Sweet Flavors

Sort by: Featured Items

High Desert's premium, custom made eLiquid available in a multitude of configurations. Select your preferred PG/VG ratio and nicotine content. Generally, more PG equals more throat hit, whereas more VG will produce more vapor. All of our juices are made from USP grade kosher ingredients right here in the USA. A tax stamp is required for the USA, and is included in the price of all orders shipped to the USA. Please see our FAQ page for more information.
