

Kyani Costs And How To Get Started Today!

Welcome! On this page I have added the information you'll need to give you all the details on how to get started today with Kyani:

» **START UP COSTS - Kyani has 3 options to sign up as a distributor:**

A. \$499 Start Up - This is the standard and the "most popular" option. At this level, you will be able to qualify for Openline Bonuses, all rank levels, sponsoring bonuses, matching check bonuses for everyone you personally sponsor, all the other bonuses that Kyani offers and get paid commissions up to 7 levels deep!

This is a great option to get started if you are not experienced in network marketing, and as you start to grow your business all levels will be open to you!

B. \$1,250 Business Builder Starter Pack - The second option is great for serious business builders, and for people who have a pre-existing downline in another company that they will want to roll-over into Kyani.

At this level, you will IMMEDIATELY be paid as a Director, including Openline Bonuses! You will be paid as a Director for the remainder of your first calendar month, and the following full month. You also get \$1,000 worth of products to start handing out to your list.

This means that as you become a full-fledged Director naturally, you didn't leave any money on the table. Business Builders LOVE this option!!!!

And by the way, all you have to do is sponsor three \$1250ers and you'll have made your money back!

C. \$160 Start Up - This is not an option I'd recommend to anyone who is truly serious about starting their Kyani home business successfully. It will cost you more in the long run! It's an option for you if you do not have the \$499, but still I'd recommend you save money and start at the \$499.

At this level, you make commissions for sponsoring people, monthly residual income, matching check bonus and get paid commissions 4 levels deep.

But you'll be limited to making only \$10 for every person you recruit in the \$160 and only \$25 for those you sponsor at the \$499. Also **YOU DO NOT QUALIFY** for the Openline Bonuses or advance in rank, which is really what will have BIG checks coming your way! You won't qualify for trips or have a chance to qualify for a Cadillac Escalade...

Once in this level, if you wanted to qualifying for the openline bonus, trips, rank advancements and others, you'd need to upgrade to the \$499 level by paying the **\$418 upgrade fee.**

» **MONTHLY COMMITMENT:**

Our **ONLY** monthly commitment with Kyani is to move a minimum of \$120PV. This can be done very easily. One purchase of the Kyani Triangle Pack is enough to keep your status active. Your sponsor can recommend many ways to make the minimum commitment and add alot of money in your pocket!

Example: Once you are a director you make \$100 everytime someone is sponsored and falls into your matrix. If your team sponsors 5 people that week, you get \$500, with no effort on your part! Openline bonuses range from \$25(distributor)-\$350(Regional Vice President)! How far do you want to go?
