAULT

The Stipulation and every stipulation and term contained in it is conditioned upon final approval of the Court and is made for settlement purposes only. Whether or not consummated, this Stipulation shall not be construed as, offered in evidence as, received in evidence as, and/or deemed to be, evidence of a presumption, concession or an admission by Plaintiff, Karlin, any Settlement Class Member or Released Party, of the truth of any fact alleged or the validity of any claim or defense that has been, could have been, or in the future might be asserted in any litigation, or the deficiency of any claim or defense that has been, could have been, or in the future might be asserted in any litigation, or of any liability, fault, wrongdoing or otherwise of such Party.

XV. MISCELLANEOUS PROVISIONS

A. Conditional Nature of Settlement and Termination

Defendant and Plaintiff shall each have the right to terminate the Settlement by providing written notice of their election to do so to the other within thirty (30) days of: (a) the Court's declining to enter the Preliminary Approval Order in the form attached hereto in any respect; (b) the Court's refusal to approve this Stipulation or any part of it; (c) the Court's declining to enter the Final Approval Order in the form attached hereto in any respect; (d) the date upon which the Final Approval Order is modified or reversed in any material respect by the Court of Appeals or the Supreme Court; or (e) in the event that the Court enters an order and final judgment in a form other than that provided above ("Alternative Judgment") and neither of the parties hereto elect to terminate this Settlement, the date that such Alternative Judgment is modified or reversed in any material respect by the Court of Appeals or the Supreme Court.

Plaintiff and Plaintiff's counsel agree with respect to communications to the press, media, and general public as follows: Neither Plaintiff nor Class Counsel shall make or distribute any press release or initiate any public statement intended to be disseminated through the press or other media about this Stipulation, the merits of any Party's position in the Action, or the conduct of Karlin,

On Behalf of Defendant, Karlin Foods, Corp.

EXHIBIT A

Teufel v. Karlin Foods Corporation

Stipulation of Settlement

PROPOSED ORDER GRANTING PRELIMINARY APPROVAL

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF FLORIDA**

CASE NO.: 1:14-cv-23100-LENARD/GOODMAN

AMBER GRACE TEUFEL, as an individual
and on behalf of all others similarly situated,

Plaintiff,

vs.

KARLIN FOODS CORPORATION, an
Illinois Corporation,

Defendant.

**[PROPOSED] ORDER GRANTING PRELIMINARY APPROVAL
OF CLASS ACTION SETTLEMENT**

The parties to this litigation have entered into a Stipulation of Class Action Settlement (the “Agreement”) dated April 28, 2015, which if approved, would resolve this putative class action. Plaintiff Amber Teufel has filed a Motion for Preliminary Class Certification for Settlement Purposes and Approval of Notice to the Class (the “Motion”). Defendant Karlin Foods, Corporation. (“Karlin”) does not oppose the Motion, and supports preliminary approval of the Agreement by the Court.

The definitions in the Agreement are hereby incorporated as though set forth fully in this Order, and capitalized terms shall have the meaning attributed to them in the Agreement.

The Court has read and considered the Motion, the Agreement, and all exhibits thereto, including the proposed Class Notice and Claim Form, and finds there is sufficient basis for: (1) granting preliminary approval of the Agreement; (2) certifying the Settlement Class for settlement purposes; (3) appointing Plaintiff Amber Teufel as Class Representative; (4) appointing Joshua H. Eggnatz, Esq. and Michael J. Pascucci, Esq. of Eggnatz, Lopatin & Pascucci, LLP as

Class Counsel; (5) directing that Class Notice be disseminated to the Settlement Class as provided by the Notice Plan; and (6) setting a Final Approval Hearing at which the Court will consider whether to grant final approval of the Agreement.

The Court now GRANTS the Motion for Preliminary Approval and makes the following findings and orders:

1. The Court preliminary certifies, for settlement purposes only, the following settlement class (the “Settlement Class”) pursuant to Rule 23 of the Federal Rules of Civil Procedure:

All Persons who, for personal or household use, purchased in the United States from August 22, 2010 to the present, Wal Mart’s Great Value™ All Natural Cornstarch, which was distributed by Karlin Foods Corporation and sold exclusively at Wal-Mart Stores¹. Excluded from the Settlement Class are: (a) all Persons who purchased or acquired the Product for resale; (b) Karlin Foods Corporation and its employees, principals, affiliated entities, legal representatives, successors and assigns, and Wal-Mart Stores, Inc. and its parents and/or subsidiaries; (c) any Person who files a valid, timely Request for Exclusion; (d) federal, state, and local governments (including all agencies and subdivisions thereof, but excluding employees thereof) and (e) the judges to whom this Action is assigned and any members of their immediate families.

2. The Court approves Amber Teufel as Class Representative.

3. The Court appoints the following to serve as Class Counsel: Joshua H. Eggnatz, Esq. and Michael J. Pascucci, Esq. of Eggnatz, Lopatin & Pascucci, LLP, 5400 S. University Drive, Suite 413, Davie, FL 33328. For purposes of these settlement approval proceedings, the Court finds that these lawyers are competent and capable of exercising their responsibilities as Class Counsel.

1. Product means Wal Mart’s Great Value™ All Natural Cornstarch, distributed by Karlin Foods Corporation and sold exclusively at Wal-Mart Stores, Inc.

