JEUNESSE COMPENSATION PLAN

Jeunesse Compensation Plan

Every company promises financial rewards. We promise you rewards that are so much more than just money — they are truly changing your goals and dreams, and transform your entire life. Whether you want more free time with your family, work for yourself, have more money or travel the world all expenses paid, Jeunesse Global has it all. With the most lucrative and truly balanced compensation plans around, the Jeunesse Compensation Plan is able to reward more people with more money.

Signup before May 31, 2015 and get your Starter Kit FREE when you Qualify (100CV) or become an Executive

Now, The *Jeunesse Compensation Plan* explained in Plain English:

As a Qualified Distributor (see the [become qualified page](#)), there are six ways Jeunesse Global will pay you:

1. Retail Profit
2. New Customer Acquisition Bonus
3. Team Commission
4. Leadership Matching Bonus
5. Customer Acquisition Incentive
6. Leadership Bonus Pool

Before we start going into details, you may have heard or read about these CV points.

What the heck are these CV Points in the Jeunesse Compensation Plan?

Basically, they are points you collect and redeem for hard cold cash. Think of it as the string of tickets you get from

playing in an arcade hall, that you get to change for cash at the end of the week. Each product that Jeunesse offers is assigned a particular value in number of points. The number of points will change based on the retail value of the product in question, and the number of points are called “Commissionnable Volume” or CV for short. So they represent the value in points of your total sales volume on which you can earn commissions. For instance, a box of Instantly Ageless is assigned 30 CV Points, the LUMINESCE Cellular Rejuvenation Serum is worth 60 CV points, and the LUMINESCE Advanced Night Repair is assigned 50 CV points, and so on.

In details now on how the Jeunesse Compensation Plan is structured:

1. Retail Profit

These are the commissions you are making right from the top of any transaction with your own customers. It is the straight difference from purchasing wholesale, selling retail and making a profit.

$$\text{Your Retail Price} - \text{Your Wholesale Cost} = \text{Your Profit}$$

For example, as an Instantly Ageless by Jeunesse Distributor, you can purchase a box of Instantly Ageless for \$44.95 US per box. The typical Instantly Ageless by Jeunesse retail value is \$74.95 (\$125 – \$200 if sold individually as samples). So the bare minimum commission we would make on each box of Instantly Ageless by Jeunesse is \$30 (\$74.95 – \$44.95 = \$30).

In our experience, we have sold 10 boxes in a week, making ~ \$300 per week profit just from selling Instantly Ageless by Jeunesse.

Please note these figures are not typical of the Jeunesse Compensation Plan and are our personal experience and do not reflect Jeunesse Global's perspective. Please refer to the official Jeunesse compensation plan for the typical earnings disclaimer.

2. New Customer Acquisition Bonus

Another great way to get compensated by Jeunesse Global is through the CAB (Customer Acquisition Bonus).

When you sign up as a Distributor, you will be offered a choice of a few packages to initially get you started. They range in price from \$199.95 for a Basic Package to \$1,799.95 for an Jumbo 1 year package (see below). **New distributors are encouraged to purchase a Starter package so that they can generate at least 100 CV points and become qualified (see the become qualified page for more details on this). This is also how you get paid as a business builder.** Each package is assigned different CV points (see up top to know exactly what these CV points are) and different commissions for the upline (that's you). This gets added on top of your Retail Profit commissions !

300 CV

600 CV

Congratulations, you just earn a \$35 Team Commission !

Once they generated a minimum of 900 CV points total with at least 300 CV points on one side and 600 CV points on the other side, Jeunesse pays you \$35. Doesn't sound like much, does it ? What if you were cycling 10, 20 , 50 times a day ? How does \$350/day sound ? Much better. The crazy part is, you are capped at a whopping 750 cycles per week. That is an insane **\$26,250/week**. That is **over 1.3 Million dollars a year**. Just from having built a team. No commissions, no customer acquisition bonus, no leadership bonuses, etc. just having a team. Pretty sweet if you ask me. *Continue reading about the Jeunesse compensation plan*

4. Leadership Matching Bonus

If you thought the Team Commission was pretty cool, the Leadership Matching Bonus will blow your socks off! Here is the scoop: You need to be Jade or higher (see the [become qualified page](#) for details) to access this. Now you can earn an additional percentage on whatever your team is selling. The number of levels on which you earn will increase as you move up the ranks.

