

Mobile apps

Take your meetings on the road with **join.me**. Join the conversation and see presentations on your Android and iOS mobile devices. You can host meetings from your iPad® and iPhone®, and start or join meetings with a single touch from your Apple Watch™. The **join.me mobile whiteboard for the iPad and iPhone** offers a whole new way to collaborate and brainstorm. [Click here](#) for more information on our mobile apps.

One-click scheduling

Recording

Keep records of your meetings so you can refer back to them later, or share the recordings with attendees. Click the camera button to start recording, and as part of your **join.me** license, we'll provide you with 5 GB storage with your Pro or Enterprise account.
