I've actually tried Kyani Sunrise & Sunset for a week and have I seen results.. No swollen hands or feet! Hardly any lower back pains, no high blood pressure issues. My joints in fingers were really not in pain and were more flexible. It's been great!! Now I get to try the Nitro Xtreme for a month and I can't wait to see how I'll be feeling!! All good in a week., imagine if I took it longer.. Awesome!!! Thanks Kyani, looking forward to the future!!!