4. The Court finds, for purposes of settlement only, and conditioned upon the entry of this Order and the Final Judgment and Order Approving Settlement and upon the occurrence of the Effective Date, that the requirements of Rule 23 of the Federal Rules of Civil Procedure are met by the Settlement Class: (a) joinder of all Settlement Class Members in a single proceeding would be impracticable, if not impossible, because of their numbers and dispersion; (b) there are questions of law and fact common to the Settlement Class; (c) Plaintiff's claims are typical of the claims of the Settlement Class she seeks to represent for purposes of settlement; (d) Plaintiff has fairly and adequately represented the interests of the Settlement Class and will continue to do so; (e) Plaintiff and the Settlement Class are represented by qualified, reputable counsel who are experienced in preparing and prosecuting class actions, including those involving the sort of practices alleged in the Complaint; (f) for purposes of settlement, the questions of law and fact common to the Settlement Class Members predominate over questions affecting any individual Settlement Class Member; (g) Karlin has acted on grounds that apply generally to the Settlement Class, such that final injunctive relief is appropriate respecting the Settlement Class as a whole; and (h) a class settlement is superior to other available methods for a fair resolution of the controversy.

5. The Court preliminary approves the Agreement, finding that its terms appear sufficient and fair, reasonable, and adequate to warrant dissemination of notice of the proposed settlement to the Settlement Class as provided by the Notice Plan. The Court finds that the Agreement contains no obvious deficiencies and that the parties entered into the Agreement in good faith, following arms-length negotiation between their respective counsel.

6. The Court approves, as to form and content, the Long-Form Notice and Short-Form Publication Notice attached to the Memorandum in Support of Motion for Preliminary Approval

of Class Action Settlement as Exhibits A, 1 & 2. The Court also approves the procedure for disseminating notice of the proposed settlement to the Settlement Class and the Claim Form, as set forth in the Notice and Media Plan attached to the Memorandum in Support of Motion for Preliminary Approval of Class Action Settlement as Exhibits A, 3 & 4. The Court finds that the notice to be given constitutes the best notice practicable under the circumstances, and constitutes valid, due, and sufficient notice to the Settlement Class in full compliance with the requirements of applicable law, including the Due Process Clause of the United States Constitution.

7. Karlin shall cause notice to be disseminated pursuant to the Notice Plan within 21 calendar days of this Order or June 15, 2015 whichever is later.

8. As set forth in the Agreement, Karlin shall pay for the class notice, settlement administration, and any third party costs securing the performance of the settlement obligation, up to a maximum of \$150,000.00.

9. The Court authorizes and directs Karlin to retain Heffler Claims Group as the Claims Administrator to implement the terms of the proposed Agreement, and authorizes and directs such Claims Administrator to (a) publish the Long-Form Notice and Publication Notice as provided by the Notice Plan; (b) establish the toll-free informational telephone number; (c) establish the Settlement Website; (d) receive and process Claims; and (e) carry out such other responsibilities as are provided for in the Agreement or may be agreed to by the Parties in the Action.

10. At or before the Final Approval Hearing (defined below), the Claims Administrator shall provide the Court with a declaration showing that the Class Notice was disseminated in accordance with this Order and the Notice Plan.

11. A hearing on final approval of the Agreement, an award of attorneys' fees and

expenses to Class Counsel, and service award payment to Plaintiff (the “Final Approval Hearing”) shall be held at on September 14, 2015, before the undersigned in Courtroom 12-1 of the United States District Court for the Southern District of Florida, 400 North Miami Avenue, Miami, Florida 33128. At the Final Approval Hearing, the Court will consider: (a) whether the Agreement should be finally approved as fair, reasonable, and adequate for the Settlement Class; (b) whether a judgment granting approval of the Agreement and dismissing the Action with prejudice should be entered; and (c) whether Class Counsel's application for attorneys’ fees and expenses and an service award for Plaintiff should be granted.

12. Any Settlement Class Member may object to any aspect of the Stipulation of Settlement may object to any aspect of the proposed Agreement either on his or her own or through an attorney hired at his or her expense. Any Settlement Class Member who wishes to object to the proposed Agreement must file with the Court, and serve on Class Counsel and Defendant’s Counsel, at the addresses set forth below, a written statement of objection no later than July 30, 2015 (the “Objection Deadline”). Such statement shall include (a) the name, address, telephone number and, if available, e-mail address of the Person objecting and, if represented by counsel, of his/her counsel; (b) specifically and in writing, all objections; (c) whether he/she intends to appear at the Final Approval Hearing, either with or without counsel; (d) a statement of his/her membership in the Settlement Class including all of the information required by the Claim Form; and (e) a detailed list of any other objections submitted by the Settlement Class Member, or his/her counsel, to any class actions submitted in any court, whether state or otherwise, in the United States in the previous five (5) years. If the Settlement Class Member or his/her counsel has not objected to any other class action settlement in any court in the United States in the previous five (5) years, he/she shall affirmatively state so in the written materials provided in connection with the

Objection to this Settlement.

