**Q: My eGo Battery Stopped Working, how can I fix it?**

**Ans** If your eGo battery stopped working this could mean that you accidentally pushed the button 5 times. If you click the eGo battery 5 times it will lock your device and prevent it from going off in your pocket. If you push it 5 times again, it will reactivate and you can continue using it. **Please do not send your battery back for exchange.**

**Q: My atomizer taste burnt and the e-liquid is not good.**

**Ans** If your atomizer starts getting a burning taste when you use it with your eGo battery, then this means that the wicks used up and the atomizer can no longer hold any more e-liquid in the wick. At this point you need to buy a new one, we cannot replace or exchange the atomizer after you have used it up, and burnt the wick. When you first get the CE4 atomizer tank, you will notice 2 long wicks in the tank to soak up e-liquid. If the wicks are short, and turning brown, this means that you have used up the wick, and you must buy a new one. If you send back the atomizer tank, and the wicks burnt up, we will throw away your tank, and we will not replace. You must buy a new one.

**Q: How does the electronic cigarette from Smokeless Delite work?**

**Ans** The Smokeless Delite electronic cigarette performs similarly to traditional smoking. It looks, feels and tastes like a cigarette and delivers all the pleasures of smoking, without all the problems. The secret to what makes Smokeless Delite electronic cigarette better than traditional smoking is what sets it apart: this revolutionary new electronic cigarette product. Smokeless Delite electronic cigarette is driven by modern microelectronic technology, a small rechargeable battery and a unique, safe replaceable cartridge containing water, propylene glycol, nicotine, and a scent that emulates a tobacco flavor without the use of a lighter or matches. When using Smokeless Delite electronic cigarette, the act of inhaling or smoking it produces the tactile and craving satisfaction traditional smokers seek, and triggers a vaporizing process that releases a simulated smoke that is actually a vapor mist that harmlessly evaporates into the air within a few seconds.

**Q: What is Propylene Glycol from electronic cigarettes?**

**Ans:** Propylene glycol is a commonly used organic compound that is recognized as generally safe by the Food and Drug Administration. It is used in food coloring, and flavoring, as an additive to keep food, medicines and cosmetics moist, and in machines that simulate smoke as well as an ingredient in toothpaste and mouthwash. In Smokeless Delite electronic cigarettes, propylene glycol functions to provide the vapor mist that looks like smoke and to suspend flavor.

**Q: What is Nicotine?**

**Ans:** Nicotine is an alkaloid found in certain plants, predominantly tobacco, and in much lower quantities in tomatoes, potatoes, eggplant and green peppers. When absorbed in small amounts, whether from cigarettes, cigars or Smokeless Delite electronic cigarette, nicotine can cause stimulation, a feeling of relaxation, calmness, and alertness. The effects of nicotine can last from minutes to hours from an electronic cigarette. The carcinogenic properties of nicotine in a standard form (i.e., separated from smoking or chewing tobacco) have not been evaluated by the International Agency for Research on Cancer. **However current available literature indicates that nicotine in standard form does not promote the development of cancer in healthy tissue and has no mutagenic properties.**

**Q: Are Smokeless Delite Electronic Cigarettes approved as a smoke cessation device?**

**Ans:** Smokeless Delite electronic cigarettes has never been proven to be a smoking cessation device and is not sold or marketed as such. Smokeless Delite electronic cigarette is an alternative to smoking that **offers reduced health risk, freedom to smoke anywhere,** social inclusion versus isolation, **no first or second hand smoke,** virtual

odor-free smoking, non-flammability, convenience, and **lower cost than traditional smoking.**

**Q: How long does each Smokeless Delite Electronic Cigarette cartridge last?**

**Ans:** The equivalent to 1 pack of cigarettes, depending on your smoking habits. A pack of electronic cigarette cartridges from Smokeless Delite has 5 electronic cigarette cartridges in a pack. The electronic cigarette cartridge pack should last you 5 packs of traditional cigarettes.

**Q: Do you use Smokeless Delite Electronic Cigarettes like a regular cigarette?**

**Ans:** No, Use your Smokeless Delite electronic cigarette when you feel the craving for a cigarette—a few puffs and you craving will be satisfied. The freedom to smoke your electronic cigarette by Smokeless Delite also depends on how much you want to use, and when you want to smoke your electronic cigarette.

**Q: Do Smokeless Delite electronic cigarettes taste like a cigarette?**

**Ans:** Smokeless Delite electronic cigarette cartridges taste similar to light cigarettes, yet the odor is barely noticeable, unlike regular cigarettes and cigars. Smokeless Delite electronic cigarette cartridges also come in many different flavors and densities at an affordable price.

**Q: Where Can you use a Smokeless Delite electronic cigarettes?**

**Ans:** Smokeless Delite electronic cigarettes are non-flammable and contain no tobacco, thus not smoking and thus use is not prohibited by law. Restaurants, bars, your workplace and your car are all acceptable. Basically you can use Smokeless Delite electronic cigarettes wherever you want, you may just have to explain to some people what it actually is. The sky is the limit where you want to use your Smokeless Delite electronic cigarette!

**Q: What flavors are available for Smokeless Delite electronic cigarette cartridges?**

**Ans:** Smokeless Delite electronic cigarette cartridge refill cartridges come in strawberry, cherry, pineapple, and apple. All the flavors come in four different densities: High nicotine, Medium nicotine, Low nicotine, and No nicotine. Smokeless Delite electronic cigarette cartridges will be offering new flavors on a contingent basis, so be sure to always check Smokelessdelite.com new cartridge flavors for you mention and regulate electronic cigarette at affordable prices.

**Q: What is in the Smokeless Delite Electronic Cigarette compared to cigarettes?**

**Ans:** The number of ingredients in Smokeless Delite electronic cigarettes and the outcome of those ingredients when used are vastly different than those found in traditional cigarettes and cigars. Smokeless Delite electronic cigarette contains only water, propylene glycol, nicotine, and a scent that emulates a tobacco flavor. None of these ingredients are considered cancer-causing agents. The Food and Drug Administration strat on deems propylene glycol safe. Nicotine itself is not believed to have toxicological effects, offers some therapeutic uses and can be found in pepper, tomato, eggplant and potato. Cigarettes and cigars commonly contain tobacco, nicotine, glue and paper, which when ignited, along with hundreds of additives (our research has shown up to 601 additives), according to the Centers for Disease Control, harm nearly every organ of the body, and cause cancer, and cardiovascular and respiratory disease.

**Q: Help! My Smokeless Delite Electronic Cigarette is not working and I just got it.**

**Ans:** The first most common problem when you first get your new Smokeless Delite electronic cigarette is you want to use it right away, who wouldn't! It may work right out of the box, but the Smokeless Delite electronic cigarette need to be charged for at least 8 hours, or until the Smokeless Delite electronic cigarette charger turns green. Then take a cartridge on the Smokeless Delite electronic cigarette for a look on you! It may produce vapor, but it does not have any liquid nicotine in it and it will run out after 2-3 puffs. Please replace the cartridge that comes with the Smokeless Delite electronic cigarette starter kit and replace with a new cartridge from Smokeless Delite.

**Q: I just placed an order from Smokelessdelite.com. When will I get my products?**

**Ans:** Smokeless Delite electronic cigarette company ships its electronic cigarette products out the same day that receives the order. Depending on your shipping selection at the time of purchase, you should expect to receive your order as follows:
