"Never in a million years would I have pictured myself driving a free Audi," says Jannae Bowens. Just five months after she joined Kyani, she reached Sapphire and qualified for her Audi A4.

Jannae, who had been suffering from insomnia and anemia, saw impressive results after a coworker introduced her to Kyani. "I was so happy, I couldn't shut up about it!" she exclaims. Her family also benefited from the Kyani products. Jannae's daughter was able to discontinue steroid therapy for asthma while her father decreased from four insulin shots a day to only two.

"Not only has Kyani helped us with our health, but I am now bringing in so much residual income it's crazy!" Jannae said, "I get excited just to go to the mailbox. I catch myself doing the moonwalk all the way back to the house with my Kyani check in hand."

Jannae says she will never stop sharing the benefits of Kyani's products and business opportunity, adding, "Sharing Kyani will always be the right thing to do!"