13. Any Settlement Class Member who does not timely file and serve a written objection pursuant to the terms hereof shall be deemed to have waived, and shall be foreclosed from thereafter raising, any objection to the Agreement. Any objection that is not timely made shall be barred. The filing of an objection allows Class Counsel or Defendant's Counsel to notice such objecting person for and take his or her deposition consistent with the Federal Rules of Civil Procedure at an agreed-upon location, and to seek any documentary evidence or other tangible things that are relevant to the objection. Failure by an objector to make himself or herself available for a deposition or to comply with expedited discovery requests may result in the Court striking said objector's objection and otherwise denying that person the opportunity to make an objection or be further heard. The Court reserves the right to tax the costs of any such discovery to the objector or the objector's counsel should the Court determine that the objection is frivolous or is made for an improper purpose.

14. The procedures and requirements for filing objections in connection with the Final Approval Hearing are intended to ensure the efficient administration of justice and the orderly

presentation of any Settlement Class Members' objection to the Agreement, in accordance with the due process rights of all Settlement Class Members.

15. Any Settlement Class Member who files and serves a timely written objection pursuant to the terms of this Order and complies with the requirements of this Paragraph may also appear at the Final Approval Hearing either in person or through counsel retained at the Settlement Class Member's expense. Settlement Class Members or their attorneys intending to appear at the Final Approval Hearing must serve on Class Counsel and Defendant's Counsel, and file with the Court, at the addresses specified in this Order, no later than 45 calendar days before the Final Approval Hearing, a notice of intention to appear, setting forth the case number, and the name, address, telephone number, and, if available, email address of the Settlement Class Member (and, if applicable, the name, address, telephone number, and email address of the Settlement Class Member's attorney). Any Settlement Class Member who does not timely file and serve a notice of intention to appear pursuant to the terms of this Order shall not be permitted to appear, except for good cause shown.

16. Exclusions.

a) Any Settlement Class Member may request to be excluded (or "opt out") from the Settlement Class. A Settlement Class Member who wishes to opt out of the Settlement Class must complete and mail to the Claims Administrator a Request for Exclusion that is postmarked no later than July 30, 2015 (the "Opt-Out Deadline"). The Request for Exclusion must be personally signed by the Class Member requesting exclusion and contain a statement that indicates a desire to be excluded from the Class. No person may opt-out of the Settlement Class any other person, or be opted-out by any other Person, and no Person shall be deemed opted-out

of the Settlement Class through any purported “mass” or “class” opt-outs. So-called “mass” or “class” opt-outs shall not be allowed.

b) Except for those Persons who have properly and timely submitted Requests for Exclusion, all Settlement Class Members will be bound by the Agreement and the Final Judgment and Order Approving Settlement, including the Release contained therein, regardless of whether they file a Claim or receive any monetary relief.

c) Any Settlement Class Member who properly requests to be excluded from the Settlement Class shall not: (a) be bound by any orders or judgments entered in the Action relating to the Agreement; (b) be entitled to relief under, or be affected by, the Agreement; (c) gain any rights by virtue of the Agreement; or (d) be entitled to object to any aspect of the Agreement.

17. Claims. The Claim Deadline shall be fourteen (14) calendar days following the Final Approval Hearing, or September 28, 2015, which is due, adequate, and sufficient time. All Claims must be submitted with a Claim Form and received by the Claims Administrator or postmarked by the Claims Deadline. The Claims Deadline shall be clearly set forth in the Class Notice, the Settlement Website, and on the Claim Form. Settlement Class Members who do not timely submit a signed, completed Claim Form in accordance with the procedures set forth in the Agreement shall not be eligible for an Award.

18. Supplemental Filing Deadlines.

a) The Motion for Final Approval of the Settlement and Certification of the Settlement Class, together with the supporting memorandum and papers, shall be filed no later than July 31, 2015.

b) Class Counsel’s Motion for Attorneys’ Fees, Expenses, and an Incentive Award, together with the supporting memorandum and papers, shall be filed no later than July 31, 2015.

c) The Parties may each file a supplemental brief no longer than twenty-five (25) pages in length to address any objections filed by Settlement Class Members. Said supplemental briefs shall be filed no later than thirty (30) calendar days before the Final Approval Hearing, or August 15, 2015, whichever is later.

19. If any deadline set forth in this Order falls on a Saturday, Sunday or federal holiday, then such deadline shall extend to the next Court business day.

20. Stay of Litigation. Pending the Final Approval Hearing, all proceedings in the Action, other than proceedings necessary to carry out and enforce the terms and conditions of the Agreement and this Order, are hereby stayed.

21. Termination. In the event the Court does not grant final approval of the Settlement, or for any reason the Parties fail to obtain a Final Judgment and Order Approving Settlement as contemplated by the Agreement, or the Agreement is terminated pursuant to its terms for any reason or the Effective Date does not occur for any reason, then the following shall apply:

a) The Agreement and all orders and findings entered in connection with the Agreement and the Settlement shall become null and void and be of no further force and effect whatsoever, shall not be used or referred to for any purpose whatsoever, and shall not be admissible or discoverable in this or any other proceeding; and

b) The provisional certification of the Settlement Class pursuant to this Order shall be vacated automatically, the Action shall proceed as though the Settlement Class had never been provisionally certified pursuant to the Agreement, and provisional findings related to Rule 23 shall have no force or effect for the remainder of the Action.

