Osteoarthritis, Fibromyalgia, Rheumatoid Arthritis?

What RESERVE by Jeunesse has done for me!

Hello there! I am Melissa, hairstylist/owner, and Independent Distributor for Jeunesse Global.

In 2007, the journey began with the diagnoses of Osteoarthritis, Fibromyalgia, and Rheumatoid. Over the course of years, I experienced inflamed joints, tingling of hands and feet, often drawing to the degree of not being able to dress myself or grip a cup of coffee, stiffness, numbing, depression, chronic fatigue, loss of appetite, sleep deprivation, and the infamous pain endured.

Most of us who suffer with these terrible diseases, we can all agree we have taken various types of supplements and medications, changed our diets, and attended physical therapy. However, most with little to no help of relief, we continue to have flare ups, uncomfortable moments of getting out of bed, gripping objects, stiffness, not to mention the feeling of some medications give us.

I am here to tell you there is HOPE. I joined Jeunesse Global in January 2015. After researching their wellness products, I found RESERVE being the most effective supplement to ease my Osteoarthritis, Fibromyalgia, and Rheumatoid. After 2 days, my discomfort, stiffness, and fatigue decreased significantly. It has been years since I have felt this awesome. Although, I am not cured, I can openly say RESERVE has been a blessing to my family and myself as I am able to enjoy daily activities and finally feel "normal" again.

For more information go to: Melissa72.jeunesseglobal.com
Melissa Stogsdill, Little Rock, AR

Disclaimer: RESERVE is not a cure for Osteoarthritis, Fibromyalgia, and Rheumatoid Arthritis and may not relieve pain in a way it has for Melissa as everyone reacts to supplements differently.

Fibromyalgia?

What RESERVE has done for me!

I was diagnosed with Fibromyalgia 5 years ago. I have struggled daily with pain, depression, and feeling incredibly drained. I take medications daily with little relief. I have tried MANY supplements and diet changes but just to find anything to help. I happened to be in a store when I noticed my products and tried Reserve. After 2 days my pain level dropped significantly and I felt better than I have in years. It hasn't cured me but it is such a blessing to have days that I feel better. I feel "normal"!! I truly believe in Reserve!! I feel EVERY day! Reserve supplement!

For more than 30 years, research scientists have been experimenting with Epidermal Growth Factor. A vital wound-healing ingredient produced by the skin, medical-grade doses are used in the treatment of skin diseases, ulcers and deep scarring wounds.

Jeunesse Luminesce Advanced Anti-Ageing skincare range from the US contains more than 200 growth factors. Coupled with stem-cell therapy, they work in tandem with the skin's natural repair mechanism to stimulate cell renewal and boost the production of collagen and elastin. Reserve a Powerful product of Jeunesse!

Reserve™ saved my leg!!

Andrew, a consumer of Reserve™, is relieved to have saved his right leg, in light of the fact that the surgeons wanted to amputate it all the way up to the knee cap.

Andrew had a few weeks left from a scheduled amputation of his right foot. He was introduced to take Reserve, to see if it can help to reverse the bad medical condition while waiting for the date to come.

He had now declined the amputation after the swelling subsided and the infection is gradually recovering. No one can believe it.

Many are calling it a miracle, especially when the doctors told him that an Amputation was the only remedy.
