UK - Youth Enhancement

Why Jeunesse? ..Why "Reserve"?
Heart Diseases, Cancer, Stroke, Diabetes, High blood pressure ...We have to fight back!
 Many drink red wine for the health benefits of a compound called "Resveratrol." As seen on 60 minutes....researched by the University Of John Hopkins...as well as the FDA....People of all ages around the world are benefiting from the consumption of Resveratrol.
 Jeunesse has a supplement called "Reserve." I have personally met those that it has done miraculous things for... and I too have seen the personal benefits of drinking it daily. I am truly thankful for this Champion here..smile emoticon
 To put this in perspective ...
 1 bottle of wine has .5mg of Resveratrol....
 1 pk "Reserve" has 186.57mg of Resveratrol