22. This Order shall not be construed or used as an admission, concession, or declaration by or against Karlin of any fault, wrongdoing, breach, or liability, and shall not be

deemed to be a stipulation as to the propriety of class certification, or any admission of fact or law regarding any request for class certification, in any other action or proceeding, whether or not involving the same or similar claims. Nor shall this Order be construed or used as an admission, concession, or declaration by or against Plaintiff or the other Settlement Class Members that their claims lack merit or that the relief requested is inappropriate, improper, or unavailable, or as a waiver by any Party of any defenses or claims he, she, or it may have in the Action or in any other proceeding.

23. The Court reserves the right to adjust the date of the Final Approval Hearing and related deadlines. In that event, the revised hearing date and/or deadlines shall be posted on the Settlement Website referred to in the Class Notice, and the Parties shall not be required to re-send or re-publish the Class Notice.

DO NOT CALL KARLIN OR THE COURT**

What is this Notice and why is it important?

The Court sent you this Notice because you have a right to know about a proposed settlement of a class action lawsuit, and about all your options, before the Court decides whether to approve the settlement. If the Court approves it and after objections and appeals are resolved, an administrator appointed by the Court will make the payments that the settlement allows.

This Notice explains the Lawsuit, the settlement, your legal rights, what benefits are available, who is eligible for them, and how to get them.

A class action is a lawsuit in which one or more individuals sue an individual(s), company or other entity on behalf of all other people who are in a similar position. Collectively, these people are referred to as a "Class" or "Class Members." In a class action, the court resolves certain legal issues, legal claims and defenses for all Class Members in one lawsuit, except for those who ask to be excluded from the Class. (See below for more information about excluding yourself from the Class.)

What is this Lawsuit about?

The Lawsuit claimed that Wal Mart's Great Value All Natural Cornstarch's (the "Product") labeling was false and deceptive in that it led purchasers to believe that the Product was "All Natural," when in fact it included genetically modified organisms ("GMO"). Karlin denies it did anything wrong, inasmuch as no state or federal regulation or agency prohibits the Product from being labeled as "All Natural" despite the presence of GMO in the Product.

Why is there a settlement?

The Court did not decide who was right. Instead, both sides agreed to a settlement. By agreeing to a settlement, the Parties avoid the costs and risk of a trial and the Class will get compensation. The Class Representative and her attorneys believe that the settlement is in the best interests of the Class Members.

How do I know if I am in the Settlement Class?

To receive money from the settlement, you first have to determine if you are a Class Member. Class Members are those persons who purchased Great Value All Natural Cornstarch for personal or household use in the United States on and/or after August 22, 2010, up until the date this Notice was published. Excluded from the Class are officers, directors and employees of Karlin and its parent and/or subsidiaries, Wal-Mart Stores, Inc. and its parents and/or subsidiaries, as well as judicial officers and employees of the Court.

What cash payments does the settlement provide?

Class Members may seek reimbursement of \$1.00 per purchase with a maximum of 2 units or \$2.00 without receipts or other proof of purchase by submitting a Claim Form by mail or electronically; or up to \$8.00 by submitting a Claim Form with receipts or other proof of purchase for each claimed purchase. To receive payment, a Claim Form MUST be completed and either be submitted online (www._____) or postmarked by _____, 2015.

The actual amount a Class Member receives will depend on the amount of money available from the Settlement Fund described below and the number of claims made. If the total of valid claims is less than the amount of money available to pay them, then Class Members submitting valid claims will receive the full amount of recovery they sought, up to \$8. If the total of valid claims exceeds the amount of money available to pay them, then each award will be reduced pro rata.

You may request a Claim Form online or by calling xxx-xxx-xxxx.

DO NOT CALL KARLIN OR THE COURT**

The Settlement Value

Karlin has agreed to fund a settlement of up to \$825,000. This fund will be used to pay valid claims submitted by Class Members, the costs to notify the Class about this Lawsuit and the settlement, the costs to administer the settlement, and payment of the attorneys representing the Class and related litigation expenses.

When will I get my cash payment?

Cash payments will be made if the Court gives final approval to the proposed settlement and after the final approval is no longer subject to appeal.

A Settlement Hearing is scheduled for _____, 2015. If the Court approves the settlement and there are no appeals, the cash will be distributed approximately 45 days after the Settlement Hearing. If the Court does not approve the settlement, or if the settlement is overturned on appeal, no cash payments will be made.

How will Karlin revise the Product's marketing and labeling?

Under the settlement, Karlin agreed to make certain changes to the Product's marketing and labeling, including removal of the phrase "All Natural" from the label. Details are described in the Settlement Agreement, which is available at www._____.

Who represents my interests in the settlement?

The Court has appointed the Plaintiff who brought the Lawsuit as the class representative. Class Counsel are the lawyers for the Class. The class representative and Class Counsel will act as your representatives for this settlement if you do not exclude yourself from the Class.

The Court has appointed *Joshua H. Eggnatz and Michael J. Pascucci of Eggnatz, Lopatin & Pascucci, LLP, 5400 S. University Drive, Suite 413, Davie, FL 33328 (954) 889-3359* to represent you.

Do I have to pay money to participate in the Class?

No. You will not be responsible for any cost or attorneys' fees incurred in this Lawsuit. If the Court approves the proposed settlement, Class Counsel will request that the Court award attorneys' fees, a service award, costs and expenses in an amount not to exceed \$160,000.

Can I exclude myself from the settlement?

You have the right not to be part of the Lawsuit by excluding yourself or "opting out" of the Class. If you wish to exclude yourself, you must send a letter or postcard, postmarked no later than _____, 2015 to Karlin Foods Class Action Settlement Administrator, [administrator address]. Your letter must request exclusion from the Class and must be signed by you. You must include your full name, address and telephone number. If you do not include the required information or submit your request for exclusion on time, you will remain a Class Member and be bound by the settlement and Final Judgment and Order. If you exclude yourself from the Class, you give up your right to receive any money from the settlement, and you will not be bound by the settle or Final Judgment and Order, and you will not be barred from pursuing any individual claim you may otherwise have relating to the subject matter of the Lawsuit.

I wish to object to the settlement. What do I do?

**Questions? Visit www._____
DO NOT CALL KARLIN OR THE COURT**

If there is something about the settlement that you do not like, you may file an objection with the Court. You will still be in the settlement, remain a Class Member, and will receive benefits if the settlement is approved and you timely submit your Claim Form. ***Even if you object, you should return the Claim Form to receive a cash payment.*** If you want to object, you must submit your objection in writing to the Court, Class Counsel, and Karlin's Counsel. Your objection must include:

- (1) Your name, address, telephone number, and, if available, your e-mail address;
- (2) Your signature;

You must file your written objection with the Court no later than _____, 2015, at the Clerk of Court, United States District Court Southern District of Florida – Miami Division, 400 North Miami Avenue, Miami, FL 33128. You **must** also send a copy of your objection to Class Counsel and Karlin's Counsel at:

HF Media LLC., Terms and Conditions

HF Media, LLC., a division of Heffler Claims, is an advertising, communications and public relations agency. HF Media's services include, among others, its expertise, media research, rate negotiation, and value added client services, graphic design, project management and proof of publication reporting. In exchange for these services HF Media is compensated on a commission/fee structure and those fees are included in the attached total estimated budget, which is consistent with advertising industry practice. The Client agrees to pay HF Media its fees and commissions for media buys described in this proposal in advance, prior to HF Media placing any portion of the media buy.

Further, services such as expert testimony, expert consultation, declaration preparation, and issuing press releases and monitoring for resulting articles and social mentions are billed on an hourly basis. Additionally, the client agrees to reimburse HF Media for out-of-pocket expenses such as travel, and other agreed upon costs. HF Media shall invoice client monthly for these services and expenses and client shall pay HF Media invoices in accordance with the invoices' payment terms (30 days unless otherwise agreed in writing.)

All advertising is subject to publisher's approval, which can sometimes include an extensive legal review. Publishers retain the right to decline advertising. Internet properties and networks commonly adjust rates throughout the calendar year without notification, which may alter the estimated costs. Internet rate increases may reduce the total impression purchased and therefore, may reduce estimated reach of the notice program described above. Due to potential media rate adjustments during a calendar year, this quote is only valid for a period of three (3) months from the date above or the end of a calendar year, whichever comes first. After that time, it may need to be revised.

Teufel v. Karlin Foods Corporation

Stipulation of Settlement

**PROPOSED ORDER GRANTING FINAL JUDGMENT AND ORDER
APPROVING CLASS ACTION SETTLEMENT**

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF FLORIDA**

CASE NO.: 1:14-cv-23100-LENARD/GOODMAN

AMBER GRACE TEUFEL, as an individual
and on behalf of all others similarly situated,

Plaintiff,

vs.

KARLIN FOODS CORPORATION, an
Illinois Corporation,

Defendant.

FINAL JUDGMENT AND ORDER APPROVING SETTLEMENT

On _____, 2015, the Court granted preliminary approval to the Stipulation of Class Action Settlement (the "Agreement"). The Court also provisionally certified a nationwide Settlement Class for settlement purposes, approved the procedure for giving notice and forms of notice, and set a final approval hearing to take place on _____, 2015.

On _____, the Court held a duly noticed Final Approval Hearing to consider: (1) whether the terms and conditions of the Agreement are fair, reasonable, and adequate; (2) whether a judgment should be entered dismissing the Action with prejudice; and (3) whether and in what amount to award Class Counsel as attorneys' fees and expenses and whether and in what amount to award incentive payments to the Class Representatives.

Based upon the submissions of the Parties and all matters submitted to it at the hearing and otherwise,

IT IS ORDERED, ADJUDGED, AND DECREED:

1. The Agreement, including the definitions contained therein, is incorporated by reference into, and is a part of, this Final Judgment and Order Approving Settlement. All

capitalized terms used herein shall have the same meanings as set forth in the Agreement unless set forth differently herein.

2. The Court has personal jurisdiction over the Parties and the Settlement Class Members, and it has subject matter jurisdiction to approve the Agreement, including all exhibits thereto, and enter this Final Judgment and Order Approving Settlement. Without in any way affecting the finality of this Final Judgment and Order Approving Settlement, this Court hereby retains jurisdiction as to all matters relating to administration, consummation, enforcement, and interpretation of the Agreement and of this Final Judgment and Order Approving Settlement, and for any other necessary purpose.

