Hey MyPillow Fans! Check out this awesome testimonial from one of our customers: "As many people, I was very hesitant to try this pillow. I saw an advertisement on TV and thought about what people were saying about this "apparently" wonderful pillow. I wasn't too sure, but decided to give it a try. I bought two pillows, and could not believe how great they were. I slept like a baby for the first time in a long time. I just placed an order for four more. This pillow is unbelievable. I cannot believe that I settled for other pillows all these years. Thank you for creating such a wonderful pillow. I don't go anywhere with "my pillow". Shirley K." - This is the reason we do what we do!

**Talin Amirian-Baghdassarian** I have experienced neck pain for many years and this is the only pillow that finally relieved my neck pain and morning headaches. Best of all, this pillow is Made In USA and isn't a cheap Chinese product. Support American companies!!
