Carrie Talks about Recovery with Hydro FX - I am so grateful for Recovery with Hydro FX, I can finally perform normal functionality's again like play with my kids. *

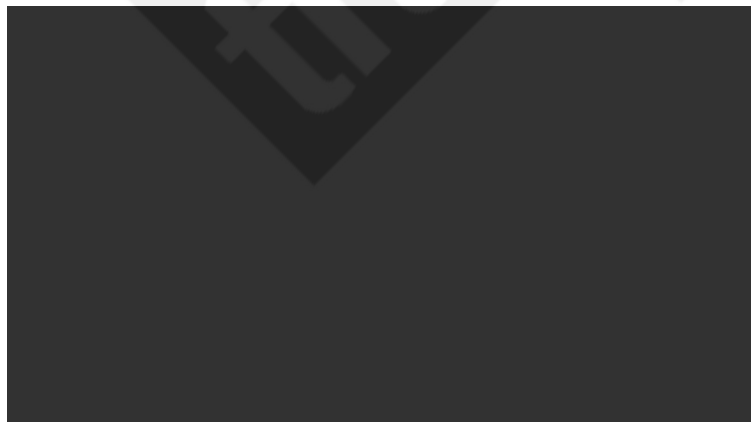

Kaleen Talks about Recovery with Hydro FX - Within an hour of taking of Recovery for the first time, my knee that has been bothering me for the last four years no longer hurts. *

Erin Talks about Recovery with Hydro FX - After all years of playing and coaching Tennis, I can hardly stand on my feet during the day but just after 48 hours of taking the product, I was able to stand on my feet and feel like a brand new person. *

Mike Talks about Recovery with Hydro FX - My lactic acid burn when working out has diminished and I have been able to workout longer and harder since I have started taking Recovery with Hydro FX. *

Thank you SevenPoint2 for such a wonderful product!*

"I am 54 yrs old, I have suffered with back pain most of my life and live with pain daily. If you are like me, you have tried every over the counter pill and natural remedy, ointment or treatment to alleviate the pain and discomfort so you can get through your day, or sleep through the night. The first day I took Recovery Hydro FX I noticed a difference right away, day two my pain was cut in half, by day 3 I felt so great that I looked like the blur I accomplished so

much in a day! Thank you 7.2 team you have a winner product in my books and much success....." - Denise D. *

"I have had knee pain since 2005 and I've had three knee surgeries. I started to take 5 tablets in the morning and 5 tablets in the evening, and about the third day I started to really notice the difference in the pain relief and I continued taking them. Now I run about 5 miles a day with no pain what so ever." - Carlie B. *

"For 7 years I have suffered from an inflammatory digestive issue. A friend got me a bottle of 7.2 Recovery, within 48 hours on this product the heartburn, cramping and indigestion that had become a daily challenge had subsided to almost nothing. Recovery is a godsend!!!" - Jason M. *

"I have had a total knee replacement and the other has bone disease and needs to be replaced. I got the 7.2 Recovery and took 5 of tablets and 3 hours later noticed a difference in the pain level. Four hours later took 4 more and went to bed, woke up and noticed about 90% of the pain was reduced. I was on the Recovery for approximately 7 days and I was able to do deep knee swats with no discomfort at all, something I have not been able to do for over 10 years. It even helped with my migraine headaches. I ran out of product for 7 days. All the pain was back and I was not able to squat, the pain was incredible. My product order came in and I got back on the product and now I am feeling GREAT, better than ever! I will NEVER run out again! Thank you SevenPoint2 for giving me my life back!" - Jeff, Costa Rica *

"I have a steel rod running down 3/4's of my back. The area above and below the rod takes a lot of stress for the lack of movement in the rest of my back and I've developed some problems over the years. Arthritis, bone spurs and degeneration in both my neck and lower back. Though skeptical, I took 5 Recovery when I received my bottle and 3 more later that day. I woke up in the middle of the night and was amazed at the painless range of movement in my neck and how the pain in my lower back had receded, in spite of the fact that my hips needed a chiropractor's adjustment." - Cathy W., Ontario *