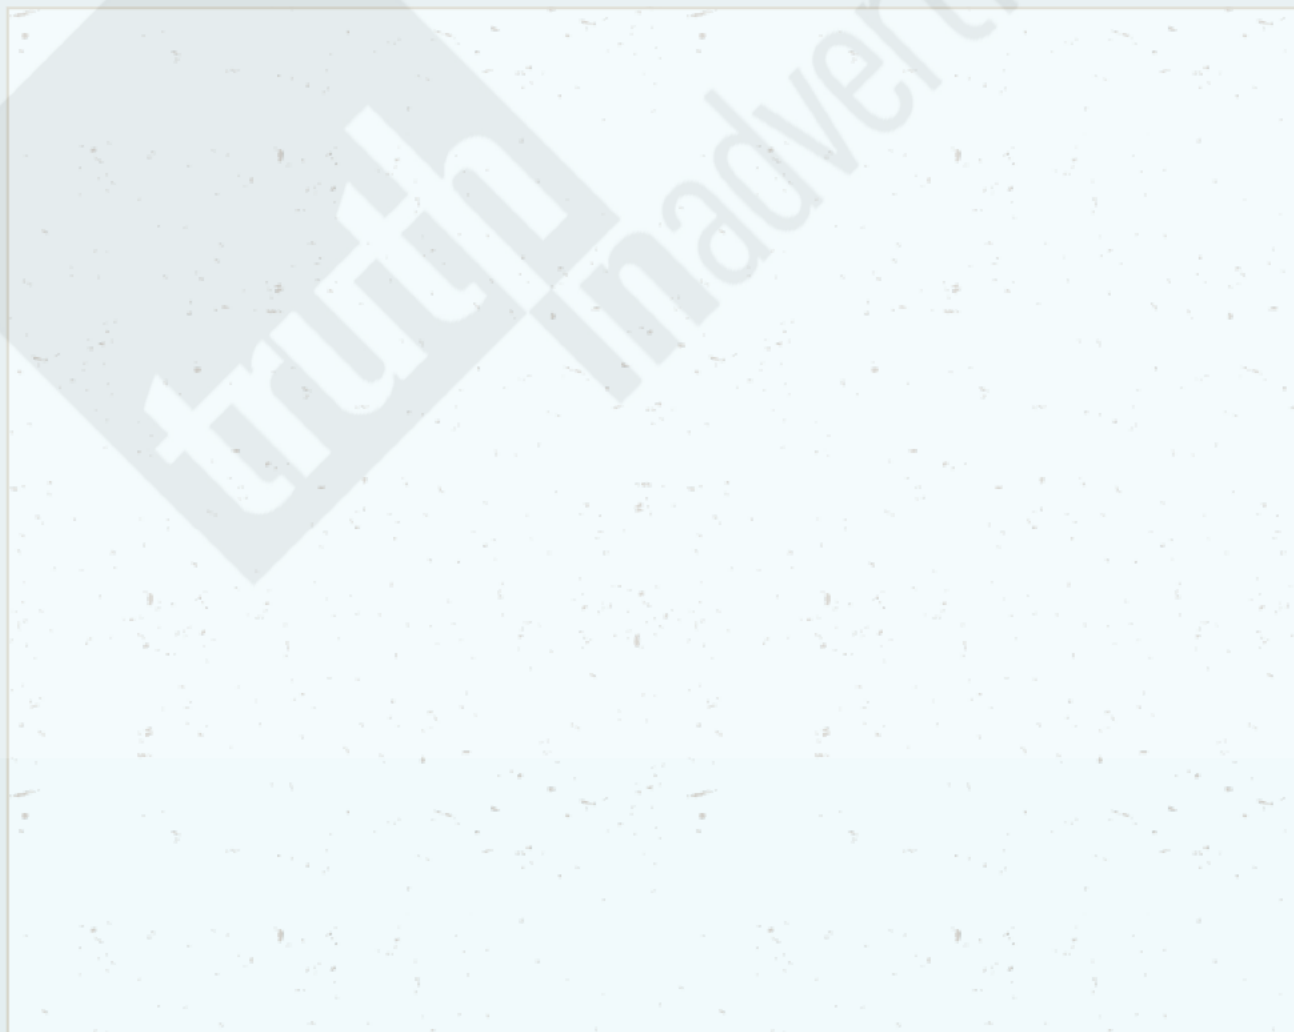

5. Customer Acquisition Incentive

Just because Jeunesse Global is such an amazing company to work with, they will throw a little bit extra for you. You already have 5 Retail Customers, Preferred Customers, or Wholesale Customers? You can earn an additional 5% Customer Acquisition Incentive on your first level. You already have 10 Retail Customers, Preferred Customers, or Wholesale Customers? Guess what ? Get an extra 10%. *Continue reading about the Jeunesse compensation plan*

6. Leadership Bonus Pool

That is for the big dogs. You need to be minimum at the Diamond level. You are now earning a percentage of what Jeunesse Global as a company sales globally. Jeunesse Global will take 3% of the total CV for the company and shares it among those qualified to earn this bonus (Diamond Director and higher). In order to participate, you must have 10 Customers (Retail, Preferred, or Wholesale) each month in the quarter.

Now that you have a better idea of the Jeunesse compensation plan, the next step as a Distributor is to [Qualify](#) and move up the ranks.
