Drive in style on our dime!

Kyani's "Drive Your Dream Car" program is a four tiered incentive that allows you to drive in style on our dime. This car reward program is the most aggressive car program in the industry. For a moderate level of production you can earn \$1,200 per month toward a white Audi A4. And that is only the beginning! Each new tier allows you to select from many top quality cars. Tier two steps you up to \$2,500 month, and tier three is an amazing \$5,000 per month!

Choose your car now and set a goal to earn this incentive. Making a car payment is only fun when Kyani gives you the money to do it!

# Let Us Make the Payment

Drive Your Dream Car Program  
\$500-5000/mo
