Reserve™ saved my leg!!

Andrew, a consumer of Reserve™ is relieved to have saved his right leg, in light of the fact that the surgeons wanted to amputate it all the way up to the knee cap.

Andrew had a few weeks left from a scheduled amputation of his right foot. He was introduced to take Reserve to see if it can help to reverse the bad medical condition while waiting for the date to come.

He had now declined the amputation after the swelling subsided and the infection is gradually recovering. No one can believe it.

Many are calling it a miracle, especially when the doctors told him that an Amputation was the only remedy.
