Why Are E-Cigarettes Better Than Tobacco Cigarettes?

Electronic cigarettes have overtaken 10% to 14% of the tobacco cigarette market* and many smokers are moving from traditional cigarettes to e-cigarettes. Since the switch is not an easy one for most smokers, we've highlighted five key reasons most conventional smokers are starting the transition to vapor-based e-cigs.

Virtually Odorless

Tobacco cigarettes have numerous problems associated with them, but the most noticeable one is definitely the smell. **With e-cigarettes, the odor is virtually non-existent.** Unlike tobacco smoke that clings to clothes and stays indoors for days or longer, **the vapor from e-cigs does produce a hint of whatever eLiquid is providing the flavor, but that dissipates in seconds.**

Cost-Effective

With an average pack of tobacco cigarettes costing around \$6.50 and many people smoking two packs a day, a cigarette addiction might be one of the most expensive habits a person can have. Yet, **with e-cigs, many brands offer reusable products.** At My Vapor Store, nearly every product we sell offers an extended lifespan and can be replaced upon depletion, meaning **purchases become much less frequent and ultimately offer substantial savings to frequent smokers.**

Safer To Smoke

Tobacco cigarettes are the leading cause of fire-related deaths in America.** With electronic cigarettes, that possible panic is alleviated altogether. Although there is a heating component in the atomizer of all e-cigarettes that heats the liquid to produce vapor, there is no actual spark and **E-Cigs offer much less potential for a fire hazard.**

Tobacco Free

Despite some uncertainties with the regulations behind electronic cigarettes, the FDA has clearly stated **E-Cigs are less harmful than smoking*****. First of all, there is no burning tobacco in electronic cigarettes, which is the leading cause of preventable death in the US. As a result, **there are fewer chemicals in electronic cigarettes**, meaning they don't omit nearly as many particulates into the air and offer less second-hand danger than traditional cigarettes.

Socially Acceptable

Thanks to statewide smoking bans across the majority of the country, most smokers are stuck puffing their cigs outdoors. Not electronic cigarette smokers, though. **Since there are currently no FDA or state regulations for e-cigarettes, E-Cig users can still smoke in most public places.** Although certain facilities have regulations, e-cigarettes are allowed in numerous public places, ranging from bars and restaurants to certain offices and most outdoor events.

“ I would like to share my great experience with MyVapeStore.com. There are so very many online stores with vape related products. Choosing one is a daunting task in and of itself. I have thus far used MV Store for my products twice. The selection of products is second to none. Most all of the latest products, with the exception of those poorly reviewed are carried. With the exception of niche parts/supplies, MV Store is a one stop shop! Pricing is on the lower end in comparison to the other THOUSANDS of competitors. The processing/shipping time is unbelievable! Within 10 minutes my order was processed and shipped with tracking number (Priority Shipping USPS). I recommend to all my fellow vaping friends as well as family. Please keep up the fantastic work and obvious commitment to the customer.

-Shaun S., Jonesboro, AR

“ I absolutely love MYVAPORSTORE.com, You guys are quick to send our orders and the products you have are 5/5 stars. I love my Joye EVIC and my boyfriend Brian loves his Lambo 4.0. These batteries vape really well and are high end, great for the price. Thank you so much, you guys rule number 1 in the e-cig industry! LOVE YOU!

-Crissty H., Port Orchard, WA

“ I ordered an eGo-C XXL starter kit and three bottles of ejuice from myvaporstore.com and three days later here I am, happily puffing away as I write a testimonial. Between the quality of the products, the affordable prices, and lightning fast shipping I will definitely be shopping at My Vapor Store again -- and recommending it to my friends. Thumbs up from another satisfied

customer!

“ This is a very common story to the Vape community. I was a Pack-A-Day smoker for over 25 years. I bought a Kit from a very respected company for about \$70 and like most heavy smokers , I found the Battery Life and Cart life to be to short and created unneeded aggravation. I have since moved up to an E-Go style setup and am extremely happy. When I found MVS through a google search , I began placing orders and have been very happy with the shipping times and prices. The Quality of my purchases have been beyond my highest expectations. THANK YOU MVS for your continued excellence.

-Vernon, Baltimore

“ The shopping experience My vapor store has provided has been more than pleasurable. Their prices are great, and the customer service is reward-able. They have gone, unnecessarily, out of their way to satisfy me in a minor manufacturers issue on a mod I had purchased. The products they offer are authentic, or otherwise stated so. The shipping is fast and affordable. I have and will recommend MVS to all my friends and anyone else who is interested in vaping.

Thank you, and have a great holiday!

