The latest My Pillow Reviews and Testimonials:

I've had MyPillow for several years and won't travel without it. My daughter acquired one just before I did. For Christmas 2015, she bought pillows for her four children and their spouses! I observed a customer at BB&B selecting a pillow and convinced her to select "My Pillow" love that they're washable! A TRUE fan! Chris R.

This pillow has been a blessing for me. I had a sore on my right ear for 2 years. My doctor did a biopsy and gave me some cream but it never healed. Guess what? It is gone. Praise the Lord! That sore hurt so badly that I couldn't sleep. I would have to raise my head up and down to try to get it in a position that my ear would not hurt. It has truly healed. I think everyone should get this pillow. It has so many things that it really helps with your body. Sincerely, Teresa W.

Within 4 days of using MyPillow, the pain I was experiencing in my right shoulder for months was gone. I was also waking up a few times a week with neck pain and stiffness, which is also gone. I have been sleeping several hours more each night and have been waking much more rested. I've been so happy with the pillow that I just ordered a mattress topper. Thank you! Mitchel H.

Love it!!! Bela

I am writing to let you know that I am extremely pleased with the purchase I made from you about a year ago. I purchased one of your pillows, and it is the best pillow I have ever owned. It is so comfortable and pops right back into shape in the morning. I will never buy another pillow from any other source. Thanks for helping me sleep better!!! Suzanne K.

Thank you for inventing MyPillow! I have tried and tried other pillows and this is a Godsend! I have neck issues and used to wake up with headaches and now I do not. And, my neck pain is minimal and, quite often, gone. I tell everyone I can about your Pillow and am now getting them for the whole family! Debra L.

I love My Pillow! I love that it is full and yet soft. I love that when I sleep on my side there is plenty of pillow there and it doesn't have to be folded under. I love it that when I sleep on my back the loft remains and yet it is still soft. I loved it so well that I recommended it to my daughter and she tried it and loved it also. Helen A.

I am a 100% Disabled Veteran and I received a MyPillow in December from a friend. I have never slept better. I have had Degenerative Disc Disease for over 38 years, and this has been the best pillow ever. Thank you for the nights I actually get to sleep. I have tried every kind of pillow and this is my last one. I will never change because this pillow has given me rest I never knew I could get ever again. I think it would be a great thing if the Veterans Hospitals would carry these pillows in their hospitals and as a prescription pillow for people who could benefit from these wonderful pillows. I have since bought 5 more pillows for friends. Please consider making a donation to the Veterans whom can't rest. Thank you again for helping so many. Tracy J.

We have tried lots of pillows over the years and have been disappointed and settled on the fact it was just our standards being too high. While the price of "MyPillow" was a concern, we took a chance. What a great pillow! The best sleep we've ever had! We highly recommend it! When you consider how much you've spent over the years on substandard pillows and how much of your life is spent sleeping, this turns out to be a bargain! Mike

I got my MyPillow about a week ago and the first night I slept on it I was impressed. I have been having headaches every morning for quite a while now. The morning after sleeping on my "new" pillow, I woke with absolutely no neck pain and no headache. I was really surprised and happy with how immediate the relief was with the pillows!! I also had the best night sleep I've had in several months. I'm sold! Thank you. My only regret is I waited so long to order them. Suzan

I am a Disabled Veteran and I have Post-Traumatic Stress Disorder (PTSD) (causing nightmares, etc.) among many other ailments. I saw the MyPillow ad on the Fox News Channel...I mentioned, in passing, to my mother that I'd like to get one. Well, she got me one for Christmas. Let me be honest as a disabled Veteran: watch the commercial or read about it...better yet, try it for yourself. It is hands-down the most comfortable pillow, and all the statements made by the manufacturer are absolutely true. Trust me. I had my doubts also, but the advertisements are true and right now, we want to support American-made products more than ever. Brian C.

My mom got us all (8) pillows for Christmas. I wanted to say that I have not slept so well or deeply in a long time. Your pillow is fantastic! If I ever move to Minnesota, I would love to work for your company and be able to contribute to the "Made in America" label. Thank you, sir! Edward A.

My teenage son has an Anxiety Disorder and has trouble sleeping due to this anxiety. All he wanted for Christmas was a MyPillow in hopes this would help him sleep better. I got him one for Christmas and he has slept soundly since. He absolutely loves his My Pillow and we are thankful for this breakthrough with his sleepless nights! Thank you for My Pillow!!!! Melissa R.

I was skeptical, as so many products that I buy as the result of widespread advertising end up being substandard. But Holy Cow, this is great stuff! Both my wife and I are now sleeping on MyPillows, and we have tried about everything in the past, including those branded dense foam pillows and really expensive down pillows. We've tried them all, and this is the best for getting a great night's sleep. Thanks! Ron P.

