## Kyani To The Rescue: How Kyani Saved Me

This is my story about how Kyani came to my rescue and saved me from a plethora of radiation side effects and the chaos of thyroid hormone replacement medication dose issues, thus giving my life back to me. I was diagnosed with **Thyroid Cancer** September 2012, followed by a radical neck surgery, an intense radiation treatment and several months of yo-yoing back and forth between hypothyroid and hyperthyroid caused by the thyroid medication. I worried that I would never get back to "normal". I was hypothyroid a few months then hyperthyroid another few months, then less hyperthyroid but still hyperthyroid, this saga continued to the present. I felt like an exhausted yo-yo. I had glandular issues, my hormones were out of whack, I was thrust into early menopause, suffered terrible joint pain, and my body had created too much adrenaline that caused heart arrhythmia, insomnia and high blood pressure. During all this I had lost half of the volume of my hair, my skin looked drab, I was exhausted all the time and suffered from so many side effects that I began to think that chronic pain and suffering was my lifelong plight.

I was finally introduced to Kyani, my Salvation! I began noticing remarkable improvement a few days after beginning Kyani. Thank goodness. Each day I gained more energy, my blood pressure went down, the inflammation in my neck and shoulder went down and soon went away completely. Most important, my chronic pain improved and soon left for good. Kyani gave me my life back and I am so very grateful and humbled. It's been ten months since my extensive neck dissection and I feel fantastic. I highly recommend Kyani Health Triangle. It changed my life and I can't wait to share it with everyone else. I am so passionate about Kyani and its benefits that I joined the business.

#### About Me

**Dianna**

Hello, my name is Dianna. I was diagnosed with Papillary thyroid cancer, September 2012. I went through radical neck surgery, high dose radiation therapy and hormone replacement medication chaos. I suffered through numerous side effects, including glandular issues, my hormones were out of whack, I was thrust into early menopause, suffered terrible joint pain, and my body had created too much adrenaline that caused heart arrhythmia, insomnia and high blood pressure. During all this I had lost half of the volume of my hair, my skin looked drab, I was exhausted all the time. Fortunately for me, Kyani came into my life, my hero! I began noticing remarkable improvement a few days after beginning Kyani. Each day thereafter my symptoms improved, I gained more energy, my blood pressure went down, the inflammation in my neck and shoulder went down and soon went away completely. Most important, my chronic pain improved and soon left for good. Kyani gave me my life back and I am so very grateful and humbled. It's been ten months since my extensive neck dissection and I feel fantastic. I highly recommend Kyani. It changed my life and I can't wait to share it with everyone else.