“ HI, This is an UN-PAID REVIEW...I'm now a FORMER SMOKER. I WAS a light smoker at best, only about 1 pack of menthol 100's a week. Just enough to keep me from being CRANKY to those around me. In any case, I WAS also a light smoker due to the fact those around me, mainly my Husband hated the smell. I too actually hated the smell, ash, nasty butts, ash trays, yellowed teeth and whatever else that could turn yellow.

On the suggestion of my Husband, he brought me to the attention of ECIGARETTES, because some of the guys he works with are former smokers and now VAPE. I decided to try VAPING by purchasing disposable ECIGS, and after the first try, right then and there I knew I was NEVER GOING TO SMOKE AGAIN. Then the shopping started for a good ECIG. Let's just say I invested \$60.00. into a very well known brand that is the same name as the color of the sky on a sunny day. I used this starter kit for a month and grew tired of the short battery life, short cartridge life, and how tempermental the entire kit was.

I then stumbled upon MYVAPORSTORE.com quite by accident from an Internet Search Engine list of QUALITY and PRICE REVIEWS. Needless to say, right out of the gate I ordered the KR808-1 Starter Kit, USB Pass Through Car Charger, and a bottle of Strawberry ELIQUID. I ordered on late Sunday night 11PM, and got my order in the mail by Wednesday afternoon. I promptly opened my package, charged my batteries, opened my first cartridge, hooked everything up took my first puff of vapor and this kit made me wish that I never wasted my \$60.00 on the other kit. I got the KR808-1 kit, car charger, bottle of strawberry ELiquid, plus

“ Got lucky and started off with the best! Been smoking for over 40 years - got my starter kit in and have not smoked since. Been over a month and no cravings at all. Excellent products - have since ordered another kit - this time ordered the ego tank with the LR atomizer and like that even more! My workplace has just gone smoke free and I'm sure you have gotten tons of orders from coworkers. Have been championing your system and many have followed with not a single complaint. Took a chance and staked my reputation on your performance and you passed with flying colors. You can expect many more orders from our local. Thanks for a great product and quick service!

-Richard B., Rocky Mount

“ I must say... MVS has impressed me to the 10's... I ordered my starter kit 3/28/2012 at 8:00am and it was at my door today 3/30/2012 at 12:00 noon. I am currently cancelling my other order with a well known company which has been processing my other order since 3/21/2011. The prices are great and service is OUTSTANDING!!!! Please don't change your ways unless you can do better!!! You have my loyalty and multitudes of friends comming your way. Thanks Again.

-Raimonds, B., Maple Grove, MN

“ I have been vaping since early 2009 and can remember when MVP first started out. I have purchased supplies from a lot of distributors since the early days and have found my way back to MVP. MVP has the most reasonable pricing and service that I have found on the Internet. Keep up the great work. You are definitely my number one supplier.

-Greg, United States

“ I received an email requesting I review the products I purchased, but not one for working with MyVaporStore. Just wanted to let you know my dealings with you were superb! Super fast shipping and I ordered enough to get priority shipping for free. We spoke on the phone and I was pleased with your solution to my original ordering issues. You have been a gem to work with and I trust that will continue in the future.

Your services far exceed my local vapor store and I'm pleased to continue working with MyVaporStore

-Laura E., MI

“ We purchased our electronic cigarette kits (KR808D1) mid last year. Here we are 6 months later and we couldn't be happier. The shipping was blazing fast and the products were good quality. I've went weeks without a single cigarette using the eCig and plan on going fully electronic very soon. Thank you MyVaporStore!

-Kevin, Buford,GA

“ John, you do a great job. Even helping me with the coupon. Your service is fast. And you've done a great job in answering the phones. All the advice and all. I recommend you to all my friends. KEEP UP THE GREAT WORK!

-Debra O., Mastic, N.Y

“ I made the mistake of shopping somewhere else first... BIG MISTAKE. I couldn't be happier with MVS service, I won't order anywhere else now. You guys rock! Thanks

-Thomas, Littleton,CO

“ My father, who was a smoker for over 40 years, told me of MVS. I had health problems (bladder cancer) and was told by my Urologist that I had to quit smoking. I was apprehensive because I had heard alot of people complaining about the ones sold at the mall, so it wasn't until he brought one over that I used one for the first time. Now, I've been using your products for almost a year myself, plus I have NOT had a tumor found in my bladder since! I'm not saying it cures cancer...but I personally believed it helped. I tell everyone who smokes tobacco cigs about your service and products everywhere I go...you guys are awesome. Thanks for everything!!!

-Rachel G., Dayton, Ohio

“ You guys are awesome! Fast shipping and great service. I ordered my eGo-T XL and all my accessories from you and I am pleased with it all.

-Brandon P., Alabama

“ Good product, fast delivery and great customer service ... Thanks! I would like to see low volume and low priced sample packs (say 2 to 5 ml each of 3 to 5 selectable flavors) and having the non-nicotine available in smaller sizes OR included in a

sample pack.

