All of that and more is what's in store for you as a "founding member" of Traffic Authority.

We're officially launching Traffic Authority just a few short days from now on August 19<sup>th</sup>.

Starting that day, you'll have 72 hours to upgrade your position at Traffic Authority to the highest level possible...

The status that'll ensure you'll qualify for each and every high-paying commission coming your way.

It'd be a real shame to let those 72 hours go by without taking care of that...

Then having to miss out on those commissions while they get paid to someone who signed up after you.

Make a note of the date... August 19<sup>th</sup>.

That's when you'll want to log into your account and update your level right away...

Before the masses come into the site and beat you out on your commissions.

It's very important that you upgrade and lock in your position during those 72 hours at the highest possible level.

Once we "open the doors," all bets are off.

If you haven't upgraded within the 72 hour period...

You'll be sacrificing your coveted "founding member" status...

And any sales and commissions that would have gone to you will unfortunately be paid out to the next qualified sponsor... permanently.

Trust me; you don't want that to happen.

Keep an eye on the calendar and be prepared to act fast.

You'll have 72 hours starting August 19th...

BEFORE thousands of other members flood through the gates and beat you out on your commissions.

On launch day, we will also be starting our first Traffic Authority contest, where we will be giving away over \$20,000 in traffic packages to the top 10 income earners during our first few weeks of going live to the public.

In the next video I'll go into more details on the Infinite Leverage compensation plan...

How it works, how much it pays...

And how you can get fully qualified to earn the maximum amount of commissions from Day One.

Then inside the Marketing Plan video, I'm going to show you how to start building your Traffic Authority business BEFORE we're live to the public, so on August 19th when we open the doors, you will already have a team and be earning HUGE commissions right away..

Plus, have a shot at winning a piece of our \$20,000 traffic contest

Our goal is to turn 1000 members like you into six figure earners within the first year...

And at least 100 members into Millionaires in the first two years.

If you're fully qualified on Launch Day BEFORE thousands of others get in ahead of you...

THAT could be the biggest day in your life.

THAT could be the first day of YOU becoming not only a SIX FIGURE earner...

But also the first day on your journey to becoming a Millionaire.
