## GET THE PREMIUM QUALITY YOU DESERVE.

Play Vapor products utilize a reliable two-piece cigarette design which produces an impressive amount of vapor while holding its charge for longer than many competing brands. Our all-metal construction was designed to prevent leakage and deliver a consistent and long-lasting smoking experience.

Our NEW Play Vapor Soft-Tip Disposables are extremely light and compact Ñ just like ordinary cigarettes Ñ and comfortable to use continuously for hours. They produce an unbelievable amount of satisfying vapor! Each Play Vapor Disposable is equivalent to approx. 30 traditional tobacco cigarettes and offers the signature Play Vapor relaxing sensation and throat hit.

We offer robust flavors that mirror popular tobacco products like cigarettes and hookahs. With Play Vapor, there is never any second hand smoke, ashes, or odors. The person sitting next to you will not know that you're smoking!