3. The Court finds, for settlement purposes only and conditioned upon the entry of this Final Judgment and Order Approving Settlement and upon the occurrence of the Effective Date, that the requirements of Rule 23 of the Federal Rules of Civil Procedure are met by the Settlement Class: (a) the number of Settlement Class Members is so numerous that joinder of all members thereof is impracticable, if not impossible; (b) there are questions of law and fact common to the Settlement Class; (c) Amber Teufel's ("Teufel") claims are typical of the claims of the Settlement Class they seek to represent; (d) Teufel has fairly and adequately represented, and will continue to fairly and adequately represent the interests of the Settlement Class; (e) the questions of law and fact common to the Settlement Class Members predominate over any questions affecting any individual Settlement Class Member; (f) Karlin Foods, Inc. ("Karlin") has acted on grounds that apply generally to the Settlement Class, such that final injunctive relief is appropriate respecting the Settlement Class as a whole; (g) a class settlement is superior to other available methods for a fair resolution of the controversy.

4. Pursuant to Fed. R. Civ. P. 23, this Court hereby finally certifies, for settlement purposes only, a Settlement Class defined as:

All Persons who, for personal or household use, purchased Karlin Foods Corporation's Great Value™ Cornstarch, sold exclusively at Wal-Mart Stores, and labeled as "All Natural," in the United States from August 22, 2010 through the present. Excluded from the Settlement Class are: (a) all Persons who purchased or acquired the Product for resale; (b) Karlin Foods Corporation and its employees, principals, affiliated entities, legal representatives, successors and assigns, and Wal-Mart Stores, Inc. and its parents and/or subsidiaries; (c) any Person who files a valid, timely Request for Exclusion; (d) federal, state, and local governments (including all agencies and subdivisions thereof, but excluding employees thereof) and (e) the judges to whom this Action is assigned and any members of their immediate families

5. The Court reaffirms the appointment of Teufel as Class Representative, and finds that they have adequately represented the Settlement Class for purposes of entering into and implementing the Agreement. The Court reaffirms the appointment of Joshua H. Eggnatz, Esq. and Michael J. Pascucci, Esq. of Eggnatz, Lopatin & Pascucci, LLP, 5400 S. University Drive, Suite 413, Davie, FL 33328, as Class Counsel and finds that Class Counsel have adequately represented the Settlement Class for purposes of entering into and implementing the Agreement.

6. The Court finds that notice was given to Settlement Class Members pursuant to the Notice Plan and the Court's Order Granting Preliminary Approval of Class Action Settlement (the "Preliminary Approval Order"), and that said notice was the best notice practicable under the circumstances, and constitutes valid, due, and sufficient notice to the Settlement Class in full compliance with the requirements of applicable law, including the Due Process Clause of the United States Constitution. The Settlement Class Members received notice of (a) the pendency of the Action; (b) the terms of the proposed Settlement, including the Release; (c) their rights under the proposed Settlement; (d) their right to exclude themselves from the Settlement Class and the proposed Settlement; (e) their right to object to any aspect of the proposed Settlement; (f) their

right to appear at the Final Approval Hearing; (g) Class Counsel's request for attorneys' fees and expenses and an incentive award to the Class Representatives; and (h) the binding effect of this Final Judgment and Order Approving Settlement on all Persons who did not timely exclude themselves from the Settlement Class.

7. The Court finds that notice of the proposed Settlement was provided to the appropriate state and government officials pursuant to 28 U.S.C. § 1715. Furthermore, the Court has given the appropriate state and government officials the requisite ninety (90) day time period to comment or object to the proposed Settlement before entering this Final Judgment and Order Approving Settlement and no such comments or objections were received.

8. The terms and provisions of the Agreement have been entered into in good faith and are hereby fully and finally approved as fair, reasonable, and adequate as to, and in the best interests of, each of the Parties and the Settlement Class Members. [There were no objections filed in this Action] or [The Court has considered all objections to the Settlement and overrules them as without merit]. Accordingly, the Court hereby directs that the Settlement shall be effected in accordance with the terms of the Agreement (all of which terms and definitions are adopted and incorporated herein by reference).

9. The terms of the Agreement, and of this Final Judgment and Order Approving Settlement, shall be forever binding on, and shall have *res judicata* and preclusive effect in, all pending and future lawsuits maintained by Plaintiff and all other Settlement Class Members who did not timely exclude themselves from the Settlement Class, as well as their heirs, executors, and administrators, successors, and assigns.

10. Karlin is ordered to implement the terms and conditions of the Agreement, including payment to all Settlement Class Members who have not excluded themselves from this

Settlement and who submit a timely, valid Claim pursuant to the Agreement; and making the following changes with respect to the Products within sixty (60) days after entry of this Final Judgment and Order Approving Settlement:

a. Karlin shall ensure that its Product is no longer being falsely represented to the public as being “All Natural,” as alleged by Plaintiff. Specifically, Defendant must cease using the “All Natural” statement in connection with the sale of the Product upon execution of this Agreement. If Defendant chooses to resume using the “All Natural” statement in the future it shall first obtain certification from its suppliers to verify that their ingredients are not synthetic, artificial or derived from genetically modified and/or bioengineered sources. Additionally, if Defendant chooses to resume using the “All Natural” statement Defendant in the future it shall also employ reasonable efforts to obtain Non-GMO Project approval for all Products that are practically eligible for Non-GMO Project consideration.

11. Karlin will provide a report to the Court at the end of the sixty (60) day period following entry of this Final Judgment and Order Approving Settlement regarding its compliance with the injunctive relief provisions contained in Paragraph 10 of this Final Judgment and Order Approving Settlement.

12. This Final Judgment and Order Approving Settlement does not preclude Karlin from making further changes to any of its product labels or marketing that (a) Karlin believes are reasonably necessary to comply with any statute, Karlin provides accurate product descriptions; or (c) that are more detailed than those required by the Agreement and Release and/or this Final Judgment and Order Approving Settlement.

13. Karlin shall satisfy all valid Claims made, with a cap on cash payments to the Settlement Class of \$515,000.00. If the total of Approved Claims exceeds \$515,000.00, then the Claims Administrator shall calculate and pay a pro rata reduction of the amount due each Settlement Class Member, such that \$515,000.00 will satisfy all Approved Claims.

14. Upon the occurrence of the Effective Date, Teufel and the Settlement Class Members, and the Releasing Parties shall be deemed to have, and by operation of the Final Judgment and Order Approving Settlement shall have, provided Karlin and the Released Parties with the Release set forth in Section XI of the Agreement. By this Final Judgment and Order Approving Settlement and upon the occurrence of the Effective Date, Plaintiff, the Settlement Class Members, and the Releasing Parties shall be deemed to have, and by operation of the Final Judgment and Order Approving Settlement shall have, fully, finally, and forever released, relinquished, and discharged all Released Claims, which include:

Any individual, class, representative, group or collective action, claim, liability, right, demand, suit, matter, obligation, damage, loss, action, or cause of action, of every kind and description that a Releasing Party has or may have, including assigned claims, whether known or Unknown, asserted or un-asserted, latent or patent, that is, has been, could reasonably have been or in the future might reasonably be asserted under any body of law by the Releasing Party either in a court or any other judicial or other forum, regardless of legal theory or relief claimed, and regardless of the type of relief or amount of damages claimed, against any of the Released Parties arising from, or in any way relating to Labeling, sales, marketing, or advertising, regardless of medium, of any of the Products, including but not limited to any claim that the Labeling is false or misleading in any way. For purposes of this Agreement, the term "Unknown Claim" means any all Released Claims that any member of the Settlement Class, or anyone acting on behalf of or in their interest, does not know or suspect to exist against any of the Released Parties which, if known, might have affected his or her decision regarding the settlement of the Action. Notwithstanding the provisions of this paragraph or of any other paragraph in this Agreement, this Agreement shall not be deemed to release any claim that a Releasing Party has or may have for personal injury.

15. Pursuant to Fed. R. Civ. P. 23(h), the Court awards Class Counsel attorneys' fees and expenses in the amount of \$155,000.00 to be paid by Karlin within 10 calendar days of the Effective Date of the Stipulation of Settlement.

16. The Court finds and determines that a service award of \$5,000.00 is due and payable to Teufel for her services and efforts in the representation of the Settlement Class, which shall be payable by Karlin within 10 calendar days of the Effective Date of the Stipulation of Settlement..

17. Neither this Final Judgment and Order Approving Settlement, nor the Agreement, nor any act performed or document executed pursuant to or in furtherance of the Agreement or the Settlement is or may be deemed to be or may be used as an admission of, or evidence of, the validity of any Released Claims, or of any wrongdoing or liability of Karlin or any other Released Party; or is or may be deemed to be or may be used as an admission of, or evidence of, any fault or omission of Karlin or any other Released Part in any civil, criminal, or administrative proceeding in any court, administrative agency, or other tribunal. However, any Released Party may file the Agreement and/or the Final Judgment and Order Approving Settlement in any action that may be brought against it in order to support any defense or counterclaim, including without limitation those based on principles of *res judicata*, collateral estoppel, release, good faith settlement, judgment bar or reduction, or any other theory of claim preclusion or issue preclusion or similar defense or counterclaim.

18. This Action (and any and all claims asserted herein at any time) is dismissed in its entirety, on the merits, with prejudice and without leave to amend, with each Party to bear his/her/its own costs and attorneys' fees (except as otherwise expressly provided herein), and all Settlement Class Members who did not timely and properly execute and submit a Request for

Exclusion shall be forever barred and permanently enjoined from starting, continuing, or participating in, litigating, or receiving any benefits or relief from any other lawsuit, arbitration, or administrative or regulatory proceeding or order based on or relating to the claims, facts, or circumstances in this Action and/or the Released Claims except claims relating to the enforcement of the Settlement of the Action.

19. In the event that the Effective Date does not occur, certification of the Settlement Class shall be automatically vacated and this Final Judgment and Order Approving Settlement, and all other orders entered and releases delivered in connection herewith, shall be vacated and shall become null and void.

IT IS SO ORDERED.

I have also successfully negotiated confidential pre-suit settlements in other proposed consumer class action matters.

11. ELP has adequately represented the interests of Plaintiff and the putative class members in this litigation. I have defended Plaintiff's deposition in this action, conducted legal and factual investigation into Plaintiff's claims and the claims of a putative class of similarly situated consumers, prepared discovery and analyzed Karlin's internal documents and records, attended mediation and engaged in months of arms' length negotiations, and have worked with Karlin and a professional claims administrator to draft an unopposed motion for preliminary approval and class settlement, as well as a notice and administration plan. I will continue to vigorously prosecute this action on behalf of Plaintiff and members of the putative class, and work to investigate the claims, conduct further discovery and depositions, draft motions, as well as

facilitate the class certification and merits process, in the event the Court denies preliminary approval.