This is a serious pillow. I was skeptical of the claims made by the owner in the TV commercials. But my wife convinced me to give it a try. And I'm here to tell you that this pillow is worth the investment. You can not spend your money on anything that comes close to this pillow. You spend 8 hours a night resting your head, why not rest it on the best pillow ever made? Even if you won the lottery, you could not purchase a better pillow than a "MYPILLOW"! Steve M.

I have two herniated disks in my neck and after purchasing numerous types of pillows with no relief, I finally purchased "MyPillow". I bought two and since then I have not had any pain in my neck in the morning. As soon as I put my head on the pillow, I can feel the support in my neck. MyPillow is different than any pillow you can purchase in the stores. As soon as you feel it, you can tell they are different inside. Really love this pillow and worth the money. Vicki

Machine Washable and Dryable MyPillows®: Testimonials

Comes out nice from the washer & dryer. Would recommend to anyone.
Donna

Though the pet bed is not discussed much, I would like to share it is the Best! It's washable and pet odors are not noticed as with others. It still has held it's shape after 3 months and my dog loves it.
Patricia C.

They wash and dry perfectly. I am 100% satisfied with my purchase!!!!
Thank you MY PILLOW! Heidi

Not only do we all feel better and sleep better, I love the fact that you can machine wash them and it's good for 10 years. If you're debating on whether to try My Pillow my answer is YES! Julie M.

Neck Pain MyPillow® Testimonials

Before purchasing MyPillow, I would wake up every day with a headache from no neck support. I am a side sleeper mostly. I have had MyPillow for about 3 years and I will never sleep on anything else. This pillow is the best out there, and I have tried a few!
Karen B.

Had failed neck surgery. First pillow I found to help maintain correct position & no more tossing & turning. Can adjust (it). Take with me when I travel. Love it!!!
Judy K.

I must say that i never thought a pillow would make a difference one way or another on a good nights sleep. I was definitely wrong. No more flattening out in the middle of the night, no more sore neck from crappy pillows. I can "mold" the pillow to my personal comfort and it stays all night. I have slept on feather pillows, and trust me when I say NOTHING is more comfy than My Pillow! Sincerely, Carmen K.

It's not a cure, however, the difference in pain from sleeping on expensive name brand pillows/memory foam pillows/multiple pillows to sleeping on my My Pillow is very noticeable. Even an hour nap on a "normal" pillow results in neck pain which isn't there when I use my My Pillow. Try it. For someone who has the neurological problems I have, the relief that My Pillow offers is priceless.
Lauren Ann

Snoring MyPillow® Testimonials

Terrific pillow. Actually helps me in a very unexpected way. Helped my wife's snoring. That and the great support it gives me was worth the money. Anyone with a sleeping problem should give it a try, you have nothing to lose.
Myles W.

OMG! What a great pillow! Over the years I have spent well over \$1500 on a variety of pillows for myself and my husband. He hated all of them and they would end up on the floor or in the trash. What a waste of money! MyPillow is a god send. The first night my husband used it, it helped his snoring and he had the best night sleep he's had in a long time. Now to be honest it took me 2 nights to get used to mypillow, Now I just love it!! Thank you so very much for this wonderful pillow. I am going to get a few more for my guestrooms.
RoseMary Derego-Calasa

I was seriously considering earplugs, but the first night he used it, he was so quiet I had to listen closely to reassure myself he was still breathing. I got one for myself, too, because they are so comfortable!
Lisa

Knowing how well "MyPillow" works, I got one for my boyfriend. He used to snore so loud, the bed would shake, and I would be awake all night wanting to push him off the bed. Ever since he's been sleeping on "MyPillow" we've both been able to get a restful night of sleep. Thank you, "MyPillow"! Tessa K

My mother had purchased this pillow for my husband and I for Christmas. Night one my husband said it helped my snoring...that in itself is truly amazing! When I step out of bed in the morning I no longer have that all-over stiff feeling. All this time I just needed a new pillow. Thanks for creating such an amazing product and making it here in the U.S.A.!!!!!! Aleah M.

Several years ago my wife banished me to the "Snore Room" so she could get a good nights sleep. I ordered your wonderful, magic pillows a month ago and guess what, my snoring is helped and I am back sleeping with my beautiful wife. I just ordered my second pillow for our 2nd home down on the River. Thanks for such an unbelievable product!
Lawrence B.

Allergies and Asthma Testimonials

I had been buying pillows for the past several years trying to get one that I could honestly say really worked and helped me get a better nights sleep. I have very bad allergies and have found this pillow great. Thanks for such a great product!!!!
June M.

Since I have a son with severe asthma the pillow was perfect. I especially love that this is the first pillow that I can actually wash.
Terri Ann

We love these pillows!! I bought these for my husband because he suffers from allergies/sinus and says he gets a more restful sleep. It seems to keep his head cooler. I like the fact that I can wash them and not worry about mildew or stuff coming out of them or them loosing shape. We have since bought the body pillow too. Thank you, Cheryl

I have allergies. A couple of weeks ago, I was watching tv and i saw your show. I placed the order and now I do not have a runny nose. I feel great. Good Bless you and thank you. This is one of my best investments.
Irma S.

