I suffered from chronic neck and lower back pains. Been taking Kyani for 2wks and it has done wonders to my body. I have been pain free and I am absolutely loving it. No more struggling to get out of bed in the early morning hours. I get up and go pain free. Im soooo excited about this, I got my mom started. She has high blood pressure, & cholesterol. Its been 1 wk and she feels amazing! Excited to see her Doctors reaction!!! #Kyani Team Fusion.
