Say no to aging and poor health! Stay young, healthy and gorgeous with Jeunesse!

Real cancer patients. Real stories.

[January 15, 2015](#)[February 17, 2015](#) [SB](#) [RESERVE™](#) [breast cancer, jeunesse, leukemia, liver cancer, prostate cancer, reserve, resveratrol, skin cancer, testimonial](#)

Mr. Tan was a Stage 4 prostate cancer patient. At 77, and with the cancer having spread to his bones, the doctor said that he was too old and weak to undergo chemotherapy. He was given only 6 months to live.

Mr. Tan's daughter, Alice, was desperate to find something to help her father. One day, a friend told her about RESERVE™ and how its key ingredient, resveratrol, can help fight cancer. After reading-up on resveratrol, Alice was eager to try RESERVE™ on her father. Alice was living in Australia, while her father lived in Malaysia, and RESERVE™ had just been launched by Jeunesse in the US market. Thankfully, Jeunesse adopts a global approach to its business and despite RESERVE™ not being available in Australia or Malaysia at that time, Alice was still able to create an account with Jeunesse on-line, order RESERVE™ and have it shipped to her father in Malaysia from out of the United States.

Today, thanks to RESERVE™, Mr. Tan is cancer-free and enjoying life as a healthy man. The test results below show decreases over time in his cancer markers (PSA or prostate-specific antigen), after he started taking RESERVE™. PSA is a protein produced by prostate gland cells. PSA is found in high levels in men with prostate cancer and is used to monitor the progression of prostate cancer.

He has regained his health and energy levels, and is able to walk unaided

(<https://younghealthygorgeous.files.wordpress.com/2015/01/jeunesse-reserve-testimonial-prostate-cancer-21.png>).

This lady was suffering from skin cancer on her face. Her doctor advised her that going through chemotherapy may blind her. She got to know of RESERVE™ and took 9 packs a day. Within just 2 months, she had started to recover from her skin cancer. Doesn't she look great now?

Taking 6 packs of RESERVE™ per day helped this final-stage leukemia patient recover. The red/blood patches on her legs were gone after 7 days of taking RESERVE™.

<https://younghealthygorgeous.files.wordpress.com/2015/01/jeunesse-reserve-testimonial-cancer-leukemia-1.png>

The lady pictured below was a breast cancer patient. She took 3 packs RESERVE™ daily in hopes of curing her cancer. Her cancer markers reduced from 45 to 35 within 2 months, and subsequently reduced to 11 in the third month.

<https://younghealthygorgeous.files.wordpress.com/2015/01/jeunesse-reserve-testimonial-breast-cancer.png>

This little guy was diagnosed with liver cancer at 1.5 years old, and has gone through chemotherapy. His mother searched the Internet, looking for something to help her little boy. She found RESERVE™ and decided to give it a try. With 2 packs a day, he is now recovering steadily.

(<https://younghealthygorgeous.files.wordpress.com/2015/01/jeunesse-reserve-testimonial-liver-cancer.jpg>)

RESERVE™ has given all these people (and more) a second chance at life. One of the key ingredients in RESERVE™ is resveratrol. Studies have found that resveratrol is able to slow down production of cancerous cells and therefore could be an effective anti-cancer agent. [Click here \(https://younghealthygorgeous.wordpress.com/jeunesse-reserve/\)](https://younghealthygorgeous.wordpress.com/jeunesse-reserve/) for more information on this remarkable supplement.
