Finiti Testimonial – Chronic Kidney Disease, Protein Leak

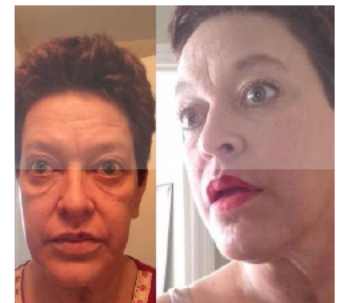

Ok, test results are in... I have been doing a Finiti trial... I started on April 8th... I have a kidney issue where I leak protein... my April 1 blood work came back with my protein leak at 2.18 grams... not good... I went for blood work yesterday... 2 months and a week later after starting on Finiti my protein dropped to 1.38 grams... that is amazing! A fast drop. I wasn't sure it was doing anything for me... but now I will continue to see where this goes. The orient believes that Astragalus (TA65) can cure kidney disease. This is the key ingredient in Finiti. I will continue my trial. Next blood work in 3 months.

Instantly Ageless Testimonial

It's been 3 weeks since I became aware of a product called Instantly Ageless. One way or another I found myself watching a video centred around a woman with some serious bags under her eyes. I watched as the smallest amount of cream was lightly tapped around just one of her eyes. I watched in astonishment as that bag disappeared and revealed a woman 45 years on one side and 60 years on the other.

It was called Instantly Ageless and it was a no brainer. I immediately ordered. I'm only 53 years young but I have had bags under my eyes since I was 30. And I hated them. If there was one thing I could have changed about my appearance it would have been those bags. And I had watched a video showing me just how to do that.

It actually took me several attempts to see a strong result and I was horribly disappointed. But that woman on the video and my hatred of my bags kept me hopefully trying every day. I finally decided that I must be one of those woman immune to results. Thank God I tried one more time. I watched astounded as the bags faded away from my face. I didn't know what I had done differently but I didn't care. It worked and my bags were gone and I looked 10 years younger. I don't exaggerate this. (Don't give up if you are in the same situation. It will work).

But here's the best part of my late blooming experience. My treatment didn't last the 8-10 hours promised by the ads and videos. My treatment lasted 3 days.

I'm not suggesting that this will be your experience. I think it's rare. However, if it tells me anything, it is that Instantly Ageless works. You can finally say good-bye to those 10 years hovering under your eyes.

Luminesce Product Line

I wanted to share my thoughts about Luminesce skincare. I have been in the beauty industry for over 20 years. I have seen and tried many skincare lines over those years. Nothing has really stood out and impressed me. I also have access to a free unlimited supply of skincare from a major prestige brand (sorry I cannot share the brand). When I joined Jeunesse it was mainly just for the Instantly Ageless. I had heard about adult stem cells before and I decided to do a little research. I ordered the serum to give it a try. I was so impressed with the results I had to order the complete line. I am completely in love with this line. The products deliver noticeable results quickly and that is what consumers want. The product goes a long way. The packaging is gender neutral. When I go to work, as I do work for a prestige skincare line, my customers tell me that my skin has never looked so good. They ask what products I am using from the product line that I sell, hmmm if I could only share my secret with them!

Finiti

*I was in a bad accident as a young man and at 55, the pain I experience results in some pretty bad days. I heard about Finiti and thought I would see if it helps. I am amazed! **A month in and I have much more energy and less pain.** I find I have more stamina and I'm helping out at home more than I had been, which makes my wife happy. I am only a month in and I know it takes time for this to work to it's max... but I am very excited with the results thus far!*

AM/PM

I am in hormone hell and have not been sleeping. Wide awake at 3 am.. thinking too much and not able to fall back asleep unless I drug myself... someone said to try this AM/PM and wow, thank God i found it! I sleep like the dead now and without drugs! No Ativan.. yay! I have tremendous energy during the day and I wake up feeling refreshed after 7 hours instead of dragging my butt out of bed. Love this stuff!!

Zen Bodi Weight Loss System

I would like to share with you all I've been using Zen Shape and fit for 4 weeks. I am totally amazed how my body has changed I'm going to continue for maybe another 2 months. Total inch loss is over 25 now and when I looked at my before and after pics I filled up. Weight has been such a big issue for years after having my children. And I have tried a lot of products and spent an absolute fortune on things that didn't work. So really thankful for zen.
