Why Emerald Lux?

Our electronic cigarettes (or e-cigarettes) taste and feel just like tobacco cigarettes yet are completely smoke and tar free. They also come in a variety of nicotine levels from 0–16mg. The "smoking" sensation you'll experience is just like that of a real cigarette, but without all the adverse side effects. **Emerald Lux is a more cost-efficient way to smoke and our e-cigarettes can be enjoyed in most public areas, even where regular cigarettes are prohibited.** Try out smokeless e-cigarettes and see why thousands are giving up their traditional cigarettes and going Green.

Get Started With Emerald Lux To Stop Smoking

Emerald Lux smokeless e-cigarettes are the cleanest, highest quality premium electronic cigarette brand, crafted to give you the best chance of smoking cessation as you stop smoking traditional cigarettes and move on to best part of your life. Emerald Lux features smoke atomization technology and two levels of nicotine compression. We also offer a combination of accessories carefully chosen to enhance the style and simple enjoyment you experience with each puff from the best e-cigarette product ever produced! The Emerald Lux Premium Box Set includes everything you'll need to stop smoking dangerous cigarettes that damage our environment, while you can begin to live green and breathe as clean as the Emerald Isle!

As Green As You Can Get

Atomization technology, renewable flameless cartridges and rechargeable batteries make the Emerald Lux electronic cigarette system the safest and cleanest way to enjoy e-cigarettes without any of the guilt or environmental impact that many smokers associate with burning tobacco products. The environment is vital for everyone on our planet and we all need to do our part to safeguard it against the many hazards that traditional cigarettes cause – ranging from wildfire deforestation to second-hand smoke and other forms of pollution. Going green really is important and Emerald Lux is about as green as you can get!