-Kevin, Anaheim, CA

“ These guys are very good. Fast, top quality, current with new developments. Zero complaints, 100% happy.

-Pete, Florida

“ This place rocks! Placed my order and pow! It was here in less than 48 Hours! I couldn't believe it. Vaping my new ego t xxi with a smile. Yep, that's what I'm talking about!

-Jason B., Aurora

“ No other company compares to MVS!!! Prices here are unbeatable!!! Quality of products are unbeatable!!! Customer service is beyond excellent!! I tried another supplier that was recommended to me and was soo completely disappointed with them that I now refuse to deal with others!! MVS no one can hold a candle to you! :D

-Arianne, Pittsburgh, PA

“ I mad a order for 3 products, 1 was overlooked on my order, Only took 1 e-mail and the item was shipped the next day. Very pleased with the company and will continue to order from them.

-Debbie G., Pittsburgh, KS

“ I love My Vapor Store! Products are great, prices are significantly lower than others. Shipping is fast customer service is great. Only thing I would like is an option for shipment other than postal service, I seem to have to fight them for my package every time. I have bought the ultimate K808 kit and an ego starter and will continue to buy.

-Richard R., Los Angeles, CA

“ We have the Joye Ego and the Joy 510. I am/was a minimum of two packs of cigarettes a day smoker and have had no problem at all putting down the cigarettes. These electric cigarettes are a great alternative to tobacco cigarettes. As far a Customer Service from My Vapor Store, you couldn't ask for a more attentive company. Every time we have ordered, they have shipped it the same day and we have had the product in hand within two days of our order. When I made an error in my order, I sent an email to them explaining the problem. They immediately corrected it and shipped the order with out delay. I highly recommend My Vapor Store and their products. I am 1000% satisfied and am certain that you will be too!

-Kathi, Mocksville, NC

“ I read other peoples testimonials about fast shipping, but WOW! :D I ordered Tuesday, it shipped the same day, and I received it Thursday! NO Joke! And it was everything they said it would be (I order the Ego T with low resistance) BAM! I will continue to get future supplies from

My Vapor Store! Thank You So MUCH!

-David W., CA

“ I've been vaping for 3 years now and I've tried several different types of units from different companies. This is the first unit and company that I'm 100% satisfied with. The eGo T unit is awesome and vapes like crazy without fail. Easy to fill, easy to clean, and great looking. Customer support was great as well. Will be ordering extra supplies in a few days because I can't see myself without this unit. PERFECT, PERFECT, PERFECT.... !!!!!!!

-Carlos J., Atlanta, GA

“ I have been "vaping" for about 2 months with no tobacco cigs. Local E cigs have been costly and less than the performance I have expected. Found MyVaporstore. WOW! Great products, very economical, reliable shipping. I am more than pleased. The various choices in refill juice is a joy! Recommending to friends tired of the tobacco habit. Buy with confidence. Stop and think about it. What are tobacco cigs costing you? This is a far better experience at a FRACTION of the cost. Health benefits as well. Become a "Vaping" non smoker! GO FOR IT! Vapor Dan

-Dan J., Rochester, MI

“ Why I keep coming back to MVS for more: 1. Free shipping (orders over \$75) arrives FAST 2. Great deals on e-liquid (buy quantity) 3. My favorite U.S. Made vape flavors are always available. :) 4. Love the 510 CE2 Cartomizer XL Revision 5. Tried what I thought was the same thing elsewhere & it paled in comparison. MVS ~ Thanks for doing the great job you do!!

-Kat, San Antonio, TX

“ Shipping was super fast and free (over \$75) The unit works great as well as all attachments, adapters, etc. I was a 2 pack a day smoker for 25 years. Now i truley believe that i will never go back. Vapeing is about 1/10th the price of smoking after you buy the equipment. A small bottle of nicotine extract cost \$4.95 and as far as i can tell is at least the equivilent to a carton of cigs. Also you only vape when you want to. The moment your done you can put it down or in your pocket and it is not hot to the touch, etc. Once you light a cig you are pretty much committed to the whole thing. Vapeing is the way to go and MyVaporStore got me my stuff out and on my door step within 3 days and again it was free shipping

-Richard N., West Virginia

“ Myvaporstore.com. What can I say? Your search is over. You have found the best online shopping experience for vapor supplies. Best service, great products at lowest prices, and quickest shipping. I have tried all the rest and now I shop at the best- MVS. (I sincerely recommend the joye ego-tank system 1000 mah battery with the mega atomizer type B - if you want an ecigarette that lasts all day long without the need to recharge the battery or refill eliquid). Happy Vaping!!! Government do not tax my ecigarettes ever!!!

-John A., Staten Island, NY
