

PUBLIC NOTICE - Greer & Taylors, SC

If You Or Someone You Know Has Been Bitten By A Mosquito In The Last 30 Days - Read This

Greer/Taylors, SC - The Center for Disease Control has issued a Mosquito Advisory cautioning U.S. residents about Zika, West Nile Virus and Chikungunya for 2016.

Symptoms and signs of these diseases include fever, headache, body aches, and skin rash.

The CDC advises taking precautions to reduce your risk including removing standing water from your property, dressing in light-colored, full-coverage clothing and using an EPA-registered mosquito repellent.

FREE Mosquito Treatment May 23 - June 3 Greer/Taylors Zip Codes 29650, 29651 and 29687

Mosquito Authority is offering a FREE mosquito treatment for Greer/Taylors homeowners in zip codes 29650, 29651 and 29687 from May 23 - June 3.

Here's how it works: A specialist will come over and do a thorough inspection of your yard to identify all the breeding grounds and hiding spots for mosquitoes.

They will treat the entire area to eliminate and repel mosquitoes in your yard. Within hours the mosquitoes are gone. The treatment lasts for 3 weeks and, if you'd like, they will come back to keep mosquitoes out of your yard all season long.

Mosquito Authority is offering free treatments only to residents of Greer & Taylors in zip codes 29650, 29651, and 29687.