I am very picky about pillows and in the past the only pillows I have liked are the very expensive down pillows with a lot of volume but still soft. However, after having a grandchild that is allergic to down, I tried looking for pillows to replace mine and never found one I liked until I saw your ad in the Miami Herald and decided to try it. I like it so much that I am ordering two more.
Joan B.

Fibromyalgia and Sleep with MyPillow®

I just ordered my second pillow, the MyFirst to carry with me in the car, to Dr. appointments, to friend's houses - to everywhere. I have a wicked case of fibromyalgia (I know, I know this testimonial makes NO medical claims). But if you had spent years playing Bluegrass banjo

I am a retired 62 year old R.N., with an Rx of migraines, fibromyalgia and sleep apnea. Sleep has been difficult to obtain for years. In October I came to Fort Wayne to take care of my 90 year-old Father. My sister and I ordered a MyPillow. The first night I used it, I overslept until my Mother

(they weigh about 18 pounds - and dancing at the same time), YOU NEED THIS PILLOW!!! I had seen them on Imus and heard him raving about them. I got mine at Bed&Bath because I was sure I'd be returning it. Now I sleep on a cool cloud every night! My neck & shoulders just float, & I was used to the best, thick costly eiderdown handed down through generations. This pillow is one of the most important ergonomic inventions of all time, & I am grateful!!!!!! Jan K.

woke me up thinking I was ill! No - just a good night's sleep!" Anon.

Insomnia MyPillow® Testimonials

I have been researching your pillow for months, and purchased one recently. For years I have slept on two pillows, and even those didn't lead to a solid night's sleep. Your one pillow was perfect the very first night! I have a very stressful occupation, but your pillow has provided me two and a half weeks of blissful sleep! I can't thank you enough! I genuinely look forward to going to sleep each night! Pam R.

After suffering for months on end with sleeping issues, I found out the culprit was my memory foam pillow!!! I gave My Pillow a try after seeing the infomercial on them. Since it was a 60 day trial, I decided to go for it knowing I could send it back if I didn't like it....Lord, I finally found the best pillow out there. My husband borrowed mine for a night and I'm back ordering another for him. Don't hesitate to order one! Susan

I am SO IN LOVE with MYYYYYYYYYYY PILLOW (which is what I call them). I used to have trouble sleeping so I bought a new bed (which is awesome). But then I got two MYYYYYYYYYYY PILLOWS! They rock my world and I don't ever want to get out of bed. Thank you Mr. MY PILLOW Dude! You rock my world! Julia

I received our pillows yesterday, and am so happy I found you! I haven't gotten more than 6 1/2 hours sleep for weeks, and usually far less. In the last month I've been getting 4-5 hrs. almost every night, and have felt horribly tired every day. I never dreamed my pillow could be the problem! Last night I slept for 8 HOURS, and only woke up a few times for a few minutes, and then fell back to sleep with no problems. What a relief! This man must be a genius! Thanks, Jane

I used to have such a hard time falling asleep, it taking at least two hours, up to the whole night to fall asleep. Then once asleep, I would wake up time after time, just to have the same trouble falling asleep again. The first night I used "MyPillow" my head hit the pillow, and I was asleep literally five seconds later. I was in shock. I slept the whole night, even sleeping through my alarm clock and getting an extra fifteen minutes of sleep. :) Anon

I am a disabled Vet. Since receiving "My Pillows" I have have fallen to sleep so fast that I just love it! Thank you! Mike Doug C.

Migraine MyPillow® Testimonials

I've had migraine headaches for years and one of those people who woke up with a dull headache. I am now sleeping well. Our granddaughter has bad migraines, and now she is getting the sleep she needs, for which we are thankful. She loves her pillow. Thanks again for the wonderful pillows. Frances D.

I have debilitating migraines, chronic daily headache, tension headaches, and idiopathic stabbing headaches, in addition to severe neck problems. I saw this on TV in the middle of the night and thought "the odds are incredibly slim that this will make a bit of difference, but I'll try it" - and it HELPS. I was desperate to take the step of buying something from an infomercial, but it has made such a difference in my life. I will not sleep without it. I know you have doubts, I certainly did, but I can't explain to you what a difference this has made in my life. I go to sleep easier; I sleep longer and more comfortably. It's not a cure, however, the difference in sleeping on expensive name brand pillows/memory foam pillows/multiple pillows to sleeping on my My Pillow is very noticeable. Even an hour nap on a "normal" pillow results in neck pain which isn't there when I use my My Pillow. Try it. The sleep that My Pillow offers is priceless. Lauren Ann
