

PrevaGen – #1 Branded Memory Supplement and Three-Time Winner of the Vity Award

Nielsen lists PrevaGen the best-selling memory supplement.

The global marketing research firm Nielsen has revealed PrevaGen to be the best-selling branded memory supplement in chain drug stores throughout the country using sales data collected through 2014.

Nielsen was founded in 1923 in order to provide reliable and objective information on sales and marketing programs. Through the years Nielsen has grown to be one of the best known and most respected researching firms in the world.

Three Time Vity Award Winner!

PrevaGen has also been awarded with a Vity Award by Vitamin Retailer in 2011, 2013, and 2014! The Vity Awards are determined using retailers on their top-selling products.

About Vitamin Retailer Magazine

Vitamin Retailer is recognized as the dietary supplement industry's leading business magazine. VR was the first trade magazine to specify the category of dietary supplements. This trail-blazing editorial focus has firmly established VR as the most credible and reliable source of information pertaining to dietary supplements and related products.

Both the Nielsen Rating and Vity Awards are based on sales data, which comes from happy and satisfied consumers. Here's what a few loyal PrevaGen users have to say about their experience taking PrevaGen.