12. My involvement in this case began in approximately January 2014, when my firm, along with co-counsel in this action, The Law Office of Howard W. Rubinstein, P.A., undertook its initial legal and factual investigation that included interviewing Plaintiff Teufel regarding the Product, reviewing the Product's label at issue, consulting with industry experts, and conducting legal and factual research into Teufel's claims on behalf of a putative class of similarly situated consumers.

13. Prior to filing this action Plaintiff sent a pre-suit notice letter on behalf of herself and the class informing Defendant of its unlawful practices and requesting relief to compensate Plaintiff and the putative class.

14. As a result of this correspondence, the parties communicated regarding this case in hopes of facilitating a resolution, but the parties were unable to come to terms. As a result, this action was filed on August 22, 2014 in the United States District Court, Southern District of Florida.

15. The Complaint asserted claims on behalf of a nationwide class of consumers regarding Defendant's use of the term "All Natural" on the Product, despite containing GMOs, based on the following causes of action: Violation of the Florida Deceptive and Unfair Trade Practices Act (Count I), Negligent Misrepresentation (Count II), and Unjust Enrichment (Count III).

16. Concurrently with the investigation and litigation of Plaintiff's claims, the parties engaged in arm's-length negotiations to resolve this action. The result is a settlement that provides

meaningful monetary and injunctive relief to a nationwide class of consumers of Defendant's Product.

17. The Settlement calls for a notice plan intended to reach the maximum percentage reach of class members practicable under the circumstances, including digital notice, online and social media publication, such as the creation of a website devoted to disseminating notice of the Settlement, where class members can submit claims and review the Settlement documents online. The claims administrator agreed upon will also maintain a toll-free hotline where class members can receive answers to their questions regarding the Settlement.

18. In sum, Defendant has committed settlement funds in the amount of eight hundred twenty-five thousand dollars (\$825,000) to implement the terms of the Settlement. From these settlement funds, Defendant shall pay all costs associated with the Settlement, including (i) Approved Claims, (ii) Settlement Notice and Administrative Expenses, and (iii) the Fee Award.

19. Defendant has guaranteed that it will satisfy all valid Claims made, up to a cap on cash payments to the Settlement Class in the amount of Five Hundred Fifteen Thousand and No/100 Dollars (\$515,000.00). Defendant has agreed to provide compensation to Claimants, without proof of purchase, \$1.00 per purchase of claimed Products, up to \$2.00, for damages incurred from purchasing the Product during the Class Period. Additionally, Defendant has agreed to provide compensation to Claimants, who have proofs of purchase, \$1.00 per purchase, up to a maximum of \$8.00.

20. The Settlement also provides that Defendant shall, within sixty (60) calendar days after entry of the Final Judgment and Order Approving Settlement, ensure that the Product is no longer being represented to the public as being "All Natural." Specifically, Defendant shall cease using the "All Natural" statement in connection with the sale of the Product. If Defendant chooses

to resume using the “All Natural” statement it shall obtain certification from its suppliers to verify that their ingredients are not synthetic, artificial or derived from genetically modified and/or bioengineered sources. Additionally, if Defendant chooses to resume using the “All Natural” statement Defendant shall also employ reasonable efforts to obtain Non-GMO Project approval for all Products that are practically eligible for Non-GMO Project.

21. Given the robust notice plan, coupled with the ease with which class members may submit claims, along with the strong prospective measures afforded by the Settlement, I believe the results achieved by the Settlement are well suited for Court approval.

22. Plaintiff’s counsel have dedicated substantial time and resources to the diligent investigation and prosecution of class members’ claims herein, and will continue to do so throughout the pendency of these actions.

23. The proposed Settlement now before the Court was reached only after hard-fought litigation, substantial investigation, including an formal discovery and voluntary exchange of information, in-person mediation with a respected third-party neutral, and numerous rounds of subsequent negotiation over a period of several months.

24. The parties agreed on the terms of the settlement through negotiations conducted by experienced counsel, who ensured that they had ample information at their disposal before and during the negotiations to evaluate the terms of any proposed agreement, and to reach a fair and reasonable compromise.

25. Plaintiff’s counsel recognize that despite their belief in the strength of the claims at issue, the expense, duration, and complexity of protracted litigation would be substantial, and the outcome of trial or appeal would be uncertain.

26. Likewise, Defendant repeatedly avowed that absent settlement it would continue to aggressively defend this case, and that it would appeal any judgment ultimately rendered in Plaintiff's favor, which would further delay recovery by the putative class. Therefore, even if Plaintiff was successful at trial, class members might not see relief for several years to come.

27. ELP's class action experience was instrumental in assessing the reasonableness of prior class action settlements, and the Settlement currently at issue in this case. Based on this experience I believe the Settlement reached by the Plaintiffs and Defendant was the most favorable resolution possible for Plaintiffs and the Class, under the facts and circumstances of the cases.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed on April 30th 2015, in Davie, Florida.
