RUB/EPR Rubber-Encased Cast-Iron Plate w/Rubber End Plate

THE ORIGINAL SINCE 1983!

Since we introduced the industry's first rubber dumbbell in 1983, we've refined and fine-tuned the design 51 times -- every time we saw a way to give clubs and their members something better. Like greater durability, advanced odor reduction, or more eye-catching styling. You could settle for something that looks like one our earlier designs. But, if you want your members to have the finest rubber dumbbell there is, give them a dumbbell that is 51 steps closer to perfection.

Offered in 2-1/2, 5 lb. or 2 kg increments.

- + Available in pounds or kilos.
- + Available in 2-1/2 lb. increments from 7.5 to 57.5 lbs.
- + Rubber encased IVANKO RUB plates.
- + 30mm handle is drop forged from one piece of solid, 1026 steel.
- + Handle, with deep-set knurling, is triple chrome plated with a nickel base.
- + Bolt Custom-fabricated (Grade 8) - 55% bigger, 60% longer, 33% stronger.
- + All dumbbells are assembled in-house to Ivanko Perma-Lock(tm) spec.
- + Assembled in the USA from US and foreign components.
