## Cheaper and Better!

\*\*POWER 5-pack price assumes the purchase of our discounted 80-pack of Flavor Cartridges (individual 5-packs cost USD \$9.95); Estimated cigarette costs are based upon the current US national average price per pack of \$7.20 (some regions may differ slightly).

The POWER<sup>®</sup> electronic cigarette is much cheaper than tobacco cigarettes. Since one POWER Flavor Cartridge is formulated to provide as many puffs as a regular pack of cigarettes, purchasing a 5-pack costs you just \$1.99 each. (\$1.50 each if you purchase in bulk 80-packs). The last time that national average hit \$2.25 was in 1986. With POWER you will reduce your total cigarette expenditures anywhere between 50%-75%. So don't burn your money on old fashioned ignitable cigarettes; over the course of a year, you can save thousands of dollars!

With POWER<sup>®</sup> electronic cigarettes you are not only helping yourself, but also the environment. POWER electronic cigs are smoke free, ash free and create no fire risk. A single Flavor Cartridge is equivalent to the puffs you get from 20-30 cigarettes (depending on the depth of your puffing style), with no waste that tobacco cigarettes leave behind. Tobacco cigarettes also place a major burden on the environment with the accumulation of cigarette butts in landfills. You can enjoy your POWER guilt-free, and rest assured you are protecting the environment.

POWER<sup>®</sup> is the world's first social cigarette. With no offensive odors, you no longer need to worry about offending your non-smoking friends. No longer will you need to step outside in inclement weather or struggle through non-smoking events. With POWER, you can smoke virtually anywhere even in most "No Smoking" areas like bars, restaurants, offices, and airports. The POWER e-cig won't leave your home and car smelling like an ashtray. If you are a smoker, you owe it to yourself and those you care about to try POWER. With our 30-day money back guarantee you have nothing to lose. If you are not satisfied, simply return your starter kit for a full refund. No questions asked!
