## 8TH OF JAN 2015: I AM JEUNESSE MEMBER BECAUSE HEALTH IS REALLY IMPORTANT! AGELESS COMING INTO SINGAPORE!

Good Day Readers,

Dow really staged a nice rebound from 17,400 and closed at 17,584 and currently the US futures is up another 100pts. Congrats to those who shorted and bought back according to plan. Some of you even took the one more step by turning on Great JOB

As my promise to my son, I bought him the nice radio controlled car

Yesterday, I also mentioned that Crude could be bottoming after hitting the US\$48 mark. Some of you actually turned on at US\$47 and so did at US\$49 this morning. Damn Good. That's a cool US\$2000 per contract. Great CNY Hong Bao for yourself. Huat AH

For today, I am looking at Hong Kong not to trade above 24,000 mark and there is a good chance that we could see it returning back to 23,100 eventually. Currently, it is trading around 23,850s

Health is most important!

My late grandfather passed away due to Lung Cancer despite being very healthy and have no bad
