Info | Warranty

**90 Day Product Exchange Warranty**

In the rare case that your electronic cigarette should become non-operational or somehow defective, we will gladly exchange it for a new one if the problem occurs within the first 90 days from purchase. Please note that we will not be able to offer this warranty if the product breaks after the first 90 days or if you don't have proof of purchase available (a store invoice, receipt or credit card records).

ALL CARTOMIZERS MUST BE USED WITH THE APPROPRIATE 888CIGS BRAND BATTERY OR WE CANNOT OFFER WARRANTY EXCHANGES ON OUR CARTOMIZERS. ALTHOUGH THE 888 CARTOMIZERS WILL ATTACH TO OTHER BRAND 510 BATTERIES NOT ALL BATTERIES OPERATE AT THE SAME VOLTAGE. USING A BRAND OF BATTERY OTHER THAN 888CIGS WILL MOST LIKELY CAUSE YOUR REFILL CARTOMIZERS TO NOT FUNCTION PROPERLY I.E. (NOT LASTING MORE THAN 100 PUFFS, NOT WORKING AT ALL OR HAVING THE "BURNT" TASTE STRAIGHT OUT OF THE BOX). ALL OF THESE ISSUES TYPICALLY ARE CAUSED BY NOT HAVING THE PROPER VOLTAGE BATTERY FOR THE REFILL CARTOMIZERS. WARRANTY REPLACEMENTS CANNOT BE OFFERED IF THE PROPER BATTERY WAS NOT BEING USED.

**Refund Policy**

Any unopened item can be returned within 14 days from the date of purchase for a full refund. Please note the opened items can NOT be returned and we will not be able to refund you.

To do a Warranty Exchange or Return a product, send the item along with a copy of your receipt to:

888 CIGS  
1485 Hidden Valley Drive  
Sandy, UTAH 84092

**Electronic Cigarettes**

An electronic cigarette, also known as an e-cigarette or personal vaporizer, is a battery-powered device that provides inhaled doses of nicotine by way of a vaporized solution.

It is an alternative to smoked tobacco products, such as cigarettes, cigars, or pipes, and should only be used by long-term smokers.

In addition to purported nicotine delivery, this vapor also provides a flavor and physical sensation similar to that of inhaled tobacco smoke, while no smoke or combustion is actually involved in its operation.

They create a smoke free environment by offering options for smokers to "Vape" nicotine without the fire, flame, tobacco, tar, carbon monoxide, ash, smell, and the variety of chemicals found in traditional tobacco cigarettes, so they can be enjoyed anywhere, anytime.

**E-Liquid**

Each 1.2ml cartridge contains 25mg of Nicotine (HIGH), 18mg of Nicotine (MEDIUM), 6mg of Nicotine (LOW) and 0mg of Nicotine (ZERO).

Besides the Nicotine the other main ingredients are flavoring, food grade Propylene Glycol and Glycerin.
