Congratulations Silver Fisher! Well Done!

Mark my words! Silver will be a multi millionaire. Nerium has no glass ceiling. Nerium is a company with a vision and it is based in real science. Our products have patent that can not be duplicated or replicated. Nerium will soon be expanding to Japan, Colombia, and Hong Kong. You can have a global business by sharing Nerium's anti-aging products with your friends and family.

I really love the fact that Silver was a Hair Stylist and DJ who saw the business opportunity with Nerium.

4 1/2 years ago I received a phone call that would change my life. In that moment a clarity, a knowingness, and resolve settled on me like I had never felt before. I made a choice to jump in with both feet to Nerium. I quit my job that same day ( which i do not recommend to anyone else but it was the right choice for me in that moment ) with 4 monthes of Savings to pay bills. With my back up against the wall I jumped off the ledge in complete faith and massively fanatical action knowing I would be given firm ground to walk on or wings to fly. At month 4 I was able to help retire my partner from her job and by month 6 we had changed our finacial lives forever. Now 4 years later we have made over 1.5 million dollars in combine \$ and haven't had to have a job or a boss. You see , my belief is it is not what you got... But what u do with what you got...nothing can stop a person with massive faith and massive action. Winners take risks that others aren't willing to take. Winners do what others aren't willing to do. Winners step into their fear everyday instead of hiding from it. I have so much gratitude for the amazing relationships this company has brought me. I am so grateful I am part of this massive movement to make people better. I am so grateful someone believed in me when I didn't believe in myself..and now I have the opportunity to do the same everyday for OTHERS ..I love u all. Thank u for sharing this amazing milestone in my journey with me.
