***PERSONAL TESTIMONY!!!!**
NEVER in a million years would I think I would be able to wear a two piece again (comfortably) let alone be blasting my pics of my stretch marks over social media!! But let me tell you, THIS IS ONE WEEK!!!! With the Nitro Extreme!! I rub it on twice daily!! This picture was taken in my bathroom in the same lighting exactly 7 days apart. I am in tears!! I can't wait to see what my results will be in 30 days!! I have tried everything from the stretch mark cream and the wraps from It Works. And rubbing different things on my belly religiously and have not seen results like this!! Hope this helps a lot of people!! :)
